

SUPPLEMENTAL INSTRUCTION

The Board of Education recognizes that high-quality supplemental instructional programs can motivate and support students to attain grade-level academic standards, overcome academic deficiencies, and/or acquire critical skills. The Office of Education shall offer programs of direct, systematic, and intensive supplemental instruction to meet student needs within available funding.

Supplemental instruction may be offered outside the regular school day, including during the summer, before school, after school, on Saturday, and/or during intersessions. It may also be provided during the regular school day provided it does not supplant the student's instruction in the core curriculum areas or physical education.

The curriculum of the supplemental instructional program shall reflect state academic content standards to the extent that the curriculum is aligned with those state standards, and/or shall be designed to assist students to succeed on the exit exam.

In addition, contingent on the Office of Education budget and local control and accountability plan (LCAP), supplemental instruction may be offered to students who:

1. Based on state assessment results, grades, or other indicators, demonstrate academic deficiencies in core curriculum areas that may jeopardize their attainment of academic standards
2. Are in targeted student groups identified in the district's LCAP as needing increased or improved services to succeed in the educational program
3. Desire enrichment in core academic areas, visual and performing arts, physical education, or other subjects as approved by the Board

As appropriate, supplemental instruction may be provided through a classroom setting, individual or small group instruction, technology-based instruction, and/or an arrangement with a community or other external service provider.

When determined to be necessary by the principal or designee, a student may be required to participate in a supplemental instruction. In such cases, written parent/guardian consent shall be obtained for the student's participation.
