For many families, traveling to visit colleges and universities, even in California, can be a hardship since **Humboldt County** is five or more hours from any major city.

Only 29.4% of Humboldt County residents have a Bachelor's degree or higher, therefore, many students are first generation college-going and may not have the economic means or the knowledge to make college visits.

This is **the only college fair** for the far Northern California Counties. Students are bused from Crescent City, Hoopa Valley Indian Reservation and Fort Bragg to attend.

We mail a **"Save the Date"** color postcard to every high school student in Humboldt and Del Norte Counties. That's 6,000! QR code leads to our event webpage to help families come prepared.
