RE: AB 1806 Graduation Eligibility Notification

Name of Student: _____ DOB _____

Current High School _____ Date of Enrollment: _____

McKinney-Youth in California have special rights to help them remain on track for high school graduation. Under Assembly Bills 1806, students who qualify for McKinney-Vento who are off track for high school graduation and transfer after their second year of high school, may be eligible to graduate by completing the minimum state requirements if they are not reasonably able to complete all school district requirements by the end of their fourth year of high school. This requirement includes 13 core year-long courses. Students who graduate under AB 1806 do not have to complete additional school district requirements, which generally range from 80-120 credits.

The above student *QUALIFYES* *DOES NOT QUALIFY* for AB 1806

The above student has the following graduation options and has chosen:

Graduate by completing state requirements and accept AB1806 eligibility. Students who accept this option may not be eligible to directly apply to a California State University or University of California school after graduation. They will be able to apply to attend a community college. They will be able to graduate with their classmates and receive a regular high school diploma.

Attempt to graduate high school at the end of the 4th year by completing all school district graduation requirements. Students may attempt to accomplish this by concurrently enrolling in a community college, continuation school, or independent study program.

Remain in high school for a 5th year and complete all additional school district graduation requirements. The right to a 5th year of high school applies even if the student will be 19 years old during that additional school year. The student will be allowed to remain at the local high school and will not be required to transfer to a continuation school, independent study program, or adult school to complete the 5th year.

Please find the attached AB 1806 contract included with this letter. You will find an outline of what credits are still needed to complete graduation. The student's McKinney-Vento Education Liaison will review this contract with the student and provide credit updates every quarter. An updated contract will be provided at semester.

Please contact us at Humboldt County Office of Education, McKinney-Vento Education Services office at (707) 445-7187 with further questions or concerns.

Sincerely,
