

Introduction:

LEA: Arcata School District **Contact:** Pamela Johnson, Superintendent, arcatasuperintendent@gmail.com, 707-822-0351 **LCAP Year:** 2015-2016

Arcata School District is a K-8 district with a total enrollment of about 543 students comprised of two schools: Arcata Elementary School serving grades TK-5, and Sunny Brae Middle School, with grades 6 -8. We are located in the city of Arcata in northern Humboldt County. Arcata is a rural city of 16,000 people with an economic base of agriculture, forestry and light industry and is home to Humboldt State University.

As a K-8 district, we do not have 9-12 grade students or curriculum, and therefore do not have high school dropout or graduation rate information, AP, EAP, or difficulties offering the course access necessary for college preparation, such as a-g courses; also, we have no API. All of our teachers are highly qualified and fully credentialed for the subjects they teach. Due to the circumstances, the following state priorities do not apply to our district: 4c, f, g; and 5 d, e.

Opportunities for Parent Involvement include holding seats on the School Site Councils and District LCAP Advisory Committee or Cultural Diversity Committee; volunteering in classrooms; reading one-on-one or working with small groups of children; working at school events or being a chaperone on a field trip or event; and coaching sports or activity clubs. We have a strong P.T.O. that organizes events and fundraisers, such as R.A.D.D. (Raffle, Art, Dessert and Dance) and the Family Science Night. ASD partners with Humboldt State University and community organizations for volunteer assistance with events and projects as well as tutoring, student teaching and other internship opportunities.

The District has several programs to serve family needs and support family engagement. The Arcata Preschool accepts children ages 2 1/2 to 5 years and operates year-round. The After School Program is open daily during the school year and hosts a popular Summer Camp. The Arcata Family Resource Center provides resource and referral; classes in parenting and cooking; job skills training; and assistance for Health and Wellness access among other services. The Arcata FRC is housed on the Arcata Elementary campus.

ASD has a small EL population of 19 students—slightly over 3% of our total population. Each school site has an instructional aide to serve EL students, and a translator for our Spanish-speaking parents. In addition, the District provides curricular support for greater inclusion of English Language Development skills throughout the curriculum. In 2014-15 two students were up for reclassification, but relocated and left the district prior to the CELDT assessment. Our last reclassification was one student in September of 2103.

The District free and reduced lunch rate is over 70%; we have school wide Title 1 at both sites. Arcata Elementary School is in year one of Program Improvement. Efforts to better serve the needs of the students at AES have centered on smaller class sizes and a Reading Intervention teacher. District challenges include a high incidence of special education students, and students with behavioral issues. Other challenges are emergent use of technology due to insufficient equipment and teacher skill levels; adjustment to the new California State Standards; and at AES, the absence of a school wide positive behavior program.

Recent accomplishments include facilities modernization; construction of a computer lab at each site and some additional technology purchases for classroom use; an on-campus Preschool at AES; and the addition of an on-campus Family Resource Center, also housed at AES. Through a partnership with outside organizations, the Arcata School District has installed clean energy and waste reduction measures such as solar panels, recycling and vermiculture, as well as an organic garden at AES.

Special Education Program Profile

Arcata School District provides an RSP teacher at each site for students with an IEP for mild to moderate need, as well as paraprofessionals who provide special education support for students, with both push in and pull out services for students in individual and small group formats. Arcata School District provides 1.74 FTE Special Day Class at AES and a 1.0 FTE Special Day Class at Sunny Brae with support from instructional aides, for class sizes of up to 14 students. The District has a 1.0 FTE School Psychologist and Speech Therapist. The District collaborates with Humboldt County Office of Education and Early Intervention programs to provide quality, meaningful and relevant educational support services for students with disabilities. This collaborative model includes support services, professional development, and communities of practice.

Classes that serve students with moderate to severe disabilities, instruction is aligned to the content standards and based on the seven foundational curricular domains: domestic; vocational; recreation/leisure; community access/motor skills; communication; social-emotional needs; and services including educationally relevant mental health services provided either with a school psychologist or a mental health clinician.

Local Control and Accountability Plan and Annual Update Template

The Local Control and Accountability Plan (LCAP) and Annual Update Template shall be used to provide details regarding local educational agencies' (LEAs) actions and expenditures to support pupil outcomes and overall performance pursuant to Education Code sections 52060, 52066, 47605, 47605.5, and 47606.5. The LCAP and Annual Update Template must be completed by all LEA's each year.

For school districts, pursuant to Education Code section 52060, the LCAP must describe, for the school district and each school within the district, goals and specific actions to achieve those goals for all pupils and each subgroup of pupils identified in Education Code section 52052, including pupils with disabilities, for each of the state priorities and any locally identified priorities.

For county offices of education, pursuant to Education Code section 52066, the LCAP must describe, for each county office of education-operated school and program, goals and specific actions to achieve those goals for all pupils and each subgroup of pupils identified in Education Code section 52052, including pupils with disabilities, who are funded through the county office of education Local Control Funding Formula as identified in Education Code section 2574 (pupils attending juvenile court schools, on probation or parole, or mandatorily expelled) for each of the state priorities and any locally identified priorities. School districts and county offices of education may additionally coordinate and describe in their LCAPs services provided to pupils funded by a school district but attending county-operated schools and programs, including special education programs.

Charter schools, pursuant to Education Code sections 47605, 47605.5, and 47606.5, must describe goals and specific actions to achieve those goals for all pupils and each subgroup of pupils identified in Education Code section 52052, including pupils with disabilities, for each of the state priorities as applicable and any locally identified priorities. For charter schools, the inclusion and description of goals for state priorities in the LCAP may be modified to meet the grade levels served and the nature of the programs provided, including modifications to reflect only the statutory requirements explicitly applicable to charter schools in the Education Code.

The LCAP is intended to be a comprehensive planning tool. Accordingly, in developing goals, specific actions, and expenditures, LEAs should carefully consider how to reflect the services and related expenses for their basic instructional program in relationship to the state priorities. LEAs may reference and describe actions and expenditures in other plans and funded by a variety of other fund sources when detailing goals, actions, and expenditures related to the state and local priorities. LCAPs must be consistent with school plans submitted pursuant to Education Code section 64001. The information contained in the LCAP, or annual update, may be supplemented by information contained in other plans (including the LEA plan pursuant to Section 1112 of Subpart 1 of Part A of Title I of Public Law 107-110) that are incorporated or referenced as relevant in this document.

For each section of the template, LEAs shall comply with instructions and should use the guiding questions as prompts (but not limits) for completing the information as required by statute. Guiding questions do not require separate narrative responses. However, the narrative response and goals and actions should demonstrate each guiding question was considered during the development of the plan. Data referenced in the LCAP must be consistent with the school accountability report card where appropriate. LEAs may resize pages or attach additional pages as necessary to facilitate completion of the LCAP.

State Priorities

The state priorities listed in Education Code sections 52060 and 52066 can be categorized as specified below for planning purposes, however, school districts and county offices of education must address each of the state priorities in their LCAP. Charter schools must address the priorities in Education Code section 52060(d) that apply to the grade levels served, or the nature of the program operated, by the charter school.

A. Conditions of Learning:

Basic: degree to which teachers are appropriately assigned pursuant to Education Code section 44258.9, and fully credentialed in the subject areas and for the pupils they are teaching; pupils have access to standards-aligned instructional materials pursuant to Education Code section 60119; and school facilities are maintained in good repair pursuant to Education Code section 17002(d). (Priority 1)

Implementation of State Standards: implementation of academic content and performance standards and English language development standards adopted by the state board for all pupils, including English learners. (Priority 2)

Course access: pupil enrollment in a broad course of study that includes all of the subject areas described in Education Code section 51210 and subdivisions (a) to (i), inclusive, of Section 51220, as applicable. (Priority 7)

Expelled pupils (for county offices of education only): coordination of instruction of expelled pupils pursuant to Education Code section 48926. (Priority 9)

Foster youth (for county offices of education only): coordination of services, including working with the county child welfare agency to share information, responding to the needs of the juvenile court system, and ensuring transfer of health and education records. (Priority 10)

B. Pupil Outcomes:

Pupil achievement: performance on standardized tests, score on Academic Performance Index, share of pupils that are college and career ready, share of English learners that become English proficient, English learner reclassification rate, share of pupils that pass Advanced Placement exams with 3 or higher, share of pupils determined prepared for college by the Early Assessment Program. (Priority 4)

Other pupil outcomes: pupil outcomes in the subject areas described in Education Code section 51210 and subdivisions (a) to (i), inclusive, of Education Code section 51220, as applicable. (Priority 8)

C. Engagement:

Parental involvement: efforts to seek parent input in decision making at the district and each school site, promotion of parent participation in programs for unduplicated pupils and special need subgroups. (Priority 3)

Pupil engagement: school attendance rates, chronic absenteeism rates, middle school dropout rates, high school dropout rates, high school graduations rates. (Priority 5)

School climate: pupil suspension rates, pupil expulsion rates, other local measures including surveys of pupils, parents and teachers on the sense of safety and school connectedness. (Priority 6)

Section 1: Stakeholder Engagement

Meaningful engagement of parents, pupils, and other stakeholders, including those representing the subgroups identified in Education Code section 52052, is critical to the LCAP and budget process. Education Code sections 52060(g), 52062 and 52063 specify the minimum requirements for school districts; Education Code sections 52066(g), 52068 and 52069 specify the minimum requirements for county offices of education, and Education Code section 47606.5 specifies the minimum requirements for charter schools. In addition, Education Code section 48985 specifies the requirements for translation of documents.

Instructions: Describe the process used to consult with parents, pupils, school personnel, local bargaining units as applicable, and the community and how this consultation contributed to development of the LCAP or annual update. Note that the LEA's goals, actions, services and expenditures related to the state priority of parental involvement are to be described separately in Section 2. In the annual update boxes, describe the stakeholder involvement process for the review, and describe its impact on, the development of the annual update to LCAP goals, actions, services, and expenditures.

Guiding Questions:

- 1) How have applicable stakeholders (e.g., parents and pupils, including parents of unduplicated pupils and unduplicated pupils identified in Education Code section 42238.01; community members; local bargaining units; LEA personnel; county child welfare agencies; county office of education foster youth services programs, court-appointed special advocates, and other foster youth stakeholders; community organizations representing English learners; and others as appropriate) been engaged and involved in developing, reviewing, and supporting implementation of the LCAP?
- 2) How have stakeholders been included in the LEA's process in a timely manner to allow for engagement in the development of the LCAP?
- 3) What information (e.g., quantitative and qualitative data/metrics) was made available to stakeholders related to the state priorities and used by the LEA to inform the LCAP goal setting process? How was the information made available?
- 4) What changes, if any, were made in the LCAP prior to adoption as a result of written comments or other feedback received by the LEA through any of the LEA's engagement processes?
- 5) What specific actions were taken to meet statutory requirements for stakeholder engagement pursuant to Education Code sections 52062, 52068, and 47606.5, including engagement with representatives of parents and guardians of pupils identified in Education Code section 42238.01?
- 6) What specific actions were taken to consult with pupils to meet the requirements 5 CCR 15495(a)?
- 7) How has stakeholder involvement been continued and supported? How has the involvement of these stakeholders supported improved outcomes for pupils, including unduplicated pupils, related to the state priorities?

Involvement Process in 2014/2015 for 2015/2016 LCAP	Impact on LCAP Annual Update
<p>The following meetings/requests for input were utilized to facilitate the inclusion of stakeholders in the LEA's development of the LCAP for 2015/2016. Statistics related to attendance and behavior were provided during stakeholder meetings, as were anecdotal and quantitative information from the site principals and staff. Budget information was presented at all stakeholder meetings and in Board meetings.</p> <ol style="list-style-type: none"> 1. On February 24, 2015, members of the ASD Leadership Team brought needs and concerns to the table related to specific school sites, programs and student groups, giving each stakeholder an opportunity to contribute to the formulation of goals, actions and expenditure considerations. The team also developed the plan for the stakeholder involvement process for the 2015/2016 update, including a survey, stakeholder meetings and administrator outreach to stakeholders. 2. In the March 9, 2015 Board meeting, ASD Board members had the opportunity to participate in a round-table open session discussion that included attendees at the meeting (administrators, teachers, classified staff, members of the community) regarding the needs and potential goals for the District, as well as possible actions to be taken to address the identified needs and goals. 3. On March 25, 2015, certificated and classified stakeholders brought needs and concerns to the table related to specific school sites and programs, such as the counseling and family resource center programs. Small class sizes, electives and arts programs and student groups and teacher attraction/retention and facility needs were also addressed. Each stakeholder had an opportunity to contribute to the formulation of goals, actions and expenditure considerations. 4. On April 1, 2015, community members and parents brought needs and concerns to the table related to specific school sites, programs and student groups, specifically behavior issues, special education support and support for EL students. Community members and parents expressed support for the "greening" projects, such as the solar project, vermi-composting and garden projects, that have been developed over the last five years. The retention of the arts and electives and school clubs were considered to be top priorities. 5. The Survey Monkey survey used was the same used for the 2014/2015 LCAP development process. The survey results from 2014/2015 are being used as the baseline to compare 2015/2016 survey results. The 2015/2016 survey showed virtually no change in priorities among stakeholders. 6. A parent/community/staff survey, created as a baseline tool for the 2014/2015 LCAP was made available to stakeholders again this year via Survey Monkey and was translated for parents/guardians of English Language Learners. The website link was sent home to all parents. The results of our Survey Monkey 	<p>As a result of the stakeholder meetings and input received from other sources, such as the Survey Monkey survey, the following updates were made to the 2015-2016 LCAP:</p> <ol style="list-style-type: none"> 1. Certificated teacher F.T.E.'s were reduced to align with actual and projected enrollment numbers and to address budget constraints. Small class sizes will still be maintained at or below a level allowable by state statutes with the goal being to reduce class sizes each of the two out-years, if revenues support the plan. 2. The planned third bus route was eliminated due to budget constraints and the fact that district personnel have worked diligently to make two routes feasible. 3. Proposed nursing services were eliminated, after administrators were able to create a plan to utilize county staff and the services of a retired nurse. 4. Purchase of a proposed behavior intervention program was deleted from the plan in favor of individually crafted plans for each school site. 5. O.T. services were added to the plan to reflect services that were actually provided in the 2014-2015 school year. 6. The counseling and social work programs, including the Family Resource Center, that have been supported for the last three years by the Federal Counseling Grant (ending in December 2015), were continued at AES and Sunny Brae at a reduced service level, using a combination of district revenues, Cal-Fresh grant money and a private donation. 7. Funding will facilitate the external administration of the F.I.T., which will be used to annually evaluate District facilities and was added to the LCAP document. Money from ongoing and deferred maintenance funds will support any repairs/corrections that were indicated in the F.I.T. report. 8. Custodial employees currently working 10 months will be increased to 12 months, in lieu of hiring temporary summer help, to address the need for additional custodial support. 9. A second SDC position at Arcata Elementary will continue to be funded in order to address caseload and student safety concerns. 10. The reading intervention program will be continued with a 1.0 permanent position in lieu of two part-time positions. 11. After a year of research by staff, a progress-monitoring program will be identified and funded to support students' academic progress. Currently, the plan is to review NWEA further and evaluate Illuminate Education in addition.

surveys were made available to community, parent and staff members.

7. A meeting of the LCAP Advisory Committee was held on May 19, 2015.
8. The principals met with parents of EL students for one-to-one dialogue regarding the specific needs of their children.
9. A bilingual aide called Spanish-speaking parents to ask for input.
10. The ASD LCAP Advisory Committee was presented with a copy of the proposed LCAP at a meeting on May 19, 2015 and given the opportunity for input/feedback. Changes based on stakeholder feedback were made and copies disseminated to members of the Committee for review, consideration and feedback prior to the final drafting of the 2015/2016 LCAP to be presented in a public hearing on June 15, 2015.
11. The results of the 2013-2014 California Healthy Kids Survey were used to inform decisions made for the 2015-2016 LCAP, particularly in relation to the level of continuance of counseling services in light of the fact that our Federal Counseling Grant ends this year. The results considered were: Alcohol and Other Drug Use, Resilience Indicators and School Connectedness, Violence and Safety.
12. The results of a Survey Monkey survey conducted for students and staff regarding the availability of up-to-date library materials, accessibility to the library and types of reading materials will be incorporated into the decisions related to library material purchases for 2015-2016.

Annual Update 2015/2016

The following meetings/requests for input were utilized to facilitate the inclusion of all stakeholders in the LEA's update of the LCAP for 2015/2016:

1. Leadership Team Meeting: February 24, 2015
2. ASD Board input meeting: March 9, 2015.
3. Meeting of certificated and classified stakeholders: March 25, 2015
4. Meeting of community and parent stakeholders: April 1, 2015
5. Parent/community/staff survey via Survey Monkey.
6. 1st Draft of LCAP-Board Meeting May 11, 2015
7. LCAP Advisory Committee Meeting: May 19, 2014.
8. 2015/2016 LCAP public hearing on June 15, 2015.
9. Final Draft of LCAP Goes to Advisory for Any Further Changes on Tuesday, June 16, 2015
10. Superintendent Responds to Questions in Writing-June 16, 17, 18.
11. 2015/2016 LCAP Adoption: June 22, 2015
12. 2015/2016 Budget Adoption: June 22, 2015

Annual Update:

Most 2014/2015 LCAP goals and actions to be taken toward meeting those goals are being retained in the 2015/2016 LCAP. Stakeholder input from stakeholder meetings, surveys, one-to-one meetings has been considered and incorporated into the LCAP for 2015/2016.

The removal of some items considered as lower priorities or that stakeholders felt had already been accomplished in relation to others was completed in order to bring the LCAP into line with budget considerations. For example, the removal of a third bus route. Routes were examined carefully by administration and it was determined that, with minor changes to bus schedules, students could be adequately and safely transported with just two buses.

Another item removed was the hiring of a school nurse. After realigning nursing services received from HCOE and the contracting of limited additional hours with a retired school nurse, it was agreed, with no opposition, that the hiring of a school nurse is not necessary. Screenings, such as vision and hearing were completed for approximately 308 students at the elementary level and vaccination verification was completed with a 100% compliance rate at AES and Sunny Brae. Due to the success of this strategy, we will continue the same program.

Stakeholder input showed that priorities remained virtually the same. Concern was expressed regarding the continuance of counseling and family resource center outreach, due to the fact that our Federal Counseling Grant expires at the end of the 2014/2015 fiscal year, with little carry-over to 2015/2016. However, we will be retaining a 1.0 F.T.E. counselor who will serve AES and Sunny Brae, an increase of approximately .6 F.T.E.'s over those in place prior to the grant. In addition, a Cal-Fresh Grant will supply \$53,000.00 for the staffing of our Family Resource Center. A one-time donation of \$9,600 will cover the costs of supplies and equipment for the Family Resource Center. Approximately \$42,000 in Federal Grant carryover will help fund the salary of the 1.0 counselor. The continuance of counseling and social services will address the stakeholder support for these programs. Attached is the data related to the counseling program and the FRC.

Some actions, such as the adoption of a school-wide commercially developed behavior program, were dismissed after a year-long conversation regarding the fact that stakeholders want to maintain the systems in place, with modifications. Administrators and staff at each site will review the current behavior plan and will make modifications and changes, as needed. The money set aside for this action is no longer needed and has been taken out of the LCAP.

The creation of District-Level interim assessments was not done. It was determined by staff and administrators that the purchase of an online assessment program, such as NWEA or Illuminate Education would better serve teachers and principals in accurately assessing student progress throughout the school year and predict their levels of achievement as measured by the CAASPP, giving teachers the opportunity to address areas of need before the test is given in the spring of 2016. An interim assessment program will be piloted during the 2015/2016 school year.

Class sizes were reduced to the following ratios in K-5:

TK/K: 17 Students

TKK: 16 Students

TK/K: 16 Students

K/1: 15 Students

1st Grade: 17

1st Grade: 19

2nd Grade: 20

3rd Grade: 22

3rd Grade: 20

4th Grade: 22

4th Grade: 20

5th Grade: 22

5th Grade: 22

SDC (K-2): 8

SDC (3-5): 14

NOTE: Attached is an enrollment document by class/grade as of June 9, 2015. Not only have we met the goal of 24:1 student/teacher ratio in K-3, we held class sizes in K-5 well below the 24:1 ratio for the 2014/2015 school year.

Due to the very low numbers in kindergarten and other grades as well, we laid off two teachers. In order to keep class sizes small, yet work within the constraints of our budget, one position has been put into the budget as a placeholder and the plan is to maintain the position. If enrollment numbers support the return of this position, a determination will be made in early to mid-August to maintain the position. The return of any other positions will be determined solely by enrollment numbers, in addition to the number of students who actually show up in September.

The plan for Arcata Elementary School is to pilot Engage New York math in 2015/2016 in Grades K-5. Staff members reviewed several math programs during 2014/2015 and determined that they want to pilot instead of adopt a

program for next year, giving them a chance to see how not having textbooks impacts student learning. Engage New York is entirely web-based.

Sunny Brae Middle School students used Digits, an online-based math program this year. The plan is to continue the program for 2015/2016.

Section 2: Goals, Actions, Expenditures, and Progress Indicators

Instructions:

All LEAs must complete the LCAP and Annual Update Template each year. The LCAP is a three-year plan for the upcoming school year and the two years that follow. In this way, the program and goals contained in the LCAP align with the term of a school district and county office of education budget and multiyear budget projections. The Annual Update section of the template reviews progress made for each stated goal in the school year that is coming to a close, assesses the effectiveness of actions and services provided, and describes the changes made in the LCAP for the next three years that are based on this review and assessment.

Charter schools may adjust the table below to align with the term of the charter school's budget that is submitted to the school's authorizer pursuant to Education Code section 47604.33.

For school districts, Education Code sections 52060 and 52061, for county offices of education, Education Code sections 52066 and 52067, and for charter schools, Education Code section 47606.5 require(s) the LCAP to include a description of the annual goals, for all pupils and each subgroup of pupils, to be achieved for each state priority as defined in 5 CCR 15495(i) and any local priorities; a description of the specific actions an LEA will take to meet the identified goals; a description of the expenditures required to implement the specific actions; and an annual update to include a review of progress towards the goals and describe any changes to the goals.

To facilitate alignment between the LCAP and school plans, the LCAP shall identify and incorporate school-specific goals related to the state and local priorities from the school plans submitted pursuant to Education Code section 64001. Furthermore, the LCAP should be shared with, and input requested from, school site-level advisory groups, as applicable (e.g., school site councils, English Learner Advisory Councils, pupil advisory groups, etc.) to facilitate alignment between school-site and district-level goals and actions. An LEA may incorporate or reference actions described in other plans that are being undertaken to meet the goal.

Using the following instructions and guiding questions, complete a goal table (see below) for each of the LEA's goals. Duplicate and expand the fields as necessary.

Goal: Describe the goal:

When completing the goal tables, include goals for all pupils and specific goals for school sites and specific subgroups, including pupils with disabilities, both at the LEA level and, where applicable, at the school site level. The LEA may identify which school sites and subgroups have the same goals, and group and describe those goals together. The LEA may also indicate those goals that are not applicable to a specific subgroup or school site.

Related State and/or Local Priorities: Identify the state and/or local priorities addressed by the goal by placing a check mark next to the applicable priority or priorities. The LCAP must include goals that address each of the state priorities, as defined in 5 CCR 15495(i), and any additional local priorities; however, one goal may address multiple priorities.

Identified Need: Describe the need(s) identified by the LEA that this goal addresses, including a description of the supporting data used to identify the need(s).

Schools: Identify the school sites to which the goal applies. LEAs may indicate "all" for all schools, specify an individual school or a subset of schools, or specify grade spans (e.g., all high schools or grades K-5).

Applicable Pupil Subgroups: Identify the pupil subgroups as defined in Education Code section 52052 to which the goal applies, or indicate "all" for all pupils.

Expected Annual Measurable Outcomes: For each LCAP year, identify and describe specific expected measurable outcomes for all pupils using, at minimum, the applicable required metrics for the related state priorities. Where applicable, include descriptions of specific expected measurable outcomes for school sites and specific subgroups, including pupils with disabilities, both at the LEA level and at the school site level.

The metrics used to describe the expected measurable outcomes may be quantitative or qualitative, although the goal tables must address all required metrics for every state priority in each LCAP year. The required metrics are the specified measures and objectives for each state priority as set forth in Education Code sections 52060(d) and 52066(d). For the pupil engagement priority metrics, LEAs must calculate the rates specified in Education Code sections 52060(d)(5)(B), (C), (D) and (E) as described in the Local Control Accountability Plan and Annual Update Template Appendix, sections (a) through (d).

Action/Services: For each LCAP year, identify all annual actions to be performed and services provided to meet the described goal. Actions may describe a group of services that are implemented to achieve the identified goal.

Scope of Service: Describe the scope of each action/service by identifying the school sites covered. LEAs may indicate “all” for all schools, specify an individual school or a subset of schools, or specify grade spans (e.g., all high schools or grades K-5). If supplemental and concentration funds are used to support the action/service, the LEA must identify if the scope of service is district-wide, school-wide, countywide, or charter-wide.

Pupils to be served within identified scope of service: For each action/service, identify the pupils to be served within the identified scope of service. If the action to be performed or the service to be provided is for all pupils, place a check mark next to “ALL.”

For each action and/or service to be provided above what is being provided for all pupils, place a check mark next to the applicable unduplicated pupil subgroup(s) and/or other pupil subgroup(s) that will benefit from the additional action, and/or will receive the additional service. Identify, as applicable, additional actions and services for unduplicated pupil subgroup(s) as defined in Education Code section 42238.01, pupils re-designated fluent English proficient, and/or pupils subgroup(s) as defined in Education Code section 52052.

Budgeted Expenditures: For each action/service, list and describe budgeted expenditures for each school year to implement these actions, including where those expenditures can be found in the LEA’s budget. The LEA must reference all fund sources for each proposed expenditure. Expenditures must be classified using the California School Accounting Manual as required by Education Code sections 52061, 52067, and 47606.5.

Guiding Questions:

- 1) What are the LEA’s goal(s) to address state priorities related to “Conditions of Learning”?
- 2) What are the LEA’s goal(s) to address state priorities related to “Pupil Outcomes”?
- 3) What are the LEA’s goal(s) to address state priorities related to parent and pupil “Engagement” (e.g., parent involvement, pupil engagement, and school climate)?
- 4) What are the LEA’s goal(s) to address any locally identified priorities?
- 5) How have the unique needs of individual school sites been evaluated to inform the development of meaningful district and/or individual school site goals (e.g., input from site level advisory groups, staff, parents, community, pupils; review of school level plans; in-depth school level data analysis, etc.)?
- 6) What are the unique goals for unduplicated pupils as defined in Education Code sections 42238.01 and subgroups as defined in section 52052 that are different from the LEA’s goals for all pupils?
- 7) What are the specific expected measurable outcomes associated with each of the goals annually and over the term of the LCAP?
- 8) What information (e.g., quantitative and qualitative data/metrics) was considered/reviewed to develop goals to address each state or local priority?
- 9) What information was considered/reviewed for individual school sites?

- 10) What information was considered/reviewed for subgroups identified in Education Code section 52052?
- 11) What actions/services will be provided to all pupils, to subgroups of pupils identified pursuant to Education Code section 52052, to specific school sites, to English learners, to low-income pupils, and/or to foster youth to achieve goals identified in the LCAP?
- 12) How do these actions/services link to identified goals and expected measurable outcomes?
- 13) What expenditures support changes to actions/services as a result of the goal identified? Where can these expenditures be found in the LEA's budget?

GOAL 1:	All students will have access to small class settings that support greater teacher to individual student direct interaction, resulting in greater academic success.		Related State and/or Local Priorities: 1, 2, 6, 7, 8										
Identified Need:	<p>Need: Large class sizes negatively impact the ability of teachers to engage students academically and create a safe and orderly learning environment that promotes student success. Lower class sizes need to be maintained in order to provide more one-to-one teacher/student interaction and increased opportunities for learning and achievement. Class size at Arcata Elementary (AES) will be ≤ 20 in grades TK-2 and ≤ 22 in grades 3-5. Small class sizes at Sunny Brae Middle School (SBMS) will be supported at a level at or below the state requirements.</p> <p>Benchmark: In 2014-15, AES had class sizes of ≤ 18 in TK-2 and ≤ 22 in grades 3-5; SBMS had ≤ 30 Attendance data is currently unavailable from 2014-15 Student Achievement data is unavailable from 2013-14 and 2014-15 due to inadequate District Assessments. SBAC: Benchmark data is as yet unavailable</p>												
Goal Applies to:	Schools: Arcata Elementary School and Sunny Brae Middle School		Applicable Pupil Subgroups: All (school-level, student-level, ethnic subgroups, pupils eligible for free and reduced-price meals, English Learners, students with disabilities, and foster/homeless youth)										
LCAP Year 1: 2015-2016													
Expected Annual Measurable Outcomes:	<p>Metrics:</p> <table border="1" data-bbox="317 768 2003 930"> <tr> <td>Class Size:</td> <td>Class sizes will be: ≤ 20 in TK-2 and ≤ 22 in grades 3-5; ≤ 30 in grades 6-8</td> </tr> <tr> <td>Attendance Data:</td> <td>Student Attendance will improve by 2% over the 2014-15 levels</td> </tr> <tr> <td>District Assessments:</td> <td>Multiple Measures, including Easycbm, will show an average of 2% student growth over the 2015-16 school year</td> </tr> <tr> <td>SBAC:</td> <td>Student scores will reflect 2% increase over 2014-15 scores</td> </tr> <tr> <td>Williams Report</td> <td>100% of all teachers will be highly qualified for their assignments</td> </tr> </table>			Class Size:	Class sizes will be: ≤ 20 in TK-2 and ≤ 22 in grades 3-5; ≤ 30 in grades 6-8	Attendance Data:	Student Attendance will improve by 2% over the 2014-15 levels	District Assessments:	Multiple Measures, including Easycbm, will show an average of 2% student growth over the 2015-16 school year	SBAC:	Student scores will reflect 2% increase over 2014-15 scores	Williams Report	100% of all teachers will be highly qualified for their assignments

District Mission and Vision Statements	Will be posted on ASD website										
ASD Board of Trustees Meeting minutes	Will detail review and adoption of 21 st Century Learning vision and mission statements										
Actions/Services	Scope of Service	Pupils to be served within identified scope of service	Budgeted Expenditures								
Vision and mission statements for the district will be created by a team of stakeholders during the 2015-2016 school year. Input will be taken from a wide variety of stakeholders, including students, parents and community members.	Arcata Elementary School Sunny Brae Middle School	<u>X</u> All	General Fund: \$100								

LCAP Year 2: 2016-2017

Expected Annual Measurable Outcomes:	Metrics:	
	ASD Board of Trustees Meeting minutes	Will reflect Board use of 21 st Century Learning vision and mission statements to guide decision-making in 2016-17

Actions/Services	Scope of Service	Pupils to be served within identified scope of service	Budgeted Expenditures
The intent and language of the vision and mission statements will be incorporated into all advertising and woven throughout the District's website.	Arcata Elementary School Sunny Brae Middle School	<u>X</u> All	\$ Cost incorporated in operating budget

LCAP Year 3: 2017-2018

Expected Annual Measurable Outcomes:	Metrics:	
	ASD Board of Trustees Meeting minutes	Will reflect Board use of 21 st Century Learning vision and mission statements to guide decision-making in 2016-17

Actions/Services	Scope of Service	Pupils to be served within identified scope of service	Budgeted Expenditures
The intent and language of the vision and mission statements will continue to be incorporated into all advertising and woven throughout the District's website.	Arcata Elementary School Sunny Brae Middle School	<u>X</u> All	\$ Cost incorporated in operating budget

GOAL 10:	Arcata School District will purchase state-approved curriculum as it becomes available for adoption.		Related State and/or Local Priorities: 2,4,7,8				
Identified Need :	<p>Need: Current textbooks do not reflect Common Core Standards and teaching practices. Math textbooks/programs/instructional materials have been purchased or are slated to be purchased at Sunny Brae Middle School and Arcata Elementary School and will be used during the 2015-2016 school year. Language Arts textbooks and/or instructional materials need to be purchased for both sites to ensure that students have to access Common Core objectives.</p> <p>Benchmarks:</p> <ul style="list-style-type: none"> • Amount of state-adopted CCSS ELA curricular materials ready for use in ASD is 0% in 2014-15 • Amount of state-adopted CCSS Math curricular materials ready for use in ASD is 0% in 2014-15 						
Goal Applies to:	<p>Schools: Arcata Elementary School Sunny Brae Middle School</p> <p>Applicable Pupil Subgroups: All: school-level, student-level, ethnic subgroups, pupils eligible for free and reduced-price meals, English Learners, students with disabilities, and foster/homeless youth</p>						
LCAP Year 1: 2015-2016

Annual Update

Annual Update Instructions: For each goal in the prior year LCAP, review the progress toward the expected annual outcome(s) based on, at a minimum, the required metrics pursuant to Education Code sections 52060 and 52066. The review must include an assessment of the effectiveness of the specific actions. Describe any changes to the actions or goals the LEA will take as a result of the review and assessment. In addition, review the applicability of each goal in the LCAP.

Guiding Questions:

- 1) How have the actions/services addressed the needs of all pupils and did the provisions of those services result in the desired outcomes?
- 2) How have the actions/services addressed the needs of all subgroups of pupils identified pursuant to Education Code section 52052, including, but not limited to, English learners, low-income pupils, and foster youth; and did the provision of those actions/services result in the desired outcomes?
- 3) How have the actions/services addressed the identified needs and goals of specific school sites and were these actions/services effective in achieving the desired outcomes?
- 4) What information (e.g., quantitative and qualitative data/metrics) was examined to review progress toward goals in the annual update?
- 5) What progress has been achieved toward the goal and expected measurable outcome(s)? How effective were the actions and services in making progress toward the goal? What changes to goals, actions, services, and expenditures are being made in the LCAP as a result of the review of progress and assessment of the effectiveness of the actions and services?
- 6) What differences are there between budgeted expenditures and estimated actual annual expenditures? What were the reasons for any differences?

<p>Original GOAL 1 from prior year LCAP:</p>	<p>All students will have access to engaging learning environments supported by positive behavior interventions and services in a class setting that supports greater teacher to individual student direct interaction.</p>	<p>Related State and/or Local Priorities: 1 _ 2 _ 3 <input checked="" type="checkbox"/> 4 <input checked="" type="checkbox"/> 5 <input checked="" type="checkbox"/> 6 <input checked="" type="checkbox"/> 7 <input checked="" type="checkbox"/> 8 COE only: 9 _ 10 _ Local :</p>
<p>Goal Applies to: Schools: Arcata Elementary School Sunny Brae Middle School</p>		
<p>Applicable Pupil Subgroups: All: school-level, student-level, ethnic subgroups, pupils eligible for free and reduced-price meals, English Learners, students with disabilities, and foster/homeless youth</p>		
<p>Expected Annual Measurable Outcomes:</p>	<p>Reducing class sizes will foster adequate progress toward increased academic success of students and decreased office referrals. The annual number of office referrals will be reduced by 2%.</p>	<p>Actual Annual Measurable Outcomes:</p> <p>At Arcata Elementary:</p> <p>In 2013/2014, there were 57 total suspensions. 31 general education students were suspended and 1 SDC student was suspended.</p> <p>In 2014/2015, a total of 44 students were suspended. 19 general education students were suspended and 2 SDC students were suspended.</p> <p>In 2013/2014, there were 410 office referrals, as recorded by office staff and reported by counseling staff, as a part of their grant requirements.</p> <p>In 2014/2015, there have been 276 office referrals.</p> <p>Percentage of Reduction in Suspensions:</p> <p>56.4% of the total 101 suspensions were in 2013/2014 43.6% of the total 101 suspensions were in 2014/2015</p> <p>Thus, a decrease of 12.8% in suspensions was documented.</p> <p>Percentage of Reduction in Office Referrals:</p> <p>59.77% of the total 686 office referrals were in 2013/2014 40.23% of the total 686 office referrals were in 2014/2015</p> <p>Thus, a decrease of 19.54% in office referrals was documented.</p> <p>At Sunny Brae Middle School:</p>

	<p>Staff members, in collaboration with district administrators, will examine a variety of student behavior intervention and management programs. They will then make recommendations as to what course of action is best to address behavior needs within the district. A baseline of student office referrals and suspensions will be established.</p>	<p>Suspensions for 2013/2014: 14 Suspensions for 2014/2015: 3 Detentions for 2013/2014: 245 Detentions for 2014/2015: 170</p> <p>82% of the total 17 suspensions were in 2013/2014 18% of the total 17 suspensions were in 2014/2015</p> <p>Thus, a decrease of 64% in suspensions was documented.</p> <p>59% of the total 415 detentions were in 2013/2014 41% of the total 415 detentions were in 2014/2015</p> <p>Thus, a decrease of 18% in detentions was documented.</p> <p>This goal was not met. After a year of considering intervention/behavior management programs, it was decided that we would instead develop our own behavior management model, an upgrade of the one we already have in place. As is evident in the documented decreases in office referrals/detentions and suspensions at both schools, our current program is working. We think that, with adjustments, it will work even better.</p>
--	--	---

LCAP Year: 2014-15

Planned Actions/Services		Actual Actions/Services	
	Budgeted Expenditures		Estimated Actual Annual Expenditures

<p>District teams will explore behavior intervention/management programs with the goal of adopting one for district-wide use.</p>	<p>Staff members, in collaboration with district administrators, will examine a variety of student behavior intervention and management programs. They will then make recommendations as to what course of action is best to address behavior needs within the district.</p> <p>Supplemental & Concentration \$5,000.00</p>	<p>Over the course of the 2014-2015 school year, staff members, in collaboration with district administrators, examined a variety of student behavior intervention and management programs, deciding not to purchase a commercial program, but to continue with individually site-tailored programs.</p>	<p>The minimal expense for this (basically meeting costs) was incorporated into the operating budget. A program was not selected.</p>
<p>Scope of Service Arcata Elementary School Sunny Brae Middle School</p> <p>X All</p>		<p>Scope of Service Arcata Elementary School Sunny Brae Middle School</p> <p>X All</p>	
<p>Hire additional certificated teaching staff to reduce class sizes, optimizing student learning experiences.</p>	<p>Hiring additional certificated teaching staff will reduce class sizes, optimizing student learning experiences. The District will hire two classroom teachers @ approximately \$59,220 each.</p> <p>Parcel Tax \$118,440.00</p>	<p>Additional certificated teachers were hired to reduce class sizes.</p>	<p>Parcel Tax: \$125,123</p>
<p>Scope of Service Arcata Elementary School Sunny Brae Middle School</p> <p>X All</p>		<p>Scope of Service Arcata Elementary School Sunny Brae Middle School</p> <p>X All</p>	
<p>What changes in actions, services, and expenditures will be made as a result of reviewing past progress and/or changes to goals?</p>	<p>Class sizes for 2014-2015 were at the following levels:</p> <ul style="list-style-type: none"> TK/K: 17 Students TKK: 16 Students TK/K: 16 Students K/1: 15 Students 1st Grade: 17 1st Grade: 19 2nd Grade: 20 3rd Grade: 22 3rd Grade: 20 		

4th Grade: 22
4th Grade: 20
5th Grade: 22
5th Grade: 22
SDC (K-2): 8
SDC (3-5): 14

Due to the very low numbers in kindergarten and other grades as well, we laid off two teachers. In order to keep class sizes small, yet work within the constraints of our budget, one position has been put into the budget as a placeholder and the plan is to maintain the position. If enrollment numbers support the return of this position, a determination will be made in early to mid-August to maintain the position. The return of any other positions will be determined solely by enrollment numbers and the number of students who actually show up in September.

Original GOAL 2 from prior year LCAP:	All students will have access to safe and well-maintained facilities that create a welcoming learning environment.	Related State and/or Local Priorities: 1 _ 2 _ 3 _ 4 <input checked="" type="checkbox"/> 5 _ 6 <input checked="" type="checkbox"/> 7 <input checked="" type="checkbox"/> 8 _ COE only: 9 _ 10 _ Local :
Goal Applies to:	Schools: Arcata Elementary School Sunny Brae Middle School	
	Applicable Pupil Subgroups:	All (school-level, student-level, ethnic subgroups, pupils eligible for free and reduced-price meals, English Learners, students with disabilities, and foster/homeless youth)

Expected Annual Measurable Outcomes:	<p>Current staffing levels do not support differentiation of instruction for such a wide age range of students. Hiring additional certificated staff to facilitate the creation of a new SDC model of TK-2 and 3-5 classrooms will facilitate increased academic learning and decreased office and counseling referrals.</p> <p>The increase of classified aide time will facilitate safer, more pleasant learning environments that promote academic learning, as well as a sense of emotional and physical safety and security for all students. Aide time will be used to enhance current monitoring and intervention in classroom, hallway, cafeteria and playground settings.</p> <p>Behavior referrals to the office from environments outside the regular classroom will be tracked using CALPADS, principals' logs and District student information programs.</p> <p>With the increase of custodial/grounds time, facilities will be maintained and kept in good repair to promote a safe and pleasant learning environment for students.</p>	Actual Annual Measurable Outcomes:	<p>See outcomes in Goal #1 for 1, 2 and 3.</p> <p>The F.I.T. was used to create a baseline this year for the purpose of evaluating the safety and good repair of school sites. Due to major construction/renovation over the past several years, a lot of changes have been made that improved the overall quality of our campuses. After construction was completed, the F.I.T. was utilized by an outside reviewer to set a baseline. Next year, the F.I.T. will once again be conducted and progress toward corrective action ascertained.</p>

What changes in actions, services, and expenditures will be made as a result of reviewing past progress and/or changes to goals?	No changes will be made to this goal. However, some of the actions will be tied to different goals. For example, a new goal, addressing classroom aide time has been created, as evidenced in the new Goal #12 for 2015/2016. Budgeted expenditures, of course, will follow the items to which they are attached.			

Original GOAL 3 from prior year LCAP:	All students will have access to a broad course of study and educational supports taught by highly qualified staff that ensures academic success in Language Arts, Math, Science and Social Studies.		Related State and/or Local Priorities: 1 <input checked="" type="checkbox"/> 2 <input checked="" type="checkbox"/> 3 <input type="checkbox"/> 4 <input checked="" type="checkbox"/> 5 <input type="checkbox"/> 6 <input type="checkbox"/> 7 <input checked="" type="checkbox"/> 8 <input type="checkbox"/> COE only: 9 <input type="checkbox"/> 10 <input type="checkbox"/> Local :	
Goal Applies to:		Schools: Arcata Elementary School Sunny Brae Middle School		
Applicable Pupil Subgroups:		All: school-level, student-level, ethnic subgroups, pupils eligible for free and reduced-price meals, English Learners, students with disabilities, and foster/homeless youth		
Expected Annual Measurable Outcomes:	<p>The progress of individual students will be tracked using student progress tracking tools already in place at AES, with the goal of exiting students from reading intervention in one academic year.</p> <p>Students and staff will respond to a survey regarding perceptions of their technology readiness. A baseline will be established.</p> <p>Students with Disabilities will have access to a school psychologist for the purpose of assessing their needs and progress.</p> <p>All students will have more exposure to arts instruction and increased access to library materials and support services. Students at the middle school level will have more choices for electives.</p> <p>Committees composed of staff members and administrators will be formed for the purpose of ascertaining the needs related to ASD Multiple Measures and how to create new measures aligned to the Common Core curriculum.</p>	Actual Annual Measurable Outcomes:	<p>A total of 35 students were served by two reading intervention teachers. 10 (30%) "graduated" from the program.</p> <p>112 3rd and 8th Graders responded to a Survey Monkey survey regarding access to computers. 64.23% said they sometimes have access in the classrooms. 26.83% said always and 8.94% said never.</p> <p>When asked about access to computers in the computer lab, 87.80% of respondents indicated that they have access to computers in the labs. 12.20% indicated that they do not.</p> <p>A total of 14 days salary and mileage (\$8,500) paid to school psychologists from HCOE to provide testing services for students with disabilities.</p> <p>A total of \$15,000 was budgeted. \$7,600 was expended on arts instruction, library materials and electives.</p> <p>The fulfillment of this goal was postponed. Staff and administrators decided to look at a variety of progress-monitoring programs during the last year (such as NWEA and Illuminate Education). A decision will be made during the summer of 2015 as to which program to implement/pilot during 2015/2016.</p>

What changes in actions, services, and expenditures will be made as a result of reviewing past progress and/or changes to goals?	<p>The plan for Arcata Elementary School is to pilot Engage New York math in 2015/2016 in Grades K-5. Staff members reviewed several math programs during 2014/2015 and determined that they want to pilot instead of adopt a program for next year, giving them a chance to see how not having textbooks impacts student learning. Engage New York is entirely web-based.</p> <p>Sunny Brae Middle School students used Digits, an online-based math program this year. The plan is to continue the program for 2015/2016.</p>			

Section 3: Use of Supplemental and Concentration Grant funds and Proportionality

A. In the box below, identify the amount of funds in the LCAP year calculated on the basis of the number and concentration of low income, foster youth, and English learner pupils as determined pursuant to 5 CCR 15496(a)(5).

Describe how the LEA is expending these funds in the LCAP year. Include a description of, and justification for, the use of any funds in a district-wide, school-wide, countywide, or charter-wide manner as specified in 5 CCR 15496.

For school districts with below 55 percent of enrollment of unduplicated pupils in the district or below 40 percent of enrollment of unduplicated pupils at a school site in the LCAP year, when using supplemental and concentration funds in a district-wide or school-wide manner, the school district must additionally describe how the services provided are the most effective use of funds to meet the district’s goals for unduplicated pupils in the state and any local priority areas. (See 5 CCR 15496(b) for guidance.)

Total amount of Supplemental and Concentration grant funds calculated:	\$429,749
Description of the Use of LCAP Funds LEA-Wide for 2015-2016:	
Total Transfer in From LCFF for Students Generating the Supplemental & Concentration Funds: \$429,749	
Will be expended as Follows:	
<ul style="list-style-type: none"> • Certificated teaching staff hired/retained to reduce class sizes, optimizing students’ learning experiences. Amount Expended: \$129,520 (salaries & benefits) • Translation & interpretation services contracted on an as-needed basis for the purpose of increasing parental involvement and awareness. Amount Expended: \$2,500 • EL Paraprofessionals retained to facilitate the academic success of EL students and to administer CELDT testing. Amount Expended: \$14,626 • Contribution to Title I made to support staffing and decrease class sizes, fostering more teacher-to-individual student contact time. Amount Expended: \$43,003 • Classified aide time will be maintained to facilitate safer, more pleasant learning environments that promote academic learning, as well as a sense of emotional and physical safety and security for all students. Aide time will be used to enhance current monitoring and intervention in classroom, cafeteria and playground settings. Amount Expended: \$122,965 • Technology personnel and program will be maintained in order to implement the district-wide technology program to support students and staff in becoming technologically proficient. Amount Expended: \$111,891 • Services and supplies will be provided to the school sites to enhance the arts and electives offerings. Amount Expended: \$6,500 	
TOTAL FOR ABOVE SUPPLEMENTAL & CONCENTRATION EXPENDITURES: \$431,005	

- B. In the box below, identify the percentage by which services for unduplicated pupils must be increased or improved as compared to the services provided to all pupils in the LCAP year as calculated pursuant to 5 CCR 15496(a).

Consistent with the requirements of 5 CCR 15496, demonstrate how the services provided in the LCAP year for low income pupils, foster youth, and English learners provide for increased or improved services for these pupils in proportion to the increase in funding provided for such pupils in that year as calculated pursuant to 5 CCR 15496(a)(7). An LEA shall describe how the proportionality percentage is met using a quantitative and/or qualitative description of the increased and/or improved services for unduplicated pupils as compared to the services provided to all pupils.

11.98	%
-------	---

- Certificated teaching staff will be retained at a level necessary to maintain class sizes as mandated by the state. However, the goal of the District is to maintain class sizes that are smaller than the recommended levels, when revenues permit. Research shows that smaller class sizes that provide a lower teacher : student ratio increase student achievement, particularly for students in the targeted groups: low-income pupils, foster youth and English Language Learners.
- The reading intervention program will be restructured to reflect the need to stabilize the program with a full-time reading intervention teacher, instead of two part-time teachers. Low-income, foster/homeless youth and ELL's have identified needs that are often due to a lack of parental support and exposure to language-rich environments and experiences. The reading intervention program provides these students, who have been identified as struggling learners by the classroom teachers, with exposure to Reading Recovery, a research-based reading intervention program.
- Translation and interpretation services are provided on an as-needed basis during IEP meetings, parent/teacher conferences and for the translation of forms and letters that are an integral part of involving parents in their children's educations.
- EL paraprofessionals at Arcata Elementary and Sunny Brae Middle Schools will be retained to facilitate the academic success of ELL's through intensive one-to-one instruction, the administering CELDT testing and overseeing/monitoring the progress of the ELL's in their regular classroom settings.
- Art specialists will be hired to support the arts program. Electives at the middle school will be maintained to support students' exposure to a broad course of study. Library materials and equipment will be purchased as needed. Increased personnel time in the libraries will continue to be supported to ensure students' ability to access curricular materials that support academic success. Research shows that the targeted student groups often have limited exposure to art, music and engaging/enriching materials that will enhance their ability to access the same types of enrichment opportunities available to their peers not identified in the target groups.
- A contribution to Title I will continue to be made to support staffing and decreased class sizes.
- Classified aide time will be maintained to facilitate adequate monitoring and intervention in the classroom, on the playground and in the cafeteria.

Section 4: Expenditure Summary

Total Expenditures by Funding Source						
Funding Source	Annual Update Budgeted	Annual Update Actual	Year 1 2015-2016	Year 2 2016-2017	Year 3 2017-2018	Year 1-3 Total

LOCAL CONTROL AND ACCOUNTABILITY PLAN AND ANNUAL UPDATE APPENDIX

For the purposes of completing the LCAP in reference to the state priorities under Education Code sections 52060 and 52066, the following shall apply:

(a) “Chronic absenteeism rate” shall be calculated as follows:

- (1) The number of pupils with a primary, secondary, or short-term enrollment during the academic year (July 1 – June 30) who are chronically absent where “chronic absentee” means a pupil who is absent 10 percent or more of the schooldays in the school year when the total number of days a pupil is absent is divided by the total number of days the pupil is enrolled and school was actually taught in the total number of days the pupil is enrolled and school was actually taught in the regular day schools of the district, exclusive of Saturdays and Sundays.
- (2) The unduplicated count of pupils with a primary, secondary, or short-term enrollment during the academic year (July 1 – June 30).
- (3) Divide (1) by (2).

(b) “Middle School dropout rate” shall be calculated as set forth in California Code of Regulations, title 5, section 1039.1.

(c) “High school dropout rate” shall be calculated as follows:

- (1) The number of cohort members who dropout by the end of year 4 in the cohort where “cohort” is defined as the number of first-time grade 9 pupils in year 1 (starting cohort) plus pupils who transfer in, minus pupils who transfer out, emigrate, or die during school years 1, 2, 3, and 4.
- (2) The total number of cohort members.
- (3) Divide (1) by (2).

(d) “High school graduation rate” shall be calculated as follows:

- (1) The number of cohort members who earned a regular high school diploma [or earned an adult education high school diploma or passed the California High School Proficiency Exam] by the end of year 4 in the cohort where “cohort” is defined as the number of first-time grade 9 pupils in year 1 (starting cohort) plus pupils who transfer in, minus pupils who transfer out, emigrate, or die during school years 1, 2, 3, and 4.
- (2) The total number of cohort members.
- (3) Divide (1) by (2).

(e) “Suspension rate” shall be calculated as follows:

- (1) The unduplicated count of pupils involved in one or more incidents for which the pupil was suspended during the academic year (July 1 – June 30).
- (2) The unduplicated count of pupils with a primary, secondary, or short-term enrollment during the academic year (July 1 – June 30).
- (3) Divide (1) by (2).

(f) "Expulsion rate" shall be calculated as follows:

- (1) The unduplicated count of pupils involved in one or more incidents for which the pupil was expelled during the academic year (July 1 – June 30).
- (2) The unduplicated count of pupils with a primary, secondary, or short-term enrollment during the academic year (July 1 – June 30).
- (3) Divide (1) by (2).
