

Lottery Funds

The funds received from the California State Lottery shall be used for supplemental and non-recurring expenditures necessary to support ongoing educational programs and activities.

Lottery funds allocated for the purchase of instructional materials pursuant to Government Code 8880.4 shall be expended on instructional materials as defined in Education Code 60010.

Lottery funds shall not be used to acquire real estate, build school facilities, finance research, or serve any other noninstructional purpose, such as those related to school maintenance, business and administrative operations.

The Board of Education and the Superintendent shall establish funding priorities and approve all allocations within the parameters established by law with input, as deemed necessary, by staff.

The Superintendent or designee shall maintain procedures for the accurate accounting and management of all lottery funds. These procedures shall include the establishment of a separate account for the receipt and distribution of lottery funds.
