

**NOTIFICATIONS REQUIRED BY LAW**

The Board of Education recognizes that notifications are essential to effective communication between the school and the home. The Superintendent or designee shall send students and parents/guardians all notifications required by law, including notifications about their legal rights, and any other notifications he/she believes will promote parental understanding and involvement.

The notice required pursuant to Education Code 48980 shall be sent at the beginning of each academic year and may be provided either by regular mail, in electronic form when so requested by the parent/guardian, or by any other method normally used to communicate with parents/guardians in writing.

Notifications which must be sent at the beginning of each school year shall include a request that the parent/guardian sign the notice and return it to the school, or if the notice is provided in electronic format, the notice shall include a request that the parent/guardian submit a signed acknowledgement of receipt of the notice to the school. The parent/guardian's signature is an acknowledgment of receipt of the information but does not indicate that consent to participate in any particular program has been given or withheld.

Notifications to parents/guardians shall be written both in English and in the family's primary language when so required by law. Whenever an employee learns that a student's parent/guardian is for any reason unable to understand printed notifications, the principal or designee shall work with the parent/guardian to establish other appropriate means of communication.
