

PHILOSOPHY AND RELATIONSHIPS

The Superintendent of Schools wishes to establish policies and regulations that will attract and maintain the best qualified personnel for all positions. The Superintendent encourages staff to pursue excellence within their professions.

The Superintendent considers it the right and responsibility of all staff to offer their abilities, experiences and interests to the consideration and solution of problems, development of policies and the advancement of the total educational program in the county, state and nation.

Policies, rules and regulations concerning Office of Education personnel shall be in writing and included in Superintendent's Policy, Personnel Commission Rules, or in the applicable collective bargaining agreement as may be appropriate.
