

LCFF Budget Overview for Parents

Local Educational Agency (LEA) Name: Eureka City Schools

CDS Code: 12-75515

School Year: 2022-23

LEA contact information:

Gary Storts

Assistant Superintendent

Educational Services

(707) 441-3364

School districts receive funding from different sources: state funds under the Local Control Funding Formula (LCFF), other state funds, local funds, and federal funds. LCFF funds include a base level of funding for all LEAs and extra funding - called "supplemental and concentration" grants - to LEAs based on the enrollment of high needs students (foster youth, English learners, and low-income students).

Budget Overview for the 2022-23 School Year

Projected Revenue by Fund Source

This chart shows the total general purpose revenue Eureka City Schools expects to receive in the coming year from all sources.

The text description for the above chart is as follows: The total revenue projected for Eureka City Schools is \$64,728,895, of which \$42,819,688 is Local Control Funding Formula (LCFF), \$6,961,313 is other state funds,

\$3,598,156 is local funds, and \$11,349,738 is federal funds. Of the \$42,819,688 in LCFF Funds, \$8,380,234 is generated based on the enrollment of high needs students (foster youth, English learner, and low-income students).

LCFF Budget Overview for Parents

The LCFF gives school districts more flexibility in deciding how to use state funds. In exchange, school districts must work with parents, educators, students, and the community to develop a Local Control and Accountability Plan (LCAP) that shows how they will use these funds to serve students.

This chart provides a quick summary of how much Eureka City Schools plans to spend for 2022-23. It shows how much of the total is tied to planned actions and services in the LCAP.

The text description of the above chart is as follows: Eureka City Schools plans to spend \$58,042,794 for the 2022-23 school year. Of that amount, \$51,745,511 is tied to actions/services in the LCAP and \$6,297,283 is not included in the LCAP. The budgeted expenditures that are not included in the LCAP will be used for the following:

Costs not included are associated with on-going non-staffing related expenses such as utilities. Additional expected expenses not captured in the LCAP but in budget are associated with potential costs with continued response to the COVID-19 pandemic. Lastly, STRs on-behalf is showing as projected revenue but is not captured as an expense.

Increased or Improved Services for High Needs Students in the LCAP for the 2022-23 School Year

In 2022-23, Eureka City Schools is projecting it will receive \$8,380,234 based on the enrollment of foster youth, English learner, and low-income students. Eureka City Schools must describe how it intends to increase or improve services for high needs students in the LCAP. Eureka City Schools plans to spend \$8,380,234 towards meeting this requirement, as described in the LCAP.

LCFF Budget Overview for Parents

Update on Increased or Improved Services for High Needs Students in 2021-22

This chart compares what Eureka City Schools budgeted last year in the LCAP for actions and services that contribute to increasing or improving services for high needs students with what Eureka City Schools estimates it has spent on actions and services that contribute to increasing or improving services for high needs students in the current year.

The text description of the above chart is as follows: In 2021-22, Eureka City Schools's LCAP budgeted \$6,749,927 for planned actions to increase or improve services for high needs students. Eureka City Schools actually spent \$6,234,955 for actions to increase or improve services for high needs students in 2021-22.

The district was short on spending to the LCAP plan as result of positions that were vacant for extended portions of the year, along with using restricted one-time COVID-19 funding to fund positions previously funded using LCFF high needs services funds.

Supplement to the Annual Update to the 2021–22 Local Control and Accountability Plan

Local Educational Agency (LEA) Name	Contact Name and Title	Email and Phone
Eureka City Schools	Gary Storts Assistant Superintendent, Educational Services	stortsg@eurekacityschools.org (707) 441-3363

California’s 2021–22 Budget Act, the federal American Rescue Plan Act of 2021, and other state and federal relief acts have provided local educational agencies (LEAs) with a significant increase in funding to support students, teachers, staff, and their communities in recovering from the COVID-19 pandemic and to address the impacts of distance learning on students. The following is a one-time mid-year report to the local governing board or body and educational partners related to engagement on, and implementation of, these Acts.

A description of how and when the LEA engaged, or plans to engage, its educational partners on the use of funds provided through the Budget Act of 2021 that were not included in the 2020–21 Local Control and Accountability Plan (LCAP).

To the greatest extent practicable, Eureka City Schools included funds provided through the Budget Act of 2021 in the 2021-22 Local Control Accountability Plan (LCAP). Goal 1 supports funded through the Budget Act include the following: Additional Math, Reading, and EL intervention teachers and EL Coach (TOSA); Additional CARE Specialists; Additional classroom paraprofessionals, EL techs, math techs, and literacy techs; Additional math tutors; Enhancement of after-school program; and a comprehensive summer school program. Goal 2 supports funded through the ARP include hiring a school social worker, an additional mental health counselor, additional Board Certified Behavior Analysts, and additional site-based behavior support aides.

The source of the Budget Act of 2021 not included in the 2021-22 LCAP was the Elementary and Secondary School Emergency Relief Fund (ESSER) III funds. These funds were not allocated until the 2021-22 LCAP was approved and submitted. An ESSER III spending plan was developed from input from the community and stakeholders, which focused on providing safe in-person learning, additional support personnel, and high-quality extended learning opportunities, including an enriching summer school program, extended learning days, classroom paraprofessional personnel, and an increase in the number of BSA's in the District. Another change is the Expanded Learning Opportunities Grant (ELO-G) resource codes were changed but were already included in the 2021-22 LCAP. All other ARP funds were included in the adopted 2021-22 LCAP.

A description of how the LEA used, or plans to use, the additional concentration grant add-on funding it received to increase the number of staff who provide direct services to students on school campuses with an enrollment of students who are low-income, English learners, and/or foster youth that is greater than 55 percent.

Eureka City Schools used the additional concentration grant add-on funding it received to directly benefit our low-income, English learners, and/or foster youth by increasing the number of staff who provide direct services in the following areas: Math, Reading English language intervention, and English language coach teachers on special assignments. Additionally, a School Social Worker, Mental Health Counselor, a Board Certified Behavior Analyst, and additional site-based behavior aides were also provided through the use of concentration grant add-on funding.

A description of how and when the LEA engaged its educational partners on the use of one-time federal funds received that are intended to support recovery from the COVID-19 pandemic and the impacts of distance learning on pupils.

Eureka City Schools engaged its educational partners early and often regarding the use of one-time funds intended to support the impacts of COVID-19 and distance learning. Meetings were held virtually and in person, with input provided verbally and through surveys. Translation services were also made available. The feedback received from ECS educational partners was consistent with feedback received during LCP, LCAP, ELO, and ESSER III meetings. Identified priorities included a commitment to safe in-person learning, additional support personnel for struggling learners (in the form of academic and social-emotional supports), enrichment opportunities, high-quality extended learning opportunities (after-school programs and summer school), extending the instructional school day, increasing the availability of school nurses, and behavioral support aides.

A description of how the LEA is implementing the federal American Rescue Plan Act and federal Elementary and Secondary School Emergency Relief expenditure plan, and the successes and challenges experienced during implementation.

Throughout the 2021-22 school year, Eureka City Schools has been open to full-day in-person learning. Successes include maintaining excellent health and safety protocols to ensure a continuity of services, including increasing Nursing services through the 23-24 school year. Additional achievements include operating an evidence-based Summer School for grades TK-12. Summer School provided two three-week sessions at the elementary and middle school grades, serving 335 students. At Eureka High School, Summer School was one four-week session, serving 165 students, including 55 incoming Freshman students. Each day, following Summer School, the Summer ASES program provided K-8 students with enrichment activities. In January 2022, the students' school day was extended by one hour per week. Also, in January 2022, TK-3 grade students are scheduled to receive 75 minutes per week of itinerant Physical Education instruction, providing ECD TK-3 grade teachers with 75 minutes of preparation time.

The primary challenge ECS experienced was staffing shortage. ECS has many vacancies, including paraprofessionals whose services directly impact student learning. Numerous vacancies are also found in our After School Program, limiting the number of students to benefit from

educationally enriching learning experiences. Staffing challenges have also prevented the successful implementation of the TK-3 grade PE program. Supply chain concerns centered around KN-95 masks, antibacterial soaps, and various education technology efforts.

A description of how the LEA is using its fiscal resources received for the 2021–22 school year in a manner that is consistent with the applicable plans and is aligned with the LEA’s 2021–22 LCAP and Annual Update.

ECS has aligned the various fiscal resources received during the 2021-22 school year with the Eureka City Schools' Local Control Accountability Plan.

Consistent with LCAP Goal 1: All students will demonstrate high academic achievement and college and career readiness in clean and modernized schools -- through the use of California's 2021-22 Budget Act, the federal American Rescue Plan Act of 2021, and other federal relief acts, ECS bolstered LCAP efforts by offering a comprehensive and evidence-based summer school program to all TK-12 grade students; extending the instructional day by 1 hour per week; increasing Teachers on Special Assignment (TOSAs) and the number of classroom teachers to ensure adequate staffing to address learning gaps that existed before and were exacerbated by COVID-19.

Consistent with LCAP Goal 2: All students will learn in a safe, equitable, and culturally responsive environment where students, families, and community are valued, connected, and engaged -- through the use of California's 2021-22 Budget Act, the federal American Rescue Plan Act of 2021, and other federal relief acts, ECS aligned LCAP efforts by increasing the number of paraprofessionals on the elementary school sites equal to two hours per classroom teachers, and by increasing Behavior Support Aides to work with students who exhibit challenging behaviors. Also aligning with ECS LCAP Goal 2 include COVID-19 safety mitigation efforts, including the universal and correct wearing of masks; modifying facilities to allow for physical distancing; handwashing and respiratory etiquette; cleaning and maintaining healthy facilities, including improving ventilation; contact tracing in combination with isolation and quarantine, in collaboration with the State, local, territorial, or Tribal health departments; diagnostic and screening testing; efforts to promote vaccinations to school communities; appropriate accommodations for children with disabilities with respect to health and safety policies; and coordination with State and local health officials.

Instructions for the Supplement to the Annual Update for the 2021–22 Local Control and Accountability Plan Year

For additional questions or technical assistance related to the completion of the Supplement to the Annual Update to the 2021–22 Local Control and Accountability Plan (LCAP), please contact the local county office of education (COE), or the California Department of Education’s

Introduction

California's 2021–22 Budget Act, the federal American Rescue Plan Act of 2021, and other state and federal relief acts have provided local educational agencies (LEAs) with a significant increase in funding to support students, teachers, staff, and their communities in recovering from the COVID-19 pandemic and to address the impacts of distance learning on students. Section 124(e) of Assembly Bill 130 requires LEAs to present an update on the Annual Update to the 2021–22 LCAP and Budget Overview for Parents on or before February 28, 2022, at a regularly scheduled meeting of the governing board or body of the LEA. At this meeting, the LEA must include all of the following:

- The Supplement to the Annual Update for the 2021–22 LCAP (2021–22 Supplement);
- All available mid-year outcome data related to metrics identified in the 2021–22 LCAP; and
- Mid-year expenditure and implementation data on all actions identified in the 2021–22 LCAP.

When reporting available mid-year outcome, expenditure, and implementation data, LEAs have flexibility to provide this information as best suits the local context, provided that it is succinct and contains a level of detail that is meaningful and accessible for the LEA's educational partners.

The 2021–22 Supplement is considered part of the 2022–23 LCAP for the purposes of adoption, review, and approval, and must be included with the LCAP as follows:

- The 2022–23 Budget Overview for Parents
- The 2021–22 Supplement
- The 2022–23 LCAP
- The Action Tables for the 2022–23 LCAP
- The Instructions for the LCAP Template

As such, the 2021–22 Supplement will be submitted for review and approval as part of the LEA's 2022–23 LCAP.

Instructions

Respond to the following prompts, as required. In responding to these prompts, LEAs must, to the greatest extent practicable, provide succinct responses that contain a level of detail that will be meaningful and accessible for the LEA's educational partners and the broader public and must, to the greatest extent practicable, use language that is understandable and accessible to parents.

In responding to these prompts, the LEA has flexibility to reference information provided in other planning documents. An LEA that chooses to reference information provided in other planning documents must identify the plan(s) being referenced, where the plan(s) are located (such as a link to a web page), and where in the plan the information being referenced may be found.

Prompt 1: *"A description of how and when the LEA engaged, or plans to engage, its educational partners on the use of funds provided*

through the Budget Act of 2021 that were not included in the 2020–21 Local Control and Accountability Plan (LCAP)."

In general, LEAs have flexibility in deciding what funds are included in the LCAP and to what extent those funds are included. If the LEA received funding through the Budget Act of 2021 that it would have typically included within its LCAP, identify the funds provided in the Budget Act of 2021 that were not included in the LCAP and provide a description of how the LEA has engaged its educational partners on the use of funds. If an LEA included the applicable funds in its adopted 2021–22 LCAP, provide this explanation.

Prompt 2: *"A description of how LEA used, or plans to use, the concentration grant add-on funding it received to increase the number of staff who provide direct services to students on school campuses with an enrollment of students who are low-income, English learners, and/or foster youth that is greater than 55 percent."*

If LEA does not receive a concentration grant or the concentration grant add-on, provide this explanation.

Describe how the LEA is using, or plans to use, the concentration grant add-on funds received consistent with California *Education Code* Section 42238.02, as amended, to increase the number of certificated staff, classified staff, or both, including custodial staff, who provide direct services to students on school campuses with greater than 55 percent unduplicated pupil enrollment, as compared to schools with an enrollment of unduplicated students that is equal to or less than 55 percent.

In the event that the additional concentration grant add-on is not sufficient to increase the number of staff providing direct services to students at a school with an enrollment of unduplicated students that is greater than 55 percent, describe how the LEA is using the funds to retain staff providing direct services to students at a school with an enrollment of unduplicated students that is greater than 55 percent.

Prompt 3: *"A description of how and when the LEA engaged its educational partners on the use of one-time federal funds received that are intended to support recovery from the COVID-19 pandemic and the impacts of distance learning on pupils."*

If the LEA did not receive one-time federal funding to support recovery from the COVID-19 pandemic and the impacts of distance learning on students, provide this explanation.

Describe how and when the LEA engaged its educational partners on the use of one-time federal funds it received that are intended to support recovery from the COVID-19 pandemic and the impacts of distance learning on students. See the COVID-19 Relief Funding Summary Sheet web page (<https://www.cde.ca.gov/fq/cr/relieffunds.asp>) for a listing of COVID-19 relief funding and the Federal Stimulus Funding web page (<https://www.cde.ca.gov/fq/cr/>) for additional information on these funds. The LEA is not required to describe engagement that has taken place related to state funds.

Prompt 4: *"A description of how the LEA is implementing the federal American Rescue Plan Act and federal Elementary and Secondary School Emergency Relief expenditure plan, and the successes and challenges experienced during implementation."*

If an LEA does not receive ESSER III funding, provide this explanation.

Describe the LEA’s implementation of its efforts to maintain the health and safety of students, educators, and other staff and ensure the continuity of services, as required by the federal American Rescue Plan Act of 2021, and its implementation of the federal Elementary and Secondary School Emergency Relief (ESSER) expenditure plan to date, including successes and challenges.

Prompt 5: “A description of how the LEA is using its fiscal resources received for the 2021–22 school year in a manner that is consistent with the applicable plans and is aligned with the LEA’s 2021–22 LCAP and Annual Update.”

Summarize how the LEA is using its fiscal resources received for the 2021–22 school year to implement the requirements of applicable plans in a manner that is aligned with the LEA’s 2021–22 LCAP. For purposes of responding to this prompt, “applicable plans” include the Safe Return to In-Person Instruction and Continuity of Services Plan and the ESSER III Expenditure Plan.

California Department of Education
November 2021

Local Control Accountability Plan

The instructions for completing the Local Control and Accountability Plan (LCAP) follow the template.

Local Educational Agency (LEA) Name	Contact Name and Title	Email and Phone
Eureka City Schools	Gary Storts Assistant Superintendent	stortsg@eurekacityschools.org (707) 441-3364

Plan Summary [2022-23]

General Information

A description of the LEA, its schools, and its students in grades transitional kindergarten–12, as applicable to the LEA.

Eureka City Schools (ECS) serves students in grades Pre-K through twelve. The District has nine schools; one preschool, four elementary schools, two middle schools, one comprehensive high school, and one continuation high school. Our district also provides an adult school in partnership with the College of the Redwoods. ECS is the largest of the thirty-one school districts in Humboldt County, with a student enrollment of approximately 3,600. The District covers a wide geographic area with students matriculating into our secondary schools from five “feeder districts;” South Bay, Cutten-Ridgewood, Kneeland, Garfield, and Freshwater.

The demographics of our student body are as follows (2021-22 data): English Learners = 17.2%, Foster Youth = 1.1%, Homeless Youth = 5.2%, Students with Disabilities = 15.8%, and Socioeconomically Disadvantaged = 70.7%. We have the most culturally and ethnically diverse student body in Humboldt County. Ethnically (2021-22 data), our students are 2.1% African American, 5.4% Native American, 11.6% Asian, 0.5% Filipino, 25.2% Hispanic or Latino, 1.4% Pacific Islander, 42.9% White, and 10.8% two or more races. Our district families speak more than twenty (20) different languages.

We are known throughout the region for our innovative and award-winning programs. Eureka High School is an AVID (Advancement Via Individual Determination) Site of Distinction, while both middle schools and one elementary are "AVID schoolwide." EHS boasts the most comprehensive Career and Technical Education offerings in the region. STEAM programs are available to students at the middle levels. Several of our schools have been awarded the CA Gold Ribbon. We understand that we must provide our staff with ongoing professional learning opportunities for student outcomes to improve. For the 2021-22 school year, teachers will have a chance to engage in 6 days of professional development and optional after-school teacher academies. As a district, we have committed to investing in a CARE (Comprehensive Approaches to Responsive Environments) team to provide much of this ongoing professional development.

To serve our very diverse student population, ECS has many initiatives in place and takes advantage of several State and Federally funded grants, including TK-5 Arts Integration, Mental Health Demonstration, End Hate, Bridges to Success Mental Health, TUPE, Learning

Communities for School Success, Strong Workforce Program and Wild Rivers Indian Education. Eureka High is also working within the CTEIG grant, which helps pay CTE teacher salaries. These grants support the District's vision, mission, strategic plan priorities, and the LCAP Goals.

ECS also receives Title I funding that we use to support our socioeconomically disadvantaged students. These funds are disbursed to the school sites, where school site councils determine how the monies are used. Additionally, the District receives Title III funds to serve our EL and Immigrant population, Title IV to support the academic achievement of our American Indian students, and operates an after-school program at our elementary and middle school sites through the After School Education and Safety Program (ASES).

Vision Statement:

Inspiring academic Excellence, Creativity, and the confidence to Succeed - ECS

Mission Statement:

In partnership with families and communities, Eureka City Schools promotes academic success and career readiness for every student. We are committed to:

- Ensuring rigorous and innovative programs through high standards of teaching and learning
- Providing a safe and supportive learning environment Embracing our diversity as a strength
- Promoting creative expression, critical thinking, and digital literacy
- Offering relevant learning opportunities to help guarantee a sustainable future
- Developing responsible, productive, and ethical citizens for our communities and the world.

Reflections: Successes

A description of successes and/or progress based on a review of the California School Dashboard (Dashboard) and local data.

Goal 1: Success reflected in Goal 1 outcomes include the following: all students have standards-aligned textbooks for access to a high-quality education, ECS retained a high percentage of valued classified employees, Eureka High School increase the percentage of students graduating A-G ready, and finally ECS middle schools and high schools provide robust course offerings.

Goal 2: Success reflected in Goal 2 outcomes include the following: suspension and expulsion rates decreased, translation services via Language Line were increased, and the number of community partners increased considerably.

Reflections: Identified Need

A description of any areas that need significant improvement based on a review of Dashboard and local data, including any areas of low performance and significant performance gaps among student groups on Dashboard indicators, and any steps taken to address those areas.

Goal 1: Needs identified in Goal 1 include ELA and Math student achievement scores as indicated in summative CAASPP scores, and Reclassified Fluent English Proficient (RFEP) for English learning students needs to increase.

Goal 2: Needs identified in Goal 2 include: decreasing the drop-out rates in high school (slight increase) and students' perception of safety.

LCAP Highlights

A brief overview of the LCAP, including any key features that should be emphasized.

Student success in English-Language Arts and Mathematics did not reflect the efforts of students, staff, and leadership. ECS will refocus efforts coming out of the Educational Services office moving forward. With the addition of a Director of Curriculum, Instruction, and Assessment and a CARE Specialists shift to emphasize the subject and grade-span specific instructional coaching, greater capacity to support systems alignment will be available to assist classroom teachers and school-level leadership. Particular areas of emphasis will include the following;

- Monitoring short-and-long-term goals
- Targeted professional development
- Providing rigorous evidence-based instruction, and
- Building a solid community intensely focused on student learning

Comprehensive Support and Improvement

An LEA with a school or schools eligible for comprehensive support and improvement must respond to the following prompts.

Schools Identified

A list of the schools in the LEA that are eligible for comprehensive support and improvement.

Zoe Barnum High School

Support for Identified Schools

A description of how the LEA has or will support its eligible schools in developing comprehensive support and improvement plans.

N/A - Zoe Barnum was in CSI due to a low (<67%) average graduation rate. Due to the focused attention on this issue, the 2019-2020 and 2020-21 graduation rates increased well beyond the threshold, moving Zoe Barnum out of CSI.

Monitoring and Evaluating Effectiveness

A description of how the LEA will monitor and evaluate the plan to support student and school improvement.

N/A

Engaging Educational Partners

A summary of the process used to engage educational partners and how this engagement was considered before finalizing the LCAP.

During the LCAP development process, input was sought in the following ways:

We utilized the site councils at each of our schools for this purpose. The writing team met with school site councils at all elementary schools and both middle schools as follows -

Alice Burney, March 15, 2022

Grant, March 9, 2022

Lafayette, March 15, 2022

Washington, February 16, 2022, and March 23, 2022

Winship, March 21, 2022

Zane, February 10, 2022

Zoe Barnum, February 15, 2022

District English Language Acquisition Committee, February 15, 2022

At these meetings, the LCAP writing team members conducted a presentation that included a summary of outcome data for each goal (as per the Annual Update). Following the presentation, individuals present were involved in a process to review current and proposed actions and services. Principals reached out to EL and SED parents to encourage their attendance and input at the meetings.

Additionally, we conducted four (4) online surveys (certificated staff, classified staff, students, parents/guardians - a separate survey in Spanish and English) with a total response from 736 educational partners. We also conducted a consultation meeting with each of our bargaining groups (certificated and classified).

Classified Staff, March 29, 2022

Certificated Faculty, March 29, 2022

Parents and Community, March 31, 2022

Faculty Comprehensive Assessment of Leadership and Learning (CALL) Survey, March 7, 2022

Leadership/District Office Comprehensive Assessment of Leadership and Learning (CALL) Survey, March 22, 2022

Board Meetings: The Board was provided with regular updates on the 2022-23 LCAP development during meetings from February to June 2022. During these meetings, the Board and the public were provided with an overview of the progress of LCAP development. All stakeholder input was provided to the Board, and proposed actions and services were discussed for 2021-22. The public hearing and adoption of the LCAP occurred during separate regularly scheduled school board meetings in June 2022.

Cabinet Review: The 5-member District Cabinet was regularly updated on the progress of the LCAP throughout the 2022-23 school year.

A summary of the feedback provided by specific educational partners.

Goal #1 Supporting Student Achievement

Parents/Guardians: (1st) Competitive Salaries, (2nd) Arts Education, and (3rd) Expanded Learning Opportunities

Certificated Staff : (1st) Competitive Salaries, (2nd) Reduce Class Size, and (3rd) Provide Students and Teachers will Additional Resources.

Classified Staff: (1st) Competitive Salaries, (2nd) Staff Training, and (3rd) Arts Education

Students: (1st) Extra help in specific subjects, (2nd) Language opportunities, (3rd) Extended learning opportunities

Goal #2 School Climate and Student Engagement

Parents/Guardians: (1st) Social Emotional and Mental Health Supports, (2nd) Staff Training, and (3rd) Health and Wellness

Certificated Staff : (1st) Social Emotional and Mental Health Supports, (2nd) Health and Wellness, and (3rd) Staff training

Classified Staff: (1st) Social Emotional and Mental Health Supports, (2nd) Supports to Increase Student Attendance, and (3rd) Staff training.

Students: (1st) Awards and prizes for student achievement, (2nd) Extracurricular activities at lunch and/or after school, (3rd) Support when starting a new school

A description of the aspects of the LCAP that were influenced by specific input from educational partners.

Our stakeholders' feedback was reviewed, and action plans were developed. The input was considered to help determine changes for the annual plan. As part of this process, consideration was taken from the most recent budget projections and the potential cost of the actions in the context of the need it addressed. This helped determine the net impact of the proposed actions and services and included those actions that provided the most significant impact. The goal in the process was to distill the information down to a realistic number of priorities to ensure that our goals were achievable. Valuable feedback was received to help us modify existing services to improve the impact that these services had on students. Examples of such services that will be increased, modified, or increased in 2022-23 include the following:

- CARE Specialists to have a more specific curricular and grade-span focus for greater instructional classroom support and targeted professional development, and
- BSA's on each elementary campus

Goals and Actions

Goal

Goal #	Description
1	<p>All students will demonstrate high academic achievement and college and career readiness in clean and modernized schools.</p> <p>Focus Goal 1.1: Ensure all students have access to CCSS-aligned instructional materials and student supplies.</p> <p>Focus Goal 1.2: Increase the delivery of high-quality instruction through ongoing professional development.</p> <p>Focus Goal 1.3: Provide competitive salaries and benefits to recruit and maintain a high-quality staff.</p> <p>Focus Goal 1.4: Ensure all students have access to clean, safe, and well-maintained facilities, including appropriate technology.</p> <p>Focus Goal 1.5: Increase the number of students who graduate college and career ready.</p> <p>Focus Goal 1.6: Ensure all students have access to a multi-tiered system of supports with a focus on language arts, math, and ELD instruction leading to improved EL Reclassification Rates.</p> <p>Focus Goal 1.7: Increase student participation in a broad course of study including enrichment opportunities and advanced coursework, with an emphasis on underrepresented students.</p>

An explanation of why the LEA has developed this goal.

We continue in our commitment to providing grade-level content and instructional rigor. We will prioritize what content is taught to ensure depth of knowledge over pacing. This will be evident in our grade-level collaborations and standard pacing/content delivery guides. We will differentiate for all learners so they can access learning targets. We will assess students to identify gaps in learning and provide appropriate interventions to address those gaps.

Based on stakeholder input and a review of Dashboard data, we will maintain English learners' services to continue to close the achievement gap. To this end, we will increase intervention services at all sites to support low-performing students. Additionally, we will maintain our AVID offerings to include Eureka High School, middle schools, and one of our elementary schools. Professional Development remains a focus, and to this end, we will expand our successful Teacher Academies to include special education, elementary, secondary, technology, and social-emotional. According to the CA Dashboard, our homeless students need additional academic support. To this end, we are focusing our professional development for staff on supporting at-risk students through training on trauma-informed practices, and throughout the District and within each school site, we are "data digging" to identify areas for improvement; implementing interim assessments; providing additional support for current initiatives, including the new ELA adoptions in TK-5 and Middle School, CM, and AVID; identifying and assigning appropriate CAASPP designated supports and accommodations for identified student populations (SWD, EL). Within an MTSS academic framework, we provide each of our sites with a CARE (Comprehensive Approach to Responsive Environments) Specialist - a teacher on special assignment who will support teachers with implementing teaching best practices.

Measuring and Reporting Results

Metric	Baseline	Year 1 Outcome	Year 2 Outcome	Year 3 Outcome	Desired Outcome for 2023–24
1.1 a. District Williams Report, Annual Board Resolution on Sufficiency of Instructional Materials, Curriculum/ materials inventory including ELA-ELD materials	100% of students have access to their own copy of standards-aligned Instructional materials for use at school and at home for 2019-20	100% of students have access to their own copy of standards-aligned Instructional materials for use at school and at home for 2020-2021.			Maintain 100% access to instructional materials per Williams Act
1.1 b. Implementation of State Standards - # of content areas where CCSS aligned curriculum is being utilized	For 2019-20 TK-5 CCSS aligned curriculum adopted; Fountas and Pinnell and Everyday Math.	For 2020-21 TK-5 CCSS aligned curriculum adopted; Fountas and Pinnell and Everyday Math.			1.1 b. All Districtwide Core Curriculum will be CA Standards/CA Framework aligned
1.1 c. EL access to CA Standards including ELD standards - use of ELD supports to ensure ELs make progress in core academic subjects.	100% use of EL Achieve materials for students grades TK-5 (for English learners) Math is CCSS aligned TK-Alg 2 Social Studies follows State Framework and current texts have been adopted 6th through 12th	100% use of EL Achieve materials for students grades TK-5 (for English learners) Math is CCSS aligned TK-Alg 2 Social Studies follows State Framework and current texts have been adopted K-12 from Teacher Curriculum Institute (TCI) district-wide			1.1 c. All EL students have access (and instruction in) systematic ELD for elementary and Constructing Meaning for secondary. All teachers trained in systematic ELD and Constructing Meaning (depending on grade level taught)

Metric	Baseline	Year 1 Outcome	Year 2 Outcome	Year 3 Outcome	Desired Outcome for 2023–24
	<p>NGSS implementation is in the initial implementation</p> <p>Inconsistent use of evidence-based ELD approaches to instruction (systematic ELD in elementary and Constructing Meaning in secondary). Some teachers trained in Systematic ELD and Constructing Meaning.</p>	<p>NGSS implementation 6-8 Amplify Science, K-5 has NGSS model lessons, 9-12 has aligned Biology, Chemistry</p> <p>Inconsistent use of evidence-based ELD approaches to instruction (systematic ELD in elementary and Constructing Meaning in secondary). Some teachers trained in Systematic ELD and Constructing Meaning.</p>			
1.2 District enrollment reports (Census Day)	Census Day enrollment for 2019-20 is 3673 students and was 3643 for 2018-19 which is an increase of .82%	Census Day enrollment for 2020-21 is 3540 students and was 3673 for 2019-20 which is decrease of 3.62%			Increase enrollment by 1%
1.3 a. Certificated: Analysis of percentage of teachers in probationary and temporary status as compared to all teachers	<p>2018-19 (191 teachers) Probationary 29.8% Temporary 8.4%</p> <p>2019-20 (201 teachers) Probationary 26.8% Temporary 8.5%</p>	<p>2021-22 (205 teachers) Probationary 20% Temporary 9.8%</p>			18% or less of all teachers will be probationary teachers and 5% or less of all teachers will be temporary teachers

Metric	Baseline	Year 1 Outcome	Year 2 Outcome	Year 3 Outcome	Desired Outcome for 2023–24
	2020-21 (187 teachers) Probationary 19.3% Temporary 5.3%				
1.3 a. Classified: Percentage of new employees who obtain permanency. CSEA employees.	<p>2019 - 2020 school year: 40 classified staff became permanent that year 20 classified staff quit or were terminated that year before becoming permanent 50%</p> <p>2020 - 2021 school year: 28 classified staff became permanent (we had a hiring freeze, so fewer people were hired) 17 classified staff quit or were terminated before becoming permanent 60.7%</p>	2021 - 2022 school year: 87 classified staff became permanent 9 classified staff resigned or were terminated before becoming permanent 10%			40% or less of classified staff will quit or be terminated by the 2023-24 school year
1.3 b. CALSAAS report	4 misassignments and 1 vacancy	2 mis-assignments			100% of teachers appropriately credentialed and assigned

Metric	Baseline	Year 1 Outcome	Year 2 Outcome	Year 3 Outcome	Desired Outcome for 2023–24
1.4 a. Technology inventory. Yearly calculation of student to computer ratio	District ratio is 1:2 computers to students for 2019-20	We have the numbers for 1:1 - we just haven't completed/decided on full 1:1 yet...			Maintain district ratio 1:1 computers to students
1.4 b. Facility Inspection Tool (FIT) of clean and safe facilities "Good"	In spring of 2020 ECS had 7 out of 9 schools rate as "good".	In spring of 2021 ECS had 7 out of 9 schools rate as "good".			9 out of 9 schools rate as "good".
1.5 a. Metric	Baseline	Year 1 Outcome	Year 2 Outcome	Year 3 Outcome	Desired Outcome for 2023–24
	7-12 students have access to all required courses and electives at the 9-12 level, there is a broad selection of CTE, art, language, and electives. ECS is also an AVID district, with grade-level classes 9-12.	7-12 students have access to all required courses and electives at the 9-12 level, there is a broad selection of CTE, art, language, and electives. ECS is also an AVID district, with grade-level classes 9-12			

Actions

Action #	Title	Description	Total Funds	Contributing
1.1	1.1-1.7 A. Additional Actions and Services at school sites	Each site's School Plan for Student Achievement (SPSA) denotes actions and services that further support LCAP Goal 1.	\$1,227,913.00	
1.2	1.1 a. School supplies	Ensure targeted subgroups have access to school supplies	\$769,141.00	Yes
1.3	1.1 b. Provide a district librarian	District librarian whose work is principally directed to supporting unduplicated students	\$45,202.00	Yes
1.4	1.1 c. Library techs	Provide library tech hours for all sites based on enrollment	\$103,516.00	Yes
1.5	1.1 d. Appropriate Curriculum for all students	Select, acquire and implement curriculum: CCSS aligned, ELD, class-sets for use at school, and replacement materials to include	\$131,124.00	No

Action #	Title	Description	Total Funds	Contributing
		purchasing EL-specific supplementary materials and intervention support materials for targeted subgroups.		
1.6	1.1 f. Independent reading materials-reading and math assessment tools	Provide students with independent reading materials and assessments (Accelerated Reader and STAR 360 for 4-8; Accelerated Math for 6-8)	\$253,575.00	Yes
1.7	1.2 a. Provide collaboration time for teachers	Provide collaboration time for teachers.	\$300,908.00	Yes
1.8	1.2 b. NGSS implementation (Costs captured in goal 1 action 16)	Maintain a leadership team to facilitate teacher proficiency for NGSS implementation.		No
1.9	1.2 c. NGSS teacher training (Costs captured in goal 1 action 16)	The instructional Coach will facilitate a training for all elementary teachers in NGSS.		No
1.10	1.2 d. CARE Specialists	Provide CARE Specialists, TK-12 as needed for academic supports.	\$426,940.00	Yes
1.11	1.2 f. Additional PD day for all teachers	All teachers will participate in one additional District day of professional development (over 2018-19) for the purpose of CCSS implementation training. Training costs captured in general staffing actions.	\$346,796.00	Yes

Action #	Title	Description	Total Funds	Contributing
1.12	1.2 g. Fidelity to district initiatives	Provide additional day of teacher professional development (over 2018-2019) for the purpose of aligning and implementing with fidelity district initiatives with improved student outcomes.	\$85,446.00	Yes
1.13	1.2 h. Professional Development and collaboration	Provide additional day of teacher professional development (over 2018-2019) for the purpose of aligning and implementing with fidelity district initiatives with improved student outcomes such as AVID, Construction Meaning, PBIS and restorative practices.	\$33,994.00	Yes
1.14	1.2 i. Intervention services	Teachers may provide additional intervention services for struggling students especially targeting homeless and foster youth.	\$101,983.00	Yes
1.15	1.3 a. The hiring and retaining of highly qualified staff	The hiring and retaining of highly qualified staff is particularly important to ensure that the needs of our targeted "high risk" student population (with emphasis on all student groups in the "red" category as per CA Dashboard) are met. To do so, while simultaneously increasing teachers' instructional preparation, provide an additional Professional Development day within the school calendar (above 2018-2019 number) for all certificated staff	\$476,547.00	Yes
1.16	1.3 b. Provide staffing to implement LCAP goals	Ensure staffing is at the appropriate levels to successfully implement the LCAP while aligning to ECS's Strategic Plan Priority item number three.	\$21,390,678.00	No
1.17	1.4 a. Technology	Provide support for technology use for student learning	\$157,022.00	No

Action #	Title	Description	Total Funds	Contributing
1.18	1.4 b. Maintain the technology plan (Costs captured in goal 1 action 16)	Maintain the technology committee to oversee the plan for technology purchases, professional use by staff, and appropriate student use to promote learning with an emphasis on access to and incorporation of technology at school by socio-economically disadvantaged, English Learners and foster youth		No
1.19	1.4 c. Computer and technology purchases	Maintain 1:1 district student/computer ratio. This action is primarily directed towards meeting the needs of our unduplicated students.	\$692,518.00	Yes
1.20	1.4 d. Maintain facilities and grounds	Maintain facilities and grounds in good repair and replace equipment as needed in order to meet district standards.	\$2,004,073.00	No
1.21	1.5 a. Class size	Maintain average below contracted class size numbers for grades 4-12	\$1,014,844.00	Yes
1.22	1.5 b. Combination classes	Combination classes are permissible at the elementary schools in order to account for fluctuations in grade level enrollment and to ensure that we stay within GSA limits	\$84,986.00	Yes
1.23	1.5 c. Summer school	Provide summer school instruction for all students K-12 with an emphasis on credit recovery 9-12 and significant sub groups who need intervention at all grades		Yes

Action #	Title	Description	Total Funds	Contributing
1.24	1.5 d. Classroom based assessments (Costs captured in goal 1 action 16)	Select assessments and implement consistent classroom based formative and summative assessment at each grade level and train all staff with an emphasis on unduplicated student sub groups		No
1.25	1.5 e. Staff collaboration and release time (Costs captured in goal 1 action 16)	Provide release time and/or paid outside of contract time for staff collaboration to provide intervention and supervision with an emphasis on unduplicated students.		No
1.26	1.5 g. ELA and math PD (Costs captured in goal 1 action 16)	Provide opportunities for English Language Arts and Math integration through professional development and collaboration.		No
1.27	1.5 h. Student literacy and math skills across the curriculum (Costs captured in goal 1 action 16)	Support student literacy and math skills and competencies across the curriculum and content areas including Science, History Social Science, Physical Education, Visual and Performing Arts, Modern and World Languages		No
1.28	1.5 i. Data tracking system	Provide a data tracking system for credentialed staff to monitor student performance and include training for its use to better monitor progress of unduplicated students	\$170,698.00	Yes
1.29	1.5 j. Middle and High School Counselors	Maintain post-secondary education planning through high school and middle school counseling services, especially at the middle school level prior to 9th grade balloting in January. At the high school level there will be counseling technician support specifically targeted towards successful progress for our Homeless Youth.	\$172,752.00	Yes
1.30	1.5 k. Language Courses	Provide Yurok Language courses	\$33,994.00	Yes

Action #	Title	Description	Total Funds	Contributing
1.31	1.5 l. Broad course offering for College preparedness	Provide access to college prep courses, AP courses, and college courses (Concurrent and Dual enrollment). Investigate increase in sections including zero periods with an emphasis on unduplicated students	\$84,986.00	Yes
1.32	1.5 m. College and Career skills (Costs captured in goal 1 action 16)	Provide instruction and materials in academic research and other college and career skills per CCSS		No
1.33	1.5 n. Wild Rivers Indian Education Grant	Utilizing funding from Wild Rivers Indian Education grant to support students in grades 6-12 to ensure that they are on track for graduation and future college and career readiness.	\$139,906.00	No
1.34	1.6 a. Intervention Teachers	Provide intervention teachers to support low performing students. This action is primarily directed towards unduplicated students.	\$352,431.00	Yes
1.35	1.6 b. Provide Literacy, Math, and EL technicians	Provide Literacy, Math, and EL technicians	\$239,119.00	Yes
1.36	1.6 c. Support for significant sub groups (Costs captured and split across goal 1 action 6, 14, 15,16, 29, 34 and 35)	Provide staffing to support students who are Homeless Youth, English Learners and/or Socio-economic Disadvantaged. Maintain sections of EL support at secondary level.		Yes

Action #	Title	Description	Total Funds	Contributing
1.37	1.6 e. PD for EL and SED students (Costs captured and split across Goal 1 actions 11, 12, and 13.)	Provide appropriate technology infrastructure (including teacher access to copiers, printers, computers)	\$20,993.00	No
1.38	1.6 e. PD for EL and SED students (Costs captured and split across Goal 1 actions 11, 12, and 13)	Provide professional development to all credentialed staff and classified techs in strategies that target EL and SED growth		Yes
1.39	1.6 f. PD for foster youth and trauma informed practices (Costs captured and split across Goal 1 actions 11, 12, and 13)	Provide professional development in working with Foster Youth and trauma informed practices to all credentialed staff and classified staff		Yes
1.40	1.6 g. PD for working with homeless students (Costs captured and split across Goal 1 actions 11, 12, and 13)	Provide professional development in working with homeless students to all credentialed staff and classified staff		Yes
1.41	1.6 i. Special education services	Provide students with disabilities with appropriate supports and services.	\$8,964,534.00	No
1.42	1.7 a. AVID district wide	Maintain student access to advanced study through support for AVID at Zane and Grant and advance AVID strategies schoolwide at Winship and EHS. Send an additional elementary team to AVID Summer Institute- Alice Birney or Washington*with a focus on recruiting students from the unduplicated count.	\$118,981.00	Yes

Action #	Title	Description	Total Funds	Contributing
1.43	1.7 b. Elementary music	Provide student access to elementary music programs.	\$195,338.00	No
1.44	1.7 c. Instrument repair	Ensure funding to maintain musical instruments in good working order.	\$15,000.00	No
1.45	1.7 d. Art supplies	Maintain available visual arts supplies and materials for students to ensure access to students in unduplicated count	\$25,000.00	No
1.46	1.7 e. Replace art materials and equipment	Replace damaged or worn visual arts supplies, equipment and materials	\$15,000.00	No
1.47	1.7 g. GATE identification (Cost captured in goal 1 action 16)	Continue to communicate a protocol for identifying potential GATE students, especially targeting students new to the District after 4th grade.		No
1.48	1.7.h. Create Grant and other VAPA	Elementary teachers will have the opportunity to participate in professional development to enhance the integration of visual and performing arts with CCSS lessons and instruction		No
1.49	1.7.h. Project based learning/competitions (Costs captured in goal 1 action 5, 11 and 48)	Outreach to community organizations and resources to support enrichment and project based learning in History/Social Science, Science, and VAPA to support CCSS.		No
1.50	1.7 i. Career Technical Education	Maintain and/or Increase quantity and quality of Career Technical Education offerings and enrollment at the secondary level to include students who do not traditionally enter these fields with an emphasis on students in unduplicated count. This will be partially accomplished	\$475,807.00	Yes

Action #	Title	Description	Total Funds	Contributing
		through the use of CTEIG, Perkins and School Workforce Program (SWP) funds.		
1.51	1.7 k. Middle School CTE (Cost captured in goal 1 action 16)	Ensure that CTE pathways are available to students beginning in middle school with an emphasis on students in unduplicated count		Yes
1.52	1.7 l. World Language offerings (Cost captured in goal 1 action 16, 26, 27, 30)	Sustain pathways to achieve Bi-Literacy.		No
1.53	1.1-1.7 B. Additional Actions and Services	Further actions and services that support LCAP Goal 1 are captured in the ELO Plan or specified in allocations for ESSER II and IPI.	\$8,104,343.00	No

Goal Analysis [2021-22]

An analysis of how this goal was carried out in the previous year.

A description of any substantive differences in planned actions and actual implementation of these actions.

Planned actions and actual implementation of these actions went accordingly with the exception that the NGSS coach was unable to support teachers as planned and some professional development was unable to happen due to lack of substitutes due to Covid-19. In addition, there was a significant decline in the percentage of district owned instruments maintained in good repair. There were no other substantive differences.

An explanation of material differences between Budgeted Expenditures and Estimated Actual Expenditures and/or Planned Percentages of Improved Services and Estimated Actual Percentages of Improved Services.

1.1) An increased amount of the Title I apportionment was coded to TOSA's, which are included in Goal/Action 1.10. Remaining decrease due to a delay in curriculum adoption. 1.2) Purchase of supplies and materials were instead purchased with one-time funds. See Goal/Action 1.53 increase. 1.3) Vacation position led to a decrease in District Library costs. 1.4) Vacation position led to a decrease in Library tech costs 1.5) The implementation of curriculum was delayed to 22/23 fiscal year. In addition, PE curriculum update was funded using Title I funds in

Goal/Action.1.1. 1.16) Employees were instead funded using one-time COVID funds. See Goal/Action 1.53 for expenses captured. 1.17) The majority of technology upgrades were purchased with one-time COVID funds. See Goal/Action 1.53 for expenditures. 1.19) The majority of technology upgrades were purchased with one-time COVID funds. See Goal/Action 1.53 for expenditures. 1.20) Delayed projects to supply line delays. In addition, an increased focus was put on bond projects, were are not included in the LCAP. 1.33) Small fluctuations in hours worked. Only a \$13K difference. 1.34) Vacant position throughout the year.1.37) Costs of infrastructure was paid for with one time COVID funds. See Goal/Action 1.53. In addition, site copier costs were passed to school sites in unrestricted funds. 1.50) Some expenditures delayed to the 22/23 fiscal year to allow for larger CTEIG upgrades. 1.53) Increase due to additional one-time COVID funds issued after the 21/22 LCAP was approved. This led to an increase in ongoing operating costs being coded to these funds, specifically ESSER III funds.

An explanation of how effective the specific actions were in making progress toward the goal.

In 2021-2022 various additional services and personnel were added with increased funding from a variety of sources, many due to COVID and learning loss funding sources. Intervention supports were increased at the elementary and middle school levels with additional lit tech, math tech and intervention teacher hours. Part time aides were added to lower elementary classrooms. Other successes were providing additional hours for Literacy, Math, and EL technicians. This included math techs at the secondary level. Through grant and ESSR funding two guidance techs were added at the high school level.

A description of any changes made to the planned goal, metrics, desired outcomes, or actions for the coming year that resulted from reflections on prior practice.

Continued work on selecting assessments and implementing consistent classroom based formative and summative assessment at each grade level and training all staff. Updated A-G goal to focus on Eureka High School rate vs district rate to measure progress towards state and county averages. There was a significant decline in the percentage of instruments in good repair due to the fact that instruments were kept at home and music classes were held online during the Covid 19 pandemic. Continued efforts and funding will be put towards ensuring that musical instruments are repaired and maintained in good working condition.

A report of the Total Estimated Actual Expenditures for last year's actions may be found in the Annual Update Table. A report of the Estimated Actual Percentages of Improved Services for last year's actions may be found in the Contributing Actions Annual Update Table.

Goals and Actions

Goal

Goal #	Description
2	<p>All students will learn in a safe, supportive, equitable, and culturally responsive environment where students, families, and community are valued, connected, and engaged.</p> <p>Focus Goal 2.1: Increase student attendance with an emphasis on improving attendance for targeted groups.</p> <p>Focus Goal 2.2: Increase promotion and graduation rates for all students.</p> <p>Focus Goal 2.3: Decrease suspension and expulsion rates for all students.</p> <p>Focus Goal 2.4: Increase the level of student physical, mental, and social/emotional health through a multi-tiered system of supports.</p> <p>Focus Goal 2.5: Increase the number and types of opportunities for families to meaningfully engage in our schools.</p> <p>Focus Goal 2.6: Increase partnerships with community agencies, businesses, and institutions</p>

An explanation of why the LEA has developed this goal.

Eureka City Schools is committed to providing safe, supportive, equitable, and culturally responsive learning environments where students, families, and the community are valued. We prioritize support for students to maximize students' ability to access the quality education provided on our school campuses.

We will maintain and increase student support services and parent engagement activities based on stakeholder input and data review. We will focus on improving student attendance and graduation rates, supporting foster and homeless youth, and involving stakeholders in district decision-making and participation. Providing alternatives to suspensions and restorative practice supports will increase student safety and engagement. Utilizing a multi-tiered system of supports, students will perceive their school as a safe environment that supports physical, mental, and social/emotional health. To increase parent engagement in our schools, we will increase the availability of translation services for onsite events and communication materials for families at all school sites. Partnerships with community agencies, businesses, and institutions are essential for our district program. By tracking partnerships across school sites, we will bridge the services and partnerships across all school sites to support students and families. These efforts will be evident in our increased graduation and attendance rates, lower suspension rates, and increased stakeholder input and participation.

Measuring and Reporting Results

Metric	Baseline	Year 1 Outcome	Year 2 Outcome	Year 3 Outcome	Desired Outcome for 2023–24
<p>2.1 a. Student attendance as tracked by monthly attendance rates spreadsheets. Through the use of PowerSchool and Attention to Attendance data systems, ECS, assist families, problem-solves barriers, and actively promotes daily school attendance.</p> <p>2.1 b. Using Dashboard Data determine chronic absenteeism rate</p>	<p>2.1 a. 2019 P2 Data: 93.91% Attendance rate</p> <p>2.1 b. 2019: 16.3% Chronic Absenteeism rate</p>	<p>2.1 a 2022 P2 Data: 88.74%</p> <p>2.1 b. 2021 Chronic Absenteeism rate 14.9%</p>			<p>2.1 a. Overall District Attendance rate 96%</p> <p>2.1 b. Overall District Chronic Absenteeism rate 13%</p>
2.1 c. % of Foster Youth who remain enrolled at one school all year long	2020-21= 92.7%	2021-2022 = 84.31%			2.1 c. Increase % of Foster Youth who remain enrolled at one school all year long to 97%
2.2 a. Graduation rates as tracked by the California Department of Education's Dashboard	<p>2.2 a.</p> <p>2018-2019 cohort- 92.9%</p> <p>EL-88%</p> <p>SES-90.4%</p>	<p>2.2 a. 2020-2021 cohort- 90.9%</p> <p>EL-86.7%</p> <p>SES-88.3%</p> <p>FY-73.3%</p>			<p>2.2 a. Graduation rates: Cohort- 95%</p> <p>EL- 94%</p> <p>SES- 92%</p>

Actions

Action #	Title	Description	Total Funds	Contributing
2.1	2.1 a. Transportation	Maintain transportation for students living outside of a mile to attend school	\$1,343,460.00	Yes
2.2	2.1 b. Attendance Tracking	Continue to monitor PowerSchool for attendance and A2A for non-attendance tracking and reporting	\$29,600.00	No
2.3	2.1 c. Chronic Absenteeism	Address the high chronic absenteeism in the district utilizing the 3-yr (ending in June 30, 2022) Learning Communities for School Success Program (LCSSP) grant.	\$217,431.00	No

Action #	Title	Description	Total Funds	Contributing
2.4	2.2 a. High School Readiness (Cost captured in Goal 1 action 42)	Provide Freshman seminar or AVID 9 to all 9th graders		No
2.5	2.2 d. High School Readiness (Cost captured in goal 1 action 14, 16 and 34.)	Provide appropriate math intervention to ensure students entering ninth grade math are successful in algebra		No
2.6	2.3 a. School Climate (Cost captured in goal 1 action 1 and 16.)	Implement strategies specified in school safety plans and SPSAs		No
2.7	2.3 b. Alternatives to Suspension (Cost captured in goal 1 action 16.)	2.3 Assign staff to provide alternatives to suspension		No
2.8	2.3 c. PBIS (Cost captured in goal 1 and goal 16.)	Maintain positive school climate and engagement through Positive Behavior Interventions & Supports and Restorative Practice implementation		No
2.9	2.3 d. Universal Screening	Conduct "Universal Screening" in order to determine appropriate services for students	\$2,500.00	No
2.10	2.4 a. Health and Physical Education (Cost captured in goal 1 action 12 and 16.)	Provide training for staff to impliment health and physical education programs		No
2.11	2.4 b. Extracurricular Activities (Cost captured in goal 1 action 16).	Ensure that students have a wide variety of opportunities to participate in extra curricular activities.		No

Action #	Title	Description	Total Funds	Contributing
2.12	2.4 c. School based Health Professionals	School Based Health Professionals provide services to our unduplicated population.	\$771,276.00	Yes
2.13	2.4 d. Restorative Practices	Students shall receive appropriate support to engage in restorative practices.	\$172,000.00	Yes
2.14	2.4 e. Tier III Support	Provide adequate staffing to meet the needs of students requiring intensive interventions for socio-emotional well being and mental health.	\$135,296.00	Yes
2.15	2.4 f. Prevention/Deescalation Techniques and Training	Provide CPI Training/De-escalation techniques and training for staff		No
2.16	2.4 g. CARE Specialist (Costs captured in Goal 1 action 10 and 53).	Provide CARE specialists for TK-12 as needed for socio-emotional/behavioral support.		No
2.17	2.4 h. Supervision of Students (Costs captured in Goal 1 action 16).	Ensure adequate levels of supervision of students to maintain a safe and supportive school environment.		No
2.18	2.4 i. Student Mental Health	Implement mental health services for students and families.		No
2.19	2.4 e Provide mental health support	Implement mental health services for students and families through Humboldt Bridges Mental Health grant.	\$297,860.00	No

Action #	Title	Description	Total Funds	Contributing
2.20	2.4 k. Counselors (Cost captured in goal 1 action 29)	Provide counseling services to students in grades 6-12.		No
2.21	2.5 a. Family Outreach (Costs captured in goal 1 action 1, 14, 16 and 36)	Outreach communications to families of English Learners, families of Foster and Homeless Youth, and families of socio-economically disadvantaged students which highlight opportunities to participate in school events and decision making forums		No
2.22	2.5 b. Community Outreach (Cost captured in goal 1 action 16)	Create opportunities for community involvement. Promote the district for prospective students.		No
2.23	2.5 c. Stakeholder Input (Costs captured throughout goal 1)	Provide opportunities for input to all families, including unduplicated students and students with disabilities, through School Site Council meetings, IEP meetings (SWD) open stakeholder meetings, board meetings, and online and paper surveys.		No
2.24	2.5 d. Community Communication (Cost Captured in goal 1 action 16)	Provide communication to families and community through the use of newsletters, social media postings and other electronic communication tools. Translations will be provided as required for English Learner families.		Yes
2.25	2.6 a. Community Outreach (Cost captured in goal 1 action 16)	Outreach to community organizations, businesses and other agencies to support enrichment and project based learning.		No
2.26	2.6 b. Community Partners (Cost	Partner with community resources/agencies to promote student well-being.		No

Action #	Title	Description	Total Funds	Contributing
	captured in goal 1 action 16)			
2.27	2.1-2.6 A. Additional Actions and Services at school sites (Costs captured in goal 1 action 1)	Each site's School Plan for Student Achievement (SPSA) denotes actions and services that further support LCAP Goal 2		
2.28	2.1-2.6 B. Additional Actions and Services (Costs captured in goal 1 action 53)	Further actions and services that support LCAP Goal 2 are captured in the ELO Plan or specified in allocations for ESSER II and IPI.		

Goal Analysis [2021-22]

An analysis of how this goal was carried out in the previous year.

A description of any substantive differences in planned actions and actual implementation of these actions.

Planned actions and actual implementation of actions went as planned except for challenges to provide opportunity for collaboration and professional development due to lack of substitutes did impact the district's ability to provide professional development in all areas. There were also challenges partnering with community organizations due to COVID protocols. Due to safety concerns regarding COVID, opportunities to include families and community members in in person events was limited. Schools pivoted to online events and smaller group settings.

An explanation of material differences between Budgeted Expenditures and Estimated Actual Expenditures and/or Planned Percentages of Improved Services and Estimated Actual Percentages of Improved Services.

2.1) Increase in transportation due to an increase in fuel costs during the year. 2.3) Due to the COVID-19 pandemic, the staff had to redirect their focus to other district needs, reducing expenses for this funding source. Expect an increase in expenditures next year with carryover funds. 2.14) Intervention staff were instead paid out of other funding sources including one-time COVID funds. A portion of the expenses included in Goal/Action 1.53. 2.19) Carryover of funding allowed for an additional part-time position to be funded. In addition, increase due to negotiated contract.

An explanation of how effective the specific actions were in making progress toward the goal.

Specific actions have been taken in this goal area. Additional student mental health and behavior supports are in place for the 2021-2022 school year. A crisis counselor and additional Behavior Support Aides and Board Certified Behavioral Analyst have been hired. Schools also have access to school social workers.

COVID safety protocols have impacted our attendance rate district wide. The district has hired COVID Testing Specialists to support the students, families and schools during the pandemic.

A description of any changes made to the planned goal, metrics, desired outcomes, or actions for the coming year that resulted from reflections on prior practice.

There are no changes to the goals, metrics, outcomes or actions.

A report of the Total Estimated Actual Expenditures for last year’s actions may be found in the Annual Update Table. A report of the Estimated Actual Percentages of Improved Services for last year’s actions may be found in the Contributing Actions Annual Update Table.

Goals and Actions

Goal

Goal #	Description
3	Eureka City Schools student subgroup - homeless/McKinney-Vento students - will experience growth in each California Dashboard identified performance area - specifically Chronic Absenteeism and College and Career Readiness equal to that of other ECS groups of students.

An explanation of why the LEA has developed this goal.

Eureka City Schools must include a goal to address homeless/McKinney-Vento students as they have been identified as a consistently low-performing student group for three or more consecutive years. ECS staff will engage in "rounding" an evidence-based leadership practice that creates a feedback loop between leaders, staff, and community partners to address the disparity in performance. Harvard's Four Drive Model (Harvard Business Review, July 2008) suggests four basic drives guide people: to acquire (including social status), bond, comprehend, and defend (i.e., protect against threats, and promote justice.) This is true of employees, physicians, caregivers, and patients. Harvard's studies show that an organization's ability to meet these four fundamental drives explains, on average, 60 percent of employee motivation. The authors find that an organization can best improve motivation by satisfying all four drives in concert. Rounding for Outcomes responds to each of these drivers. During the 22-23 school year, Principals and teachers will be asked to round with homeless students and parents, and District leaders will be asked to round with principals, other school leaders, and community partners to form a plan to best support our homeless/McKinney-Vento youth and their families. Intentional rounding specifically centered on homeless youth will be a new action for ECS.

Measuring and Reporting Results

Metric	Baseline	Year 1 Outcome	Year 2 Outcome	Year 3 Outcome	Desired Outcome for 2023–24
CA Dashboard College and Career Preparedness (Homeless)	2019 CA Dashboard 8.3%	2021: College/Careers Measures Only Report: Number and Percentage of Students in the Combined Graduation Rate and/or Dashboard Alternative School Status (DASS) Graduation Rate:			50% of homeless students will be identified as College and Career prepared

Metric	Baseline	Year 1 Outcome	Year 2 Outcome	Year 3 Outcome	Desired Outcome for 2023–24
		HOMELESS STUDENTS = 41 students, 12.3%			
CA Dashboard Chronic Absenteeism (Homeless)	2019 CA Dashboard 31.2%	Data Quest: 2020-21 Chronic Absenteeism Rate, HOMELESS STUDENTS = 85 students, 43.6%			13% of homeless students will be identified as Chronically Absent

Increased or Improved Services for Foster Youth, English Learners, and Low-Income Students [2022-23]

Projected LCFF Supplemental and/or Concentration Grants	Projected Additional LCFF Concentration Grant (15 percent)
8380234	

Required Percentage to Increase or Improve Services for the LCAP Year

Projected Percentage to Increase or Improve Services for the Coming School Year	LCFF Carryover — Percentage	LCFF Carryover — Dollar	Total Percentage to Increase or Improve Services for the Coming School Year
24.76%	3.75%	\$1,200,601.00	28.51%

The Budgeted Expenditures for Actions identified as Contributing may be found in the Contributing Actions Table.

Required Descriptions

For each action being provided to an entire school, or across the entire school district or county office of education (COE), an explanation of (1) how the needs of foster youth, English learners, and low-income students were considered first, and (2) how these actions are effective in meeting the goals for these students.

We considered two primary questions to consider when determining what actions and services to include in the 2022-23 LCAP:

1. What current actions and services have proven to be effective in meeting the needs of our unduplicated students effective (based on action/service implementation data and student outcome data as noted in the 2021-22 LCAP/LCP annual updates)?
2. What additional evidence-based actions and services should be engaged to further support all our students but especially our unduplicated students as a result of expected and actual learning loss resulting from recovering from the impacts of COVID-19?

The following actions and services included in the 2022-23 LCAP have either proven to be effective (as evidenced by improved student outcomes noted in the annual updates) or are anticipated to be effective based on empirical evidence, research, and stakeholder feedback:

Considering that nearly 70% of our students meet the criteria for being unduplicated (SED, FY, and EL), all actions and services in the LCAP are primarily directed towards these students.

Needs, conditions, and circumstances for English Learners (ELs):

1. 16.5% of Eureka City Schools students are ELs
2. According to the CA Dashboard (Fall 2021), 11.31% of current English-only students performed Standard Met or Standard Exceeded in ELA for CAASPP compared to English-only students who Met or Exceeded Standard at 53.6%.
3. According to the CA Dashboard (Fall 2021), 8.41% of current English-only students performed Standard Met or Standard Exceeded in MATH for CAASPP compared to English-only students who Met or Exceeded Standard at 38.1%.

2021-22 Measurable desired outcomes for ELs based on these needs, conditions, and circumstances:

1. ELs attain "yellow" for the ELA indicator on the CA Dashboard
2. ELs attain "yellow" for the Math indicator on the CA Dashboard
3. >50% of ELs will make progress towards English proficiency
4. EL seniors who are considered "prepared" shall increase to 20%
5. Suspension rate for ELs shall remain below 5%

Needs, conditions, and circumstances for Foster Youth (FY) and low-income students (SED):

1. 69.4% of Eureka City Schools students are SED, and 2% are FY
2. According to the CA Dashboard (Fall 2021), Current SED students Met or Exceeded Standard 15.48% of the time in ELA and 10.79% of the time in MATH.

2021-22 Measurable desired outcomes for SED and FY students based on these needs, conditions, and circumstances:

1. SED students attain "green" for the ELA indicator on the CA Dashboard, and FY attains "orange."
2. SEDs attain "green" for the Math indicator on the CA Dashboard, and FY attains "yellow."
3. >50% of ELs will make progress towards English proficiency
4. SED seniors who are considered "prepared" shall increase to 35%
5. Suspension rate for SED and FY should be <5%
6. Chronic absenteeism for both SED and FY students shall be <12%

With these needs, conditions, and circumstances in mind, and to attain the desired measurable outcomes, the following focus goals were established to support improvements in the achievement and performance of our unduplicated pupils in the area of academic achievement and college and career readiness:

Goal 1. All students will demonstrate high academic achievement and college and career readiness in clean and modernized schools.

Focus Goal 1.1: Ensure all students access CCSS-aligned instructional materials and student supplies.

Focus Goal 1.2: Increase the delivery of high-quality instruction through ongoing professional development.

Focus Goal 1.3: Provide competitive salaries and benefits to recruit and maintain a high-quality staff.

Focus Goal 1.4: Ensure all students access clean, safe, and well-maintained facilities, including appropriate technology.

Focus Goal 1.5: Increase the number of students who graduate college and career ready.

Focus Goal 1.6: Ensure all students have access to a multi-tiered system of supports focusing on language arts, math, and ELD instruction leading to improved EL Reclassification Rates.

Focus Goal 1.7: Increase student participation in a broad course of study, including enrichment opportunities and advanced coursework, with an emphasis on underrepresented students.

To attain these focus goals, ECS will implement these actions and services primarily directed toward unduplicated pupils:

Each site's School Plan for Student Achievement (SPSA) denotes actions and services that further support LCAP Goal 1.

School supplies Ensure targeted subgroups have access to school supplies.

Provide a District librarian whose work is principally directed to supporting unduplicated students.

Provide library tech hours for all sites based on enrollment.

Provide collaboration time for teachers

Provide CARE Specialists, TK-12 as needed for academic supports.

All students will receive one additional hour of instruction per week.

Fidelity to district initiatives.

Provide an additional day of teacher professional development (over 2018-2019) to align and implement with fidelity district initiatives with improved student outcomes.

Provide an additional day of teacher professional development (over 2018-2019) to align and implement with fidelity district initiatives with improved student outcomes such as AVID, Construction Meaning, PBIS, and restorative practices.

Teachers may provide additional intervention services for struggling students, especially targeting homeless and foster youth.

The hiring and retaining of highly qualified staff is particularly important to ensure that the needs of our targeted "high risk" student population (with emphasis on all student groups in the "red" category as per CA Dashboard) are met. To do so, while simultaneously increasing teachers' instructional preparation, provide an additional Professional Development day within the school calendar (above 2018-2019 number) for all certificated staff.

Maintain the technology committee to oversee the plan for technology purchases, professional use by staff, and appropriate student use to promote learning, emphasizing access to and incorporation of technology at school by socio-economically disadvantaged, English learners, and foster youth.

Maintain 1:1 district student/computer ratio. This action is primarily directed towards meeting the needs of our unduplicated students.

Maintain average below contracted class size numbers for grades.

Combination classes are permissible at the elementary schools to account for grade-level enrollment fluctuations and ensure that we stay within GSA limits.

Provide summer school instruction for all students K-12, emphasizing credit recovery 9-12 and significant subgroups who need intervention at all grades.

Select assessments and implement consistent classroom-based formative and summative assessments at each grade level and train all staff to emphasize unduplicated student subgroups.

Provide release time and/or paid outside of contract time for staff collaboration to provide intervention and supervision, emphasizing unduplicated students.

Provide a data tracking system for credentialed staff to monitor student performance and include training for its use to monitor the progress of unduplicated students better.

Maintain post-secondary education planning through high school and middle school counseling services, especially at the middle school level, before 9th-grade balloting in January. There will be counseling technician support specifically targeted toward successful progress for our Homeless Youth at the high school level.

Provide Yurok Language courses.

Provide access to college prep courses, AP courses, and college courses (Concurrent and Dual enrollment). Investigate increase in sections including zero periods with an emphasis on unduplicated students.

Utilizing the Wild Rivers Indian Education grant funding to support students in grades 6-12 to ensure that they are on track for graduation and future college and career readiness.

Provide intervention teachers to support low-performing students. This action is primarily directed toward unduplicated students.

Provide Literacy, Math, and EL technicians.

Provide staffing to support homeless youth, English learners, and/or socio-economic disadvantaged students. Maintain sections of EL support at the secondary level.

Provide professional development to all credentialed staff and classified techs in strategies that target EL and SED growth.

Provide professional development in working with Foster Youth and trauma-informed practices to all credentialed staff and classified staff.

PD for working with homeless students Provide professional development in working with homeless students to all credentialed staff and classified staff.

Maintain student access to advanced study through support for AVID at Zane and Grant and advance AVID strategies.

Schoolwide at Winship and EHS. Send an additional elementary team to AVID Summer Institute- Alice Birney or Washington*with a focus on recruiting students from the unduplicated count.

Maintain and/or Increase quantity and quality of Career Technical Education offerings and enrollment at the secondary level to include students who do not traditionally enter these fields, emphasizing students in the unduplicated count. This will be partially accomplished through CTEIG, Perkins, and School Workforce Program (SWP) funds.

Goal 2: All students will learn in a safe, supportive, equitable, and culturally responsive environment where students, families, and community are valued, connected, and engaged.

Focus Goal 2.1: Increase student attendance, emphasizing improving attendance for targeted groups.

Focus Goal 2.2: Increase promotion and graduation rates for all students.

Focus Goal 2.3: Decrease suspension and expulsion rates for all students.

Focus Goal 2.4: Increase the level of student physical, mental, and social/emotional health through a multi-tiered system of supports.

Focus Goal 2.5: Increase the number and types of opportunities for families to meaningfully engage in our schools.

Focus Goal 2.6: Increase partnerships with community agencies, businesses, and institutions

Actions and Services primarily directed towards unduplicated pupils:

Maintain transportation for students living outside of a mile to attend school.

Address the high chronic absenteeism in the district by utilizing the 3-yr (ending on June 30, 2022) Learning Communities for School Success Program (LCSSP) grant.

School-Based Health Professionals provide services to our unduplicated population.

Students shall receive appropriate support to engage in restorative practices.

Provide adequate staffing to meet the needs of students requiring intensive interventions for socio-emotional well-being and mental health.

CARE Specialist Provide CARE specialists for TK-12 for socio-emotional/behavioral support.

Implement mental health services for students and families.

Provide mental health support. Implement mental health services for students and families through Humboldt Bridges Mental Health grant.

Provide counseling services to students in grades 6-12.

Outreach communications to families of English Learners, families of Foster and Homeless Youth, and families of socio-economically disadvantaged students, which highlight opportunities to participate in school events and decision-making forums.

Provide communication to families and the community through newsletters, social media postings, and other electronic communication tools. Translations will be provided as required for English Learner families.

Each site's School Plan for Student Achievement (SPSA) denotes actions and services that further support LCAP Goal 2.

A description of how services for foster youth, English learners, and low-income students are being increased or improved by the percentage required.

Eureka City Schools is required to increase or improve services for EL, Foster Youth, and Low Income students by _____ which is equal to \$ _____ as shown above. This increased percentage is met by actions and services included in the Local Control Accountability Plan. The following actions described below are increased or improved and meet and/or exceed the totality of the required percentage increase as compared to services for all students. Based on student outcome data as reported on the CA Dashboard, Data Quest, and in the 2020-21 LCAP, it is evident that many of our unduplicated students are experiencing an "opportunity gap" that is resulting in an "achievement gap." As a district, we have an unduplicated count of approximately 70%. Therefore, the majority of our students benefit from actions and services implemented Districtwide or at any given school site.

The following Goals and Actions reflect this increased percentage:

Goal 1: All students will demonstrate high academic achievement and college and career readiness in clean and modernized schools.

Actions for Goal 1 that address academic achievement, EL progress and college and career readiness for unduplicated students: 2, 3, 7, 10, 11, 12, 13, 14, 15, 19, 21, 22, 23, 28, 29, 30, 31, 34, 35, 36, 38, 39, 40, 42, 50, 51, 52, and 53

Goal 2: Goal 2: All students will learn in a safe, supportive, equitable, and culturally responsive environment where students, families, and community are valued, connected, and engaged.

Actions for Goal 2 that address school climate, suspension rate and chronic absenteeism for unduplicated students): 2, 3, 12, 13, 14, and 24

The following actions and services are either new or represent an increase in current actions and services, and they are primarily directed towards our foster youth, English learners, and low income students:

- Goal 1 new supports:
- Additional Math, reading, and EL intervention teachers and EL Coach (TOSA)
 - Additional CARE Specialists
 - Additional classroom paraprofessionals, EL techs, math techs and literacy techs
 - Additional math tutors
 - Enhancement of after-school program
 - Comprehensive summer school program

- Goal 2 new supports:
- Hiring of a school social worker
 - Additional mental health counselor
 - Additional Board Certified Behavior Analyst
 - Additional site-based behavior support aides

A description of the plan for how the additional concentration grant add-on funding identified above will be used to increase the number of staff providing direct services to students at schools that have a high concentration (above 55 percent) of foster youth, English learners, and low-income students, as applicable.

Staff-to-student ratios by type of school and concentration of unduplicated students	Schools with a student concentration of 55 percent or less	Schools with a student concentration of greater than 55 percent
Staff-to-student ratio of classified staff providing direct services to students		
Staff-to-student ratio of certificated staff providing direct services to students

[Engaging Educational Partners](#)

[Goals and Actions](#)

[Increased or Improved Services for Foster Youth, English Learners, and Low-Income Students](#)

For additional questions or technical assistance related to the completion of the Local Control and Accountability Plan (LCAP) template, please contact the local county office of education (COE), or the California Department of Education's (CDE's) Local Agency Systems Support Office, by phone at 916-319-0809 or by email at lcff@cde.ca.gov.

Introduction and Instructions

The Local Control Funding Formula (LCFF) requires local educational agencies (LEAs) to engage their local educational partners in an annual planning process to evaluate their progress within eight state priority areas encompassing all statutory metrics (COEs have 10 state priorities). LEAs document the results of this planning process in the LCAP using the template adopted by the State Board of Education.

The LCAP development process serves three distinct, but related functions:

- **Comprehensive Strategic Planning:** The process of developing and annually updating the LCAP supports comprehensive strategic planning (California *Education Code* [EC] Section 52064[e][1]). Strategic planning that is comprehensive connects budgetary decisions to teaching and learning performance data. LEAs should continually evaluate the hard choices they make about the use of limited resources to meet student and community needs to ensure opportunities and outcomes are improved for all students.
- **Meaningful Engagement of Educational Partners:** The LCAP development process should result in an LCAP that reflects decisions made through meaningful engagement (EC Section 52064[e][1]). Local educational partners possess valuable perspectives and insights about an LEA's programs and services. Effective strategic planning will incorporate these perspectives and insights in order to identify potential goals and actions to be included in the LCAP.
- **Accountability and Compliance:** The LCAP serves an important accountability function because aspects of the LCAP template require LEAs to show that they have complied with various requirements specified in the LCFF statutes and regulations, most notably:
 - Demonstrating that LEAs are increasing or improving services for foster youth, English learners, and low-income students in proportion to the amount of additional funding those students generate under LCFF (EC Section 52064[b][4-6]).
 - Establishing goals, supported by actions and related expenditures, that address the statutory priority areas and statutory metrics (EC sections 52064[b][1] and [2]).
 - Annually reviewing and updating the LCAP to reflect progress toward the goals (EC Section 52064[b][7]).

The LCAP template, like each LEA’s final adopted LCAP, is a document, not a process. LEAs must use the template to memorialize the outcome of their LCAP development process, which should: (a) reflect comprehensive strategic planning (b) through meaningful engagement with educational partners that (c) meets legal requirements, as reflected in the final adopted LCAP. The sections included within the LCAP template do not and cannot reflect the full development process, just as the LCAP template itself is not intended as a tool for engaging educational partners.

If a county superintendent of schools has jurisdiction over a single school district, the county board of education and the governing board of the school district may adopt and file for review and approval a single LCAP consistent with the requirements in *EC* sections 52060, 52062, 52066, 52068, and 52070. The LCAP must clearly articulate to which entity’s budget (school district or county superintendent of schools) all budgeted and actual expenditures are aligned.

The revised LCAP template for the 2021–22, 2022–23, and 2023–24 school years reflects statutory changes made through Assembly Bill 1840 (Committee on Budget), Chapter 243, Statutes of 2018. These statutory changes enhance transparency regarding expenditures on actions included in the LCAP, including actions that contribute to meeting the requirement to increase or improve services for foster youth, English learners, and low-income students, and to streamline the information presented within the LCAP to make adopted LCAPs more accessible for educational partners and the public.

At its most basic, the adopted LCAP should attempt to distill not just what the LEA is doing for students in transitional kindergarten through grade twelve (TK–12), but also allow educational partners to understand why, and whether those strategies are leading to improved opportunities and outcomes for students. LEAs are strongly encouraged to use language and a level of detail in their adopted LCAPs intended to be meaningful and accessible for the LEA’s diverse educational partners and the broader public.

In developing and finalizing the LCAP for adoption, LEAs are encouraged to keep the following overarching frame at the forefront of the strategic planning and educational partner engagement functions:

Given present performance across the state priorities and on indicators in the California School Dashboard (Dashboard), how is the LEA using its budgetary resources to respond to TK–12 student and community needs, and address any performance gaps, including by meeting its obligation to increase or improve services for foster youth, English learners, and low-income students?

LEAs are encouraged to focus on a set of metrics and actions that the LEA believes, based on input gathered from educational partners, research, and experience, will have the biggest impact on behalf of its TK–12 students.

These instructions address the requirements for each section of the LCAP, but may include information about effective practices when developing the LCAP and completing the LCAP itself. Additionally, information is included at the beginning of each section emphasizing the purpose that each section serves.

Plan Summary

Purpose

A well-developed Plan Summary section provides a meaningful context for the LCAP. This section provides information about an LEA's community as well as relevant information about student needs and performance. In order to provide a meaningful context for the rest of the LCAP, the content of this section should be clearly and meaningfully related to the content included in the subsequent sections of the LCAP.

Requirements and Instructions

General Information – Briefly describe the LEA, its schools, and its students in grades TK–12, as applicable to the LEA. For example, information about an LEA in terms of geography, enrollment, or employment, the number and size of specific schools, recent community challenges, and other such information as an LEA wishes to include can enable a reader to more fully understand an LEA's LCAP.

Reflections: Successes – Based on a review of performance on the state indicators and local performance indicators included in the Dashboard, progress toward LCAP goals, local self-assessment tools, input from educational partners, and any other information, what progress is the LEA most proud of and how does the LEA plan to maintain or build upon that success? This may include identifying specific examples of how past increases or improvements in services for foster youth, English learners, and low-income students have led to improved performance for these students.

Reflections: Identified Need – Referring to the Dashboard, identify: (a) any state indicator for which overall performance was in the “Red” or “Orange” performance category or any local indicator where the LEA received a “Not Met” or “Not Met for Two or More Years” rating AND (b) any state indicator for which performance for any student group was two or more performance levels below the “all student” performance. What steps is the LEA planning to take to address these areas of low performance and performance gaps? An LEA that is required to include a goal to address one or more consistently low-performing student groups or low-performing schools must identify that it is required to include this goal and must also identify the applicable student group(s) and/or school(s). Other needs may be identified using locally collected data including data collected to inform the self-reflection tools and reporting local indicators on the Dashboard.

LCAP Highlights – Identify and briefly summarize the key features of this year's LCAP.

Comprehensive Support and Improvement – An LEA with a school or schools identified for comprehensive support and improvement (CSI) under the Every Student Succeeds Act must respond to the following prompts:

- **Schools Identified:** Identify the schools within the LEA that have been identified for CSI.
- **Support for Identified Schools:** Describe how the LEA has or will support the identified schools in developing CSI plans that included a school-level needs assessment, evidence-based interventions, and the identification of any resource inequities to be addressed through the implementation of the CSI plan.
- **Monitoring and Evaluating Effectiveness:** Describe how the LEA will monitor and evaluate the implementation and effectiveness of the CSI plan to support student and school improvement.

Engaging Educational Partners

Purpose

Significant and purposeful engagement of parents, students, educators, and other educational partners, including those representing the student groups identified by LCFF, is critical to the development of the LCAP and the budget process. Consistent with statute, such engagement should support comprehensive strategic planning, accountability, and improvement across the state priorities and locally identified priorities (*EC Section 52064[e][1]*). Engagement of educational partners is an ongoing, annual process.

This section is designed to reflect how the engagement of educational partners influenced the decisions reflected in the adopted LCAP. The goal is to allow educational partners that participated in the LCAP development process and the broader public understand how the LEA engaged educational partners and the impact of that engagement. LEAs are encouraged to keep this goal in the forefront when completing this section.

Statute and regulations specify the educational partners that school districts and COEs must consult when developing the LCAP: teachers, principals, administrators, other school personnel, local bargaining units of the LEA, parents, and students. Before adopting the LCAP, school districts and COEs must share it with the Parent Advisory Committee and, if applicable, to its English Learner Parent Advisory Committee. The superintendent is required by statute to respond in writing to the comments received from these committees. School districts and COEs must also consult with the special education local plan area administrator(s) when developing the LCAP.

Statute requires charter schools to consult with teachers, principals, administrators, other school personnel, parents, and students in developing the LCAP. The LCAP should also be shared with, and LEAs should request input from, schoolsite-level advisory groups, as applicable (e.g., schoolsite councils, English Learner Advisory Councils, student advisory groups, etc.), to facilitate alignment between schoolsite and district-level goals and actions.

Information and resources that support effective engagement, define student consultation, and provide the requirements for advisory group composition, can be found under Resources on the following web page of the CDE's website: <https://www.cde.ca.gov/re/lc/>.

Requirements and Instructions

Below is an excerpt from the 2018–19 *Guide for Annual Audits of K–12 Local Education Agencies and State Compliance Reporting*, which is provided to highlight the legal requirements for engagement of educational partners in the LCAP development process:

Local Control and Accountability Plan:

For county offices of education and school districts only, verify the LEA:

- a) Presented the local control and accountability plan to the parent advisory committee in accordance with Education Code section 52062(a)(1) or 52068(a)(1), as appropriate.
- b) If applicable, presented the local control and accountability plan to the English learner parent advisory committee, in accordance with Education Code section 52062(a)(2) or 52068(a)(2), as appropriate.

- c) Notified members of the public of the opportunity to submit comments regarding specific actions and expenditures proposed to be included in the local control and accountability plan in accordance with Education Code section 52062(a)(3) or 52068(a)(3), as appropriate.
- d) Held at least one public hearing in accordance with Education Code section 52062(b)(1) or 52068(b)(1), as appropriate.
- e) Adopted the local control and accountability plan in a public meeting in accordance with Education Code section 52062(b)(2) or 52068(b)(2), as appropriate.

Prompt 1: “A summary of the process used to engage educational partners and how this engagement was considered before finalizing the LCAP.”

Describe the engagement process used by the LEA to involve educational partners in the development of the LCAP, including, at a minimum, describing how the LEA met its obligation to consult with all statutorily required educational partners as applicable to the type of LEA. A sufficient response to this prompt must include general information about the timeline of the process and meetings or other engagement strategies with educational partners. A response may also include information about an LEA’s philosophical approach to engaging its educational partners.

Prompt 2: “A summary of the feedback provided by specific educational partners.”

Describe and summarize the feedback provided by specific educational partners. A sufficient response to this prompt will indicate ideas, trends, or inputs that emerged from an analysis of the feedback received from educational partners.

Prompt 3: “A description of the aspects of the LCAP that were influenced by specific input from educational partners.”

A sufficient response to this prompt will provide educational partners and the public with clear, specific information about how the engagement process influenced the development of the LCAP. The response must describe aspects of the LCAP that were influenced by or developed in response to the educational partner feedback described in response to Prompt 2. This may include a description of how the LEA prioritized requests of educational partners within the context of the budgetary resources available or otherwise prioritized areas of focus within the LCAP. For the purposes of this prompt, “aspects” of an LCAP that may have been influenced by educational partner input can include, but are not necessarily limited to:

- Inclusion of a goal or decision to pursue a Focus Goal (as described below)
- Inclusion of metrics other than the statutorily required metrics
- Determination of the desired outcome on one or more metrics
- Inclusion of performance by one or more student groups in the Measuring and Reporting Results subsection
- Inclusion of action(s) or a group of actions
- Elimination of action(s) or group of actions
- Changes to the level of proposed expenditures for one or more actions

- Inclusion of action(s) as contributing to increased or improved services for unduplicated services
- Determination of effectiveness of the specific actions to achieve the goal
- Determination of material differences in expenditures
- Determination of changes made to a goal for the ensuing LCAP year based on the annual update process
- Determination of challenges or successes in the implementation of actions

Goals and Actions

Purpose

Well-developed goals will clearly communicate to educational partners what the LEA plans to accomplish, what the LEA plans to do in order to accomplish the goal, and how the LEA will know when it has accomplished the goal. A goal statement, associated metrics and expected outcomes, and the actions included in the goal should be in alignment. The explanation for why the LEA included a goal is an opportunity for LEAs to clearly communicate to educational partners and the public why, among the various strengths and areas for improvement highlighted by performance data and strategies and actions that could be pursued, the LEA decided to pursue this goal, and the related metrics, expected outcomes, actions, and expenditures.

A well-developed goal can be focused on the performance relative to a metric or metrics for all students, a specific student group(s), narrowing performance gaps, or implementing programs or strategies expected to impact outcomes. LEAs should assess the performance of their student groups when developing goals and the related actions to achieve such goals.

Requirements and Instructions

LEAs should prioritize the goals, specific actions, and related expenditures included within the LCAP within one or more state priorities. LEAs should consider performance on the state and local indicators, including their locally collected and reported data for the local indicators that are included in the Dashboard in determining whether and how to prioritize its goals within the LCAP.

In order to support prioritization of goals, the LCAP template provides LEAs with the option of developing three different kinds of goals:

- **Focus Goal:** A Focus Goal is relatively more concentrated in scope and may focus on a fewer number of metrics to measure improvement. A Focus Goal statement will be time bound and make clear how the goal is to be measured.
- **Broad Goal:** A Broad Goal is relatively less concentrated in its scope and may focus on improving performance across a wide range of metrics.
- **Maintenance of Progress Goal:** A Maintenance of Progress Goal includes actions that may be ongoing without significant changes and allows an LEA to track performance on any metrics not addressed in the other goals of the LCAP.

At a minimum, the LCAP must address all LCFF priorities and associated metrics.

Focus Goal(s)

Goal Description: The description provided for a Focus Goal must be specific, measurable, and time bound. An LEA develops a Focus Goal to address areas of need that may require or benefit from a more specific and data intensive approach. The Focus Goal can explicitly reference the metric(s) by which achievement of the goal will be measured and the time frame according to which the LEA expects to achieve the goal.

Explanation of why the LEA has developed this goal: Explain why the LEA has chosen to prioritize this goal. An explanation must be based on Dashboard data or other locally collected data. LEAs must describe how the LEA identified this goal for focused attention, including relevant consultation with educational partners. LEAs are encouraged to promote transparency and understanding around the decision to pursue a focus goal.

Broad Goal

Goal Description: Describe what the LEA plans to achieve through the actions included in the goal. The description of a broad goal will be clearly aligned with the expected measurable outcomes included for the goal. The goal description organizes the actions and expected outcomes in a cohesive and consistent manner. A goal description is specific enough to be measurable in either quantitative or qualitative terms. A broad goal is not as specific as a focus goal. While it is specific enough to be measurable, there are many different metrics for measuring progress toward the goal.

Explanation of why the LEA has developed this goal: Explain why the LEA developed this goal and how the actions and metrics grouped together will help achieve the goal.

Maintenance of Progress Goal

Goal Description: Describe how the LEA intends to maintain the progress made in the LCFF State Priorities not addressed by the other goals in the LCAP. Use this type of goal to address the state priorities and applicable metrics not addressed within the other goals in the LCAP. The state priorities and metrics to be addressed in this section are those for which the LEA, in consultation with educational partners, has determined to maintain actions and monitor progress while focusing implementation efforts on the actions covered by other goals in the LCAP.

Explanation of why the LEA has developed this goal: Explain how the actions will sustain the progress exemplified by the related metrics.

Required Goals

In general, LEAs have flexibility in determining what goals to include in the LCAP and what those goals will address; however, beginning with the development of the 2022–23 LCAP, LEAs that meet certain criteria are required to include a specific goal in their LCAP.

Consistently low-performing student group(s) criteria: An LEA is eligible for Differentiated Assistance for three or more consecutive years based on the performance of the same student group or groups in the Dashboard. A list of the LEAs required to include a goal in the LCAP based on student group performance, and the student group(s) that lead to identification, may be found on the CDE’s Local Control Funding Formula web page at <https://www.cde.ca.gov/fg/aa/lc/>.

- **Consistently low-performing student group(s) goal requirement:** An LEA meeting the consistently low-performing student group(s) criteria must include a goal in its LCAP focused on improving the performance of the student group or groups that led to the LEA’s eligibility for Differentiated

Assistance. This goal must include metrics, outcomes, actions, and expenditures specific to addressing the needs of, and improving outcomes for, this student group or groups. An LEA required to address multiple student groups is not required to have a goal to address each student group; however, each student group must be specifically addressed in the goal. This requirement may not be met by combining this required goal with another goal.

- **Goal Description:** Describe the outcomes the LEA plans to achieve to address the needs of, and improve outcomes for, the student group or groups that led to the LEA's eligibility for Differentiated Assistance.
- **Explanation of why the LEA has developed this goal:** Explain why the LEA is required to develop this goal, including identifying the student group(s) that lead to the LEA being required to develop this goal, how the actions and associated metrics included in this goal differ from previous efforts to improve outcomes for the student group(s), and why the LEA believes the actions, metrics, and expenditures included in this goal will help achieve the outcomes identified in the goal description.

Low-performing school(s) criteria: The following criteria only applies to a school district or COE with two or more schools; it does not apply to a single-school district. A school district or COE has one or more schools that, for two consecutive years, received the two lowest performance levels on all but one of the state indicators for which the school(s) receive performance levels in the Dashboard and the performance of the "All Students" student group for the LEA is at least one performance level higher in all of those indicators. A list of the LEAs required to include a goal in the LCAP based on school performance, and the school(s) that lead to identification, may be found on the CDE's Local Control Funding Formula web page at <https://www.cde.ca.gov/fg/aa/lc/>.

- **Low-performing school(s) goal requirement:** A school district or COE meeting the low-performing school(s) criteria must include a goal in its LCAP focusing on addressing the disparities in performance between the school(s) and the LEA as a whole. This goal must include metrics, outcomes, actions, and expenditures specific to addressing the needs of, and improving outcomes for, the students enrolled at the low-performing school or schools. An LEA required to address multiple schools is not required to have a goal to address each school; however, each school must be specifically addressed in the goal. This requirement may not be met by combining this goal with another goal.
- **Goal Description:** Describe what outcomes the LEA plans to achieve to address the disparities in performance between the students enrolled at the low-performing school(s) and the students enrolled at the LEA as a whole.
- **Explanation of why the LEA has developed this goal:** Explain why the LEA is required to develop this goal, including identifying the schools(s) that lead to the LEA being required to develop this goal; how the actions and associated metrics included in this goal differ from previous efforts to improve outcomes for the school(s); and why the LEA believes the actions, metrics, and expenditures included in this goal will help achieve the outcomes for students enrolled at the low-performing school or schools identified in the goal description.

Measuring and Reporting Results:

For each LCAP year, identify the metric(s) that the LEA will use to track progress toward the expected outcomes. LEAs are encouraged to identify metrics for specific student groups, as appropriate, including expected outcomes that would reflect narrowing of any existing performance gaps.

Include in the baseline column the most recent data associated with this metric available at the time of adoption of the LCAP for the first year of the three-year plan. LEAs may use data as reported on the 2019 Dashboard for the baseline of a metric only if that data represents the most recent available (e.g., high school graduation rate).

Using the most recent data available may involve reviewing data the LEA is preparing for submission to the California Longitudinal Pupil Achievement Data System (CALPADS) or data that the LEA has recently submitted to CALPADS. Because final 2020–21 outcomes on some metrics may not be computable at the time the 2021–24 LCAP is adopted (e.g., graduation rate, suspension rate), the most recent data available may include a point in time calculation taken each year on the same date for comparability purposes.

The baseline data shall remain unchanged throughout the three-year LCAP.

Complete the table as follows:

- **Metric:** Indicate how progress is being measured using a metric.
- **Baseline:** Enter the baseline when completing the LCAP for 2021–22. As described above, the baseline is the most recent data associated with a metric. Indicate the school year to which the data applies, consistent with the instructions above.
- **Year 1 Outcome:** When completing the LCAP for 2022–23, enter the most recent data available. Indicate the school year to which the data applies, consistent with the instructions above.
- **Year 2 Outcome:** When completing the LCAP for 2023–24, enter the most recent data available. Indicate the school year to which the data applies, consistent with the instructions above.
- **Year 3 Outcome:** When completing the LCAP for 2024–25, enter the most recent data available. Indicate the school year to which the data applies, consistent with the instructions above. The 2024–25 LCAP will be the first year in the next three-year cycle. Completing this column will be part of the Annual Update for that year.
- **Desired Outcome for 2023–24:** When completing the first year of the LCAP, enter the desired outcome for the relevant metric the LEA expects to achieve by the end of the 2023–24 LCAP year.

Timeline for completing the “**Measuring and Reporting Results**” part of the Goal.

Metric	Baseline	Year 1 Outcome	Year 2 Outcome	Year 3 Outcome	Desired Outcome for Year 3 (2023–24)
Enter information in this box when completing the LCAP for 2021–22 .	Enter information in this box when completing the LCAP for 2021–22 .	Enter information in this box when completing the LCAP for 2022–23 . Leave blank until then.	Enter information in this box when completing the LCAP for 2023–24 . Leave blank until then.	Enter information in this box when completing the LCAP for 2024–25 . Leave blank until then.	Enter information in this box when completing the LCAP for 2021–22 or when adding a new metric.

The metrics may be quantitative or qualitative; but at minimum, an LEA’s LCAP must include goals that are measured using all of the applicable metrics for the related state priorities, in each LCAP year as applicable to the type of LEA. To the extent a state priority does not specify one or more metrics (e.g., implementation of state academic content and performance standards), the LEA must identify a metric to use within the LCAP. For these state priorities, LEAs are encouraged to use metrics based on or reported through the relevant self-reflection tool for local indicators within the Dashboard.

Actions: Enter the action number. Provide a short title for the action. This title will also appear in the action tables. Provide a description of the action. Enter the total amount of expenditures associated with this action. Budgeted expenditures from specific fund sources will be provided in the summary tables. Indicate whether the action contributes to meeting the increase or improved services requirement as described in the Increased or Improved Services section using a “Y” for Yes or an “N” for No. (**Note:** for each such action offered on an LEA-wide or schoolwide basis, the LEA will need to provide additional information in the Increased or Improved Summary Section to address the requirements in *California Code of Regulations*, Title 5 [5 CCR] Section 15496(b) in the Increased or Improved Services Section of the LCAP).

Actions for English Learners: School districts, COEs, and charter schools that have a numerically significant English learner student subgroup must include specific actions in the LCAP related to, at a minimum, the language acquisition programs, as defined in *EC* Section 306, provided to students and professional development activities specific to English learners.

Actions for Foster Youth: School districts, COEs, and charter schools that have a numerically significant Foster Youth student subgroup are encouraged to include specific actions in the LCAP designed to meet needs specific to Foster Youth students.

Goal Analysis:

Enter the LCAP Year.

Using actual annual measurable outcome data, including data from the Dashboard, analyze whether the planned actions were effective in achieving the goal. Respond to the prompts as instructed.

- Describe the overall implementation of the actions to achieve the articulated goal. Include a discussion of relevant challenges and successes experienced with the implementation process. This must include any instance where the LEA did not implement a planned action or implemented a planned action in a manner that differs substantively from how it was described in the adopted LCAP.
- Explain material differences between Budgeted Expenditures and Estimated Actual Expenditures and between the Planned Percentages of Improved Services and Estimated Actual Percentages of Improved Services, as applicable. Minor variances in expenditures or percentages do not need to be addressed, and a dollar-for-dollar accounting is not required.
- Describe the effectiveness of the specific actions to achieve the articulated goal as measured by the LEA. In some cases, not all actions in a goal will be intended to improve performance on all of the metrics associated with the goal. When responding to this prompt, LEAs may assess the effectiveness of a single action or group of actions within the goal in the context of performance on a single metric or group of specific metrics within the goal that are applicable to the action(s). Grouping actions with metrics will allow for more robust analysis of whether the strategy the LEA is using to impact a specified set of metrics is working and increase transparency for educational partners. LEAs are encouraged to use such an approach when goals include multiple actions and metrics that are not closely associated.
- Describe any changes made to this goal, expected outcomes, metrics, or actions to achieve this goal as a result of this analysis and analysis of the data provided in the Dashboard or other local data, as applicable.

Increased or Improved Services for Foster Youth, English Learners, and Low-Income Students

Purpose

A well-written Increased or Improved Services section provides educational partners with a comprehensive description, within a single dedicated section, of how an LEA plans to increase or improve services for its unduplicated students in grades TK–12 as compared to all students in grades TK–12, as applicable, and how LEA-wide or schoolwide actions identified for this purpose meet regulatory requirements. Descriptions provided should include sufficient detail yet be sufficiently succinct to promote a broader understanding of educational partners to facilitate their ability to provide input. An LEA's description in this section must align with the actions included in the Goals and Actions section as contributing.

Requirements and Instructions

Projected LCFF Supplemental and/or Concentration Grants: Specify the amount of LCFF supplemental and concentration grant funds the LEA estimates it will receive in the coming year based on the number and concentration of low income, foster youth, and English learner students.

Projected Additional LCFF Concentration Grant (15 percent): Specify the amount of additional LCFF concentration grant add-on funding, as described in EC Section 42238.02, that the LEA estimates it will receive in the coming year.

Projected Percentage to Increase or Improve Services for the Coming School Year: Specify the estimated percentage by which services for unduplicated pupils must be increased or improved as compared to the services provided to all students in the LCAP year as calculated pursuant to 5 CCR Section 15496(a)(7).

LCFF Carryover — Percentage: Specify the LCFF Carryover — Percentage identified in the LCFF Carryover Table. If a carryover percentage is not identified in the LCFF Carryover Table, specify a percentage of zero (0.00%).

LCFF Carryover — Dollar: Specify the LCFF Carryover — Dollar amount identified in the LCFF Carryover Table. If a carryover amount is not identified in the LCFF Carryover Table, specify an amount of zero (\$0).

Total Percentage to Increase or Improve Services for the Coming School Year: Add the Projected Percentage to Increase or Improve Services for the Coming School Year and the Proportional LCFF Required Carryover Percentage and specify the percentage. This is the LEAs percentage by which services for unduplicated pupils must be increased or improved as compared to the services provided to all students in the LCAP year, as calculated pursuant to 5 CCR Section 15496(a)(7).

Required Descriptions:

For each action being provided to an entire school, or across the entire school district or COE, an explanation of (1) how the needs of foster youth, English learners, and low-income students were considered first, and (2) how these actions are effective in meeting the goals for these students.

For each action included in the Goals and Actions section as contributing to the increased or improved services requirement for unduplicated pupils and provided on an LEA-wide or schoolwide basis, the LEA must include an explanation consistent with 5 CCR Section 15496(b). For any such actions continued into the 2021–24 LCAP from the 2017–2020 LCAP, the LEA must determine whether or not the action was effective as expected, and this determination must reflect evidence of outcome data or actual implementation to date.

Principally Directed and Effective: An LEA demonstrates how an action is principally directed towards and effective in meeting the LEA's goals for unduplicated students when the LEA explains how:

- It considers the needs, conditions, or circumstances of its unduplicated pupils;
- The action, or aspect(s) of the action (including, for example, its design, content, methods, or location), is based on these considerations; and
- The action is intended to help achieve an expected measurable outcome of the associated goal.

As such, the response provided in this section may rely on a needs assessment of unduplicated students.

Conclusory statements that a service will help achieve an expected outcome for the goal, without an explicit connection or further explanation as to how, are not sufficient. Further, simply stating that an LEA has a high enrollment percentage of a specific student group or groups does not meet the increase or improve services standard because enrolling students is not the same as serving students.

For example, if an LEA determines that low-income students have a significantly lower attendance rate than the attendance rate for all students, it might justify LEA-wide or schoolwide actions to address this area of need in the following way:

After assessing the needs, conditions, and circumstances of our low-income students, we learned that the attendance rate of our low-income students is 7 percent lower than the attendance rate for all students. (Needs, Conditions, Circumstances [Principally Directed])

In order to address this condition of our low-income students, we will develop and implement a new attendance program that is designed to address some of the major causes of absenteeism, including lack of reliable transportation and food, as well as a school climate that does not emphasize the importance of attendance. Goal N, Actions X, Y, and Z provide additional transportation and nutritional resources as well as a districtwide educational campaign on the benefits of high attendance rates. (Contributing Action[s])

These actions are being provided on an LEA-wide basis and we expect/hope that all students with less than a 100 percent attendance rate will benefit. However, because of the significantly lower attendance rate of low-income students, and because the actions meet needs most associated with the chronic stresses and experiences of a socio-economically disadvantaged status, we expect that the attendance rate for our low-income students will increase significantly more than the average attendance rate of all other students. (Measurable Outcomes [Effective In])

COEs and Charter Schools: Describe how actions included as contributing to meeting the increased or improved services requirement on an LEA-wide basis are principally directed to and effective in meeting its goals for unduplicated pupils in the state and any local priorities as described above. In the case of COEs and charter schools, schoolwide and LEA-wide are considered to be synonymous.

For School Districts Only:

Actions Provided on an LEA-Wide Basis:

Unduplicated Percentage > 55 percent: For school districts with an unduplicated pupil percentage of 55 percent or more, describe how these actions are principally directed to and effective in meeting its goals for unduplicated pupils in the state and any local priorities as described above.

Unduplicated Percentage < 55 percent: For school districts with an unduplicated pupil percentage of less than 55 percent, describe how these actions are principally directed to and effective in meeting its goals for unduplicated pupils in the state and any local priorities. Also describe how the actions **are the most effective use of the funds** to meet these goals for its unduplicated pupils. Provide the basis for this determination, including any alternatives considered, supporting research, experience, or educational theory.

Actions Provided on a Schoolwide Basis:

School Districts must identify in the description those actions being funded and provided on a schoolwide basis, and include the required description supporting the use of the funds on a schoolwide basis.

For schools with 40 percent or more enrollment of unduplicated pupils: Describe how these actions are principally directed to and effective in meeting its goals for its unduplicated pupils in the state and any local priorities.

For school districts expending funds on a schoolwide basis at a school with less than 40 percent enrollment of unduplicated pupils: Describe how these actions are principally directed to and how the actions are the most effective use of the funds to meet its goals for foster youth, English learners, and low-income students in the state and any local priorities.

A description of how services for foster youth, English learners, and low-income students are being increased or improved by the percentage required.

Consistent with the requirements of 5 CCR Section 15496, describe how services provided for unduplicated pupils are increased or improved by at least the percentage calculated as compared to the services provided for all students in the LCAP year. To improve services means to grow services in quality and to increase services means to grow services in quantity. Services are increased or improved by those actions in the LCAP that are included in the Goals and Actions section as contributing to the increased or improved services requirement, whether they are provided on an LEA-wide or schoolwide basis or provided on a limited basis to unduplicated students. A limited action is an action that only serves foster youth, English learners, and/or low-income students. This description must address how these action(s) are expected to result in the required proportional increase or improvement in services for unduplicated pupils as compared to the services the LEA provides to all students for the relevant LCAP year.

For any action contributing to meeting the increased or improved services requirement that is associated with a Planned Percentage of Improved Services in the Contributing Summary Table rather than an expenditure of LCFF funds, describe the methodology that was used to determine the contribution of the action towards the proportional percentage. See the instructions for determining the Planned Percentage of Improved Services for information on calculating the Percentage of Improved Services.

A description of the plan for how the additional concentration grant add-on funding identified above will be used to increase the number of staff providing direct services to students at schools that have a high concentration (above 55 percent) of foster youth, English learners, and low-income students, as applicable.

An LEA that receives the additional concentration grant add-on described in EC Section 42238.02 is required to demonstrate how it is using these funds to increase the number of staff who provide direct services to students at schools with an enrollment of unduplicated students that is greater than 55 percent as compared to the number of staff who provide direct services to students at schools with an enrollment of unduplicated students that is equal to or less than 55 percent. The staff who provide direct services to students must be certificated staff and/or classified staff employed by the LEA; classified staff includes custodial staff.

Provide the following descriptions, as applicable to the LEA:

An LEA that does not receive a concentration grant or the concentration grant add-on must indicate that a response to this prompt is not applicable.

Identify the goal and action numbers of the actions in the LCAP that the LEA is implementing to meet the requirement to increase the number of staff who provide direct services to students at schools with an enrollment of unduplicated students that is greater than 55 percent.

An LEA that does not have comparison schools from which to describe how it is using the concentration grant add-on funds, such as an LEA that only has schools with an enrollment of unduplicated students that is greater than 55 percent, must describe how it is using the funds to increase the number of credentialed staff, classified staff, or both, including custodial staff, who provide direct services to students at selected schools and the criteria used to determine which schools require additional staffing support.

In the event that an additional concentration grant add-on is not sufficient to increase staff providing direct services to students at a school with an enrollment of unduplicated students that is greater than 55 percent, the LEA must describe how it is using the funds to retain staff providing direct services to students at a school with an enrollment of unduplicated students that is greater than 55 percent.

Complete the table as follows:

- Provide the staff-to-student ratio of classified staff providing direct services to students with a concentration of unduplicated students that is 55 percent or less and the staff-to-student ratio of classified staff providing direct services to students at schools with a concentration of unduplicated students that is greater than 55 percent, as applicable to the LEA. The LEA may group its schools by grade span (Elementary, Middle/Junior High, and High Schools), as applicable to the LEA. The staff-to-student ratio must be based on the number of full time equivalent (FTE) staff and the number of enrolled students as counted on the first Wednesday in October of each year.
- Provide the staff-to-student ratio of certificated staff providing direct services to students at schools with a concentration of unduplicated students that is 55 percent or less and the staff-to-student ratio of certificated staff providing direct services to students at schools with a concentration of unduplicated students that is greater than 55 percent, as applicable to the LEA. The LEA may group its schools by grade span (Elementary, Middle/Junior High, and High Schools), as applicable to the LEA. The staff-to-student ratio must be based on the number of FTE staff and the number of enrolled students as counted on the first Wednesday in October of each year.

Action Tables

Complete the Data Entry Table for each action in the LCAP. The information entered into this table will automatically populate the other Action Tables. Information is only entered into the Data Entry Table, the Annual Update Table, the Contributing Actions Annual Update Table, and the LCFF Carryover Table. With the exception of the Data Entry Table, the word “input” has been added to column headers to aid in identifying the column(s) where information will be entered. Information is not entered on the remaining Action tables.

The following tables are required to be included as part of the LCAP adopted by the local governing board or governing body:

- Table 1: Total Planned Expenditures Table (for the coming LCAP Year)

- Table 2: Contributing Actions Table (for the coming LCAP Year)
- Table 3: Annual Update Table (for the current LCAP Year)
- Table 4: Contributing Actions Annual Update Table (for the current LCAP Year)
- Table 5: LCFF Carryover Table (for the current LCAP Year)

Note: The coming LCAP Year is the year that is being planned for, while the current LCAP year is the current year of implementation. For example, when developing the 2022–23 LCAP, 2022–23 will be the coming LCAP Year and 2021–22 will be the current LCAP Year.

Data Entry Table

The Data Entry Table may be included in the LCAP as adopted by the local governing board or governing body, but is not required to be included. In the Data Entry Table, input the following information for each action in the LCAP for that applicable LCAP year:

- **LCAP Year:** Identify the applicable LCAP Year.
- **1. Projected LCFF Base Grant:** Provide the total amount of LCFF funding the LEA estimates it will receive for the coming school year, excluding the supplemental and concentration grants and the add-ons for the Targeted Instructional Improvement Grant Program and the Home to School Transportation Program, pursuant to 5 CCR Section 15496(a)(8).

See *EC* sections 2574 (for COEs) and 42238.02 (for school districts and charter schools), as applicable, for LCFF apportionment calculations.

- **2. Projected LCFF Supplemental and/or Concentration Grants:** Provide the total amount of LCFF supplemental and concentration grants the LEA estimates it will receive on the basis of the number and concentration of unduplicated students for the coming school year.
- **3. Projected Percentage to Increase or Improve Services for the Coming School Year:** This percentage will not be entered; it is calculated based on the Projected LCFF Base Grant and the Projected LCFF Supplemental and/or Concentration Grants, pursuant to 5 CCR Section 15496(a)(8). This is the percentage by which services for unduplicated pupils must be increased or improved as compared to the services provided to all students in the coming LCAP year.
- **LCFF Carryover — Percentage:** Specify the LCFF Carryover — Percentage identified in the LCFF Carryover Table from the prior LCAP year. If a carryover percentage is not identified in the LCFF Carryover Table, specify a percentage of zero (0.00%).
- **Total Percentage to Increase or Improve Services for the Coming School Year:** This percentage will not be entered; it is calculated based on the Projected Percentage to Increase or Improve Services for the Coming School Year and the LCFF Carryover —

Percentage. This is the percentage by which the LEA must increase or improve services for unduplicated pupils as compared to the services provided to all students in the coming LCAP year.

- **Goal #:** Enter the LCAP Goal number for the action.
- **Action #:** Enter the action's number as indicated in the LCAP Goal.
- **Action Title:** Provide a title of the action.
- **Student Group(s):** Indicate the student group or groups who will be the primary beneficiary of the action by entering "All," or by entering a specific student group or groups.
- **Contributing to Increased or Improved Services?:** Type "Yes" if the action **is** included as contributing to meeting the increased or improved services; OR, type "No" if the action is **not** included as contributing to meeting the increased or improved services.
- If "Yes" is entered into the Contributing column, then complete the following columns:
 - **Scope:** The scope of an action may be LEA-wide (i.e., districtwide, countywide, or charterwide), schoolwide, or limited. An action that is LEA-wide in scope upgrades the entire educational program of the LEA. An action that is schoolwide in scope upgrades the entire educational program of a single school. An action that is limited in its scope is an action that serves only one or more unduplicated student groups.
 - **Unduplicated Student Group(s):** Regardless of scope, contributing actions serve one or more unduplicated student groups. Indicate one or more unduplicated student groups for whom services are being increased or improved as compared to what all students receive.
 - **Location:** Identify the location where the action will be provided. If the action is provided to all schools within the LEA, the LEA must indicate "All Schools." If the action is provided to specific schools within the LEA or specific grade spans only, the LEA must enter "Specific Schools" or "Specific Grade Spans." Identify the individual school or a subset of schools or grade spans (e.g., all high schools or grades transitional kindergarten through grade five), as appropriate.
- **Time Span:** Enter "ongoing" if the action will be implemented for an indeterminate period of time. Otherwise, indicate the span of time for which the action will be implemented. For example, an LEA might enter "1 Year," or "2 Years," or "6 Months."
- **Total Personnel:** Enter the total amount of personnel expenditures utilized to implement this action.
- **Total Non-Personnel:** This amount will be automatically calculated based on information provided in the Total Personnel column and the Total Funds column.

- **LCFF Funds:** Enter the total amount of LCFF funds utilized to implement this action, if any. LCFF funds include all funds that make up an LEA's total LCFF target (i.e., base grant, grade span adjustment, supplemental grant, concentration grant, Targeted Instructional Improvement Block Grant, and Home-To-School Transportation).
 - **Note:** For an action to contribute towards meeting the increased or improved services requirement it must include some measure of LCFF funding. The action may also include funding from other sources, however the extent to which an action contributes to meeting the increased or improved services requirement is based on the LCFF funding being used to implement the action.
- **Other State Funds:** Enter the total amount of Other State Funds utilized to implement this action, if any.
- **Local Funds:** Enter the total amount of Local Funds utilized to implement this action, if any.
- **Federal Funds:** Enter the total amount of Federal Funds utilized to implement this action, if any.
- **Total Funds:** This amount is automatically calculated based on amounts entered in the previous four columns.
- **Planned Percentage of Improved Services:** For any action identified as contributing, being provided on a Limited basis to unduplicated students, and that does not have funding associated with the action, enter the planned quality improvement anticipated for the action as a percentage rounded to the nearest hundredth (0.00%). A limited action is an action that only serves foster youth, English learners, and/or low-income students.
 - As noted in the instructions for the Increased or Improved Services section, when identifying a Planned Percentage of Improved Services, the LEA must describe the methodology that it used to determine the contribution of the action towards the proportional percentage. The percentage of improved services for an action corresponds to the amount of LCFF funding that the LEA estimates it would expend to implement the action if it were funded.

For example, an LEA determines that there is a need to analyze data to ensure that instructional aides and expanded learning providers know what targeted supports to provide to students who are foster youth. The LEA could implement this action by hiring additional staff to collect and analyze data and to coordinate supports for students, which the LEA estimates would cost \$165,000. Instead, the LEA chooses to utilize a portion of existing staff time to analyze data relating to students who are foster youth. This analysis will then be shared with site principals who will use the data to coordinate services provided by instructional assistants and expanded learning providers to target support to students. In this example, the LEA would divide the estimated cost of \$165,000 by the amount of LCFF Funding identified in the Data Entry Table and then convert the quotient to a percentage. This percentage is the Planned Percentage of Improved Service for the action.

Contributing Actions Table

As noted above, information will not be entered in the Contributing Actions Table; however, the ‘Contributing to Increased or Improved Services?’ column will need to be checked to ensure that only actions with a “Yes” are displaying. If actions with a “No” are displayed or if actions that are contributing are not displaying in the column, use the drop-down menu in the column header to filter only the “Yes” responses.

Annual Update Table

In the Annual Update Table, provide the following information for each action in the LCAP for the relevant LCAP year:

- **Estimated Actual Expenditures:** Enter the total estimated actual expenditures to implement this action, if any.

Contributing Actions Annual Update Table

In the Contributing Actions Annual Update Table, check the ‘Contributing to Increased or Improved Services?’ column to ensure that only actions with a “Yes” are displaying. If actions with a “No” are displayed or if actions that are contributing are not displaying in the column, use the drop-down menu in the column header to filter only the “Yes” responses. Provide the following information for each contributing action in the LCAP for the relevant LCAP year:

- **6. Estimated Actual LCFF Supplemental and/or Concentration Grants:** Provide the total amount of LCFF supplemental and concentration grants the LEA estimates it will actually receive based on of the number and concentration of unduplicated students in the current school year.
- **Estimated Actual Expenditures for Contributing Actions:** Enter the total estimated actual expenditure of LCFF funds used to implement this action, if any.
- **Estimated Actual Percentage of Improved Services:** For any action identified as contributing, being provided on a Limited basis only to unduplicated students, and that does not have funding associated with the action, enter the total estimated actual quality improvement anticipated for the action as a percentage rounded to the nearest hundredth (0.00%).
 - Building on the example provided above for calculating the Planned Percentage of Improved Services, the LEA in the example implements the action. As part of the annual update process, the LEA reviews implementation and student outcome data and determines that the action was implemented with fidelity and that outcomes for foster youth students improved. The LEA reviews the original estimated cost for the action and determines that had it hired additional staff to collect and analyze data and to coordinate supports for students that estimated actual cost would have been \$169,500 due to a cost of living adjustment. The LEA would divide the estimated actual cost of \$169,500 by the amount of LCFF Funding identified in the Data Entry Table and then convert the quotient to a percentage. This percentage is the Estimated Actual Percentage of Improved Services for the action.

LCFF Carryover Table

- **9. Estimated Actual LCFF Base Grant:** Provide the total amount of LCFF funding the LEA estimates it will receive for the current school year, excluding the supplemental and concentration grants and the add-ons for the Targeted Instructional Improvement Grant Program and the Home to School Transportation Program, pursuant to 5 CCR Section 15496(a)(8).

- **10. Total Percentage to Increase or Improve Services for the Current School Year:** This percentage will not be entered. The percentage is calculated based on the amounts of the Estimated Actual LCFF Base Grant (9) and the Estimated Actual LCFF Supplemental and/or Concentration Grants (6), pursuant to 5 CCR Section 15496(a)(8), plus the LCFF Carryover – Percentage from the prior year. This is the percentage by which services for unduplicated pupils must be increased or improved as compared to the services provided to all students in the current LCAP year.

Calculations in the Action Tables

To reduce the duplication of effort of LEAs, the Action Tables include functionality such as pre-population of fields and cells based on the information provided in the Data Entry Table, the Annual Update Summary Table, and the Contributing Actions Table. For transparency, the functionality and calculations used are provided below.

Contributing Actions Table

- 4. Total Planned Contributing Expenditures (LCFF Funds)
 - This amount is the total of the Planned Expenditures for Contributing Actions (LCFF Funds) column
- 5. Total Planned Percentage of Improved Services
 - This percentage is the total of the Planned Percentage of Improved Services column
- Planned Percentage to Increase or Improve Services for the coming school year (4 divided by 1, plus 5)
 - This percentage is calculated by dividing the Total Planned Contributing Expenditures (4) by the Projected LCFF Base Grant (1), converting the quotient to a percentage, and adding it to the Total Planned Percentage of Improved Services (5).

Contributing Actions Annual Update Table

Pursuant to *EC* Section 42238.07(c)(2), if the Total Planned Contributing Expenditures (4) is less than the Estimated Actual LCFF Supplemental and Concentration Grants (6), the LEA is required to calculate the difference between the Total Planned Percentage of Improved Services (5) and the Total Estimated Actual Percentage of Improved Services (7). If the Total Planned Contributing Expenditures (4) is equal to or greater than the Estimated Actual LCFF Supplemental and Concentration Grants (6), the Difference Between Planned and Estimated Actual Percentage of Improved Services will display “Not Required.”

- 6. Estimated Actual LCFF Supplemental and Concentration Grants
 - This is the total amount of LCFF supplemental and concentration grants the LEA estimates it will actually receive based on of the number and concentration of unduplicated students in the current school year.
- 4. Total Planned Contributing Expenditures (LCFF Funds)
 - This amount is the total of the Last Year's Planned Expenditures for Contributing Actions (LCFF Funds)

- 7. Total Estimated Actual Expenditures for Contributing Actions
 - This amount is the total of the Estimated Actual Expenditures for Contributing Actions (LCFF Funds)
- Difference Between Planned and Estimated Actual Expenditures for Contributing Actions (Subtract 7 from 4)
 - This amount is the Total Estimated Actual Expenditures for Contributing Actions (7) subtracted from the Total Planned Contributing Expenditures (4)
- 5. Total Planned Percentage of Improved Services (%)
 - This amount is the total of the Planned Percentage of Improved Services column
- 8. Total Estimated Actual Percentage of Improved Services (%)
 - This amount is the total of the Estimated Actual Percentage of Improved Services column
- Difference Between Planned and Estimated Actual Percentage of Improved Services (Subtract 5 from 8)
 - This amount is the Total Planned Percentage of Improved Services (5) subtracted from the Total Estimated Actual Percentage of Improved Services (8)

LCFF Carryover Table

- 10. Total Percentage to Increase or Improve Services for the Current School Year (6 divided by 9 + Carryover %)
 - This percentage is the Estimated Actual LCFF Supplemental and/or Concentration Grants (6) divided by the Estimated Actual LCFF Base Grant (9) plus the LCFF Carryover – Percentage from the prior year.
- 11. Estimated Actual Percentage of Increased or Improved Services (7 divided by 9, plus 8)
 - This percentage is the Total Estimated Actual Expenditures for Contributing Actions (7) divided by the LCFF Funding (9), then converting the quotient to a percentage and adding the Total Estimated Actual Percentage of Improved Services (8).
- 12. LCFF Carryover — Dollar Amount LCFF Carryover (Subtract 11 from 10 and multiply by 9)
 - If the Estimated Actual Percentage of Increased or Improved Services (11) is less than the Estimated Actual Percentage to Increase or Improve Services (10), the LEA is required to carry over LCFF funds.

The amount of LCFF funds is calculated by subtracting the Estimated Actual Percentage to Increase or Improve Services (11) from the Estimated Actual Percentage of Increased or Improved Services (10) and then multiplying by the Estimated Actual LCFF Base Grant (9). This amount is the amount of LCFF funds that is required to be carried over to the coming year.

- 13. LCFF Carryover — Percentage (12 divided by 9)
 - This percentage is the unmet portion of the Percentage to Increase or Improve Services that the LEA must carry over into the coming LCAP year. The percentage is calculated by dividing the LCFF Carryover (12) by the LCFF Funding (9).

California Department of Education
