Transportation for School-Related Business

The Superintendent of Schools may provide transportation for students, employees and other individuals for district business, field trips and excursions approved according to Board of Education policy and administrative regulations. The transportation may be provided on any day or days throughout the school year.

Transportation services may be provided to meet the educational needs of disabled adults.

The Superintendent or designee shall determine the most appropriate and cost-effective mode of transportation for each approved trip.

The transportation method shall provide for:

1. Maximum safety of pupils
2. Discipline necessary to maintain safe pupil behavior while riding in a school bus or other vehicle
3. Assisting disabled pupils appropriately
4. Enriching the instructional program through carefully planned study trips
