LCFF Budget Overview for Parents

School districts receive funding from different sources: state funds under the Local Control Funding Formula (LCFF), other state funds, local funds, and federal funds. LCFF funds include a base level of funding for all LEAs and extra funding - called "supplemental and concentration" grants - to LEAs based on the enrollment of high needs students (foster youth, English learners, and low-income students).

Budget Overview for the 2019-20 LCAP Year

| Source | Funds | Percentage |
|--|-----------|------------|
| LCFF Supplemental & Concentration Grants | \$37,272 | 8% |
| All Other LCFF Funds | \$374,756 | 79% |

These charts show the total general purpose revenue Freshwater Charter Middle expects to receive in the coming year from all sources.

The total revenue projected for Freshwater Charter Middle is \$475,040, of which \$412,028 is Local Control Funding Formula (LCFF), \$28,102 is other state funds, \$34,910 is local funds, and \$0 is federal funds. Of the \$412,028 in LCFF Funds, \$37,272 is generated based on the enrollment of high needs students (foster youth, English learner, and low-income students).

The LCFF gives school districts more flexibility in deciding how to use state funds. In exchange, school districts must work with parents, educators, students, and the community to develop a Local Control and Accountability Plan (LCAP) that shows how they will use these funds to serve students.

Budgeted Expenditures

This chart provides a quick summary of how much Freshwater Charter Middle plans to spend for 2019-20. It shows how much of the total is tied to planned actions and services in the LCAP.

Freshwater Charter Middle plans to spend \$452,661 for the 2019-20 school year. Of that amount, \$438,073 is tied to actions/services in the LCAP and \$14,588 is not included in the LCAP. The budgeted expenditures that are not included in the LCAP will be used for the following:

The total General Fund Budget Expenditures that are not included in the LCAP is \$14,588 These costs are associated with services and fees that are not directly tied to LCAP goals such as central

administration, Contracted Services, OPEB, and INS fees.

Increase or Improved Services for High Needs Students in 2019-20

In 2019-20, Freshwater Charter Middle is projecting it will receive \$37,272 based on the enrollment of foster youth, English learner, and low-income students. Freshwater Charter Middle must demonstrate the planned actions and services will increase or improve services for high needs students compared to the services all students receive in proportion to the increased funding it receives for high needs students. In the LCAP Freshwater Charter Middle plans to spend \$37,272 on actions to meet this requirement.

This chart compares what Freshwater Charter Middle budgeted last year in the LCAP for actions and services that contribute to increasing or improving services for high needs students with what Freshwater Charter Middle estimates it has spent on actions and services that contribute to increasing or improving services for high needs students in the current year.

In 2018-19, Freshwater Charter Middle's LCAP budgeted \$35,665 for planned actions to increase or improve services for high needs students. Freshwater Charter Middle estimates that it will actually spend \$35,665 for actions to increase or improve services for high needs students in 2018-19.

2017-20 Plan Summary

The Story

Describe the students and community and how the LEA serves them.

The Freshwater Charter Middle School has an enrollment of 53 students and is located in the beautiful Freshwater valley just 5 miles outside Eureka. Freshwater Charter Middle School (FCMS) provides a safe, caring, student-centered environment for 7th and 8th graders, focused on dynamic, engaging and rigorous learning, so that our students will be well prepared for future academic success and responsible citizenship. Our campus setting promotes a love of nature, and is a natural environment for study. We provide a comprehensive curriculum, enabling all students to excel as they meet the challenges and opportunities of our changing world.

The following metrics do not apply to our LEA:

API, UC/CSU course completion, AP scores, EAP college preparedness, High School Graduation & Dropout rates

We have fewer than 5 Foster Youth and English Language Learners, and 34% Socioeconomically Disadvantaged Students.

LCAP Highlights

Identify and briefly summarize the key features of this year's LCAP.

Freshwater Charter Middle School's LCAP is designed to meet our District's vision of providing high quality learning experiences for all students in an effort for them to reach their fullest potential. Our LCAP has three goals: providing additional supports for our unduplicated student population, increasing

academic achievement in ELA and Math, and maintaining the high level of student, parent, and community involvement that is a tradition at Freshwater Charter Middle School. Technology: Increased use of digital media with improved access Community Involvement: Maintain high attendance at community offered events Character Education: Character Education program and Restorative Practices continue Test Scores: Maintain High Status in both ELA and Math as reported on the California School Dashboard

Review of Performance

Based on a review of performance on the state indicators and local performance indicators included in the California School Dashboard, progress toward LCAP goals, local self-assessment tools, stakeholder input, or other information, what progress is the LEA most proud of and how does the LEA plan to maintain or build upon that success? This may include identifying any specific examples of how past increases or improvements in services for low-income students, English learners, and foster youth have led to improved performance for these students.

Greatest Progress

All student groups are in Green performance level in ELA and Math. Suspension rate is 0%, a Blue Rating. Community support was evident in passing of school bond to address facility needs. District was awarded a SUMS grant to provide training and support for further implementation of MTSS. Increased outreach efforts to all families to encourage regular attendance were developed. Additional supports to assist families to overcome barriers to chronic absenteeism were provided through incentives, personal contacts and Student Support Provider. A local GO bond was passed in June 2018 which will address facility needs. Technology purchases have achieved a 1:1 student to device ratio.

Referring to the California School Dashboard, identify any state indicator or local performance indicator for which overall performance was in the "Red" or "Orange" performance category or where the LEA received a "Not Met" or "Not Met for Two or More Years" rating. Additionally, identify any areas that the LEA has determined need significant improvement based on review of local performance indicators or other local indicators. What steps is the LEA planning to take to address these areas with the greatest need for improvement?

Greatest Needs

Chronic absenteeism and aging facilities have been identified as the district's highest needs. Efforts to reduce chronic absenteeism rate of 9.4% will continue with an increased, school-wide emphasis on the critical importance of regular attendance. Families will be notified of students "at-risk" of becoming chronically absent. The administration will also continue to meet with families and strategize solutions to overcoming barriers to regular attendance. Professional development focused on MTSS will reduce the need for disciplinary actions. The behavior tracking system SWIS will be utilized to identify necessary interventions and support for student behaviors. In addition, further implementation of PBIS Tier I interventions and support will decrease negative behaviors and improve school climate.

Referring to the California School Dashboard, identify any state indicator for which performance for any student group was two or more performance levels below the "all student" performance. What steps is the

LEA planning to take to address these performance gaps?

Performance Gaps

NA. There are no student groups performing two or more levels below all students on any LCFF indicator.

Comprehensive Support and Improvement

An LEA with a school or schools identified for comprehensive support and improvement (CSI) under the Every Student Succeeds Act must respond to the following prompts.

Schools Identified

Identify the schools within the LEA that have been identified for CSI.

NA

Support for Identified Schools

Describe how the LEA supported the identified schools in developing CSI plans that included a school-level needs assessment, evidence-based interventions, and the identification of any resource inequities to be addressed through the implementation of the CSI plan.

NA

Monitoring and Evaluating Effectiveness

Describe how the LEA will monitor and evaluate the implementation and effectiveness of the CSI plan to support student and school improvement.

How, when, and with whom did the LEA consult as part of the planning process for this LCAP/Annual Review and Analysis?

LCAP Annual Update Meetings with teachers and FTA bargaining unit: 2/7/19 CHKS survey for Students, Staff and Parents: 3/18/19 LCAP Annual Update Meetings with Charter Council: 1/23/19, 4/17/19 LCAP Annual Update Board Meetings: 2/12/19, 5/14/19 LCAP Annual Update Classified Staff Meeting: 4/5/19 Community Club Meeting: 4/1/19 Freshwater Educational Foundation: 4/9/19

Impact on LCAP and Annual Update

How did these consultations impact the LCAP for the upcoming year?

Stakeholders were supportive of current goals and programs and services and wish to see them continue. At various meetings they recommended: Rather than just announcing stakeholder meetings, educate the community that important decisions are made at these meetings that the public can provide input to

Encourage more student participation in Charter Council Meetings

In addition, other suggestions to explore were offered:

Increasing awareness and encouraging participation in community stakeholder groups by placing recruiting tables in the gymnasium at Back to School Night rather than the cafeteria to recruit more members.

Texting families CHK Survey to increase participation rates Sending alert messages to further promote participation at stakeholder meetings Include using SWIS to track student behaviors in our School Safety Plan Increasing schoolwide use of PBIS to improve student behaviors and school climate The need for increased Socio-Emotional support for students through Student Support Provider The need to update our parent handbook

Identified Need:

Authentic assessments are needed to identify gaps in student learning for all students and for low-income pupils, foster youth, and English Learners. SBAC results will be used to guide instruction.

Academic performance indicators in both Math and ELA are reported High for all students. Our overall Math scores were 20.5 points above level 3 and our ELA scores were 29 points above level 3. Our goal is to maintain High scores for all students in both Math and ELA in 2017/18

District-wide writing skills curriculum need to be implemented to improve student performance in ELA.

Demonstration of Increased or Improved Services for Unduplicated Pupils

LCAP Year: 2017-18

Estimated Supplemental and Concentration Grant Funds

Percentage to Increase or Improve Services

\$ 22,491

6.07%

Describe how services provided for unduplicated pupils are increased or improved by at least the percentage identified above, either qualitatively or quantitatively, as compared to services provided for all students in the LCAP year.

Identify each action/service being funded and provided on a schoolwide or LEA-wide basis. Include the required descriptions supporting each schoolwide or LEA-wide use of funds.

For 2017-18 under LCFF, Freshwater Charter Middle School will receive \$22,491 in supplemental grant funding. The District will be spending \$33,871 on services for unduplicated students.

We will meet the targeted expenditures for services to be provided to our unduplicated students as reflected in the Actions section of this Local Control and Accountability Plan.

Freshwater Charter Middle School will provide the following services to support the needs of our unduplicated students: Classroom Aides, Homework Help, office aide, student support provider, and field trips. Aides are provided in all classrooms, school-wide, and will further support classroom instruction by increasing the student/adult ratio in the classroom and provide individualized assistance to identified students. Homework Club will be provided by certificated staff to provide additional supports for students in need. Snacks will be provided. Research has shown that our unduplicated student population has less access to books, and academic resources and support in the home. Strategies which stakeholders identified that would best address those needs and improve outcomes for our unduplicated students include providing a student support provider, office aide, instructional

assistants, homework help, and working with the classroom teachers to increase individualized support. The effectiveness of these practices are evident in our growth in performance in both ELA and Math, and our academic

performance indicators were reported High in both ELA and Math on the California School Dashboard. In addition field trips will be provided to enrich the classroom learning experience of our unduplicated students by enabling them to interact and work within our larger community.
