

STUDENT CONDUCT

The Board of Education believes that all students have the right to a public education environment free from disruptions which interfere with teaching and learning activities. In order to promote an atmosphere conducive to learning, it is imperative that the Board, parents, students, teachers and the administration be cognizant of their responsibilities related to student conduct.

Student conduct shall conform to the standards established by policies adopted by the Board for the school or the student's Individual Education Plan (IEP)/Behavior Plan.

It shall, in addition, be the duty of each student to follow the directions of school personnel, to treat other students courteously, and to refrain from conduct likely to result in injury to other students, personnel or property.

Students shall be properly instructed in the rules and regulations pertaining to acceptable conduct as set by the Board. All students shall comply with the regulations, comply with the course of study and submit to the authority of the teachers and administration of the schools.

Students should have the freedom and be encouraged to express their individuality in any way as long as their conduct does not infringe upon the freedom of other students or interfere with the instructional program.

Students who violate the law or the school rules and regulations may be subject to transfer to alternative programs, discipline, suspension, exclusion or expulsion.
