

LCFF Budget Overview for Parents

Local Educational Agency (LEA) Name: Loleta Union Elementary School District

CDS Code: 12-62927-0000000

School Year: 2025-26

LEA contact information:

Colton Johnson

Superintendent/Principal

cjohnson@loleta.org

(707) 733-5705

School districts receive funding from different sources: state funds under the Local Control Funding Formula (LCFF), other state funds, local funds, and federal funds. LCFF funds include a base level of funding for all LEAs and extra funding - called "supplemental and concentration" grants - to LEAs based on the enrollment of high needs students (foster youth, English learners, and low-income students).

Budget Overview for the 2025-26 School Year

This chart shows the total general purpose revenue Loleta Union Elementary School District expects to receive in the coming year from all sources.

The text description for the above chart is as follows: The total revenue projected for Loleta Union Elementary School District is \$2,197,770, of which \$1,170,843 is Local Control Funding Formula (LCFF), \$500,151 is other state funds, \$183,615 is local funds, and \$343,161 is federal funds. Of the \$1,170,843 in LCFF Funds, \$330,209 is generated based on the enrollment of high needs students (foster youth, English learner, and low-income students).

LCFF Budget Overview for Parents

The LCFF gives school districts more flexibility in deciding how to use state funds. In exchange, school districts must work with parents, educators, students, and the community to develop a Local Control and Accountability Plan (LCAP) that shows how they will use these funds to serve students.

This chart provides a quick summary of how much Loleta Union Elementary School District plans to spend for 2025-26. It shows how much of the total is tied to planned actions and services in the LCAP.

The text description of the above chart is as follows: Loleta Union Elementary School District plans to spend \$2,588,734 for the 2025-26 school year. Of that amount, \$2,122,167 is tied to actions/services in the LCAP and \$466,567 is not included in the LCAP. The budgeted expenditures that are not included in the LCAP will be used for the following:

The budgeted expenditures not included in the LCAP will cover essential operating costs and facilities maintenance, such as utilities (electricity, water, gas), and routine upkeep of buildings and grounds.

Increased or Improved Services for High Needs Students in the LCAP for the 2025-26 School Year

In 2025-26, Loleta Union Elementary School District is projecting it will receive \$330,209 based on the enrollment of foster youth, English learner, and low-income students. Loleta Union Elementary School District must describe how it intends to increase or improve services for high needs students in the LCAP. Loleta Union Elementary School District plans to spend \$334,627 towards meeting this requirement, as described in the LCAP.

LCFF Budget Overview for Parents

Update on Increased or Improved Services for High Needs Students in 2024-25

Prior Year Expenditures: Increased or Improved Services for High Needs Students

This chart compares what Loleta Union Elementary School District budgeted last year in the LCAP for actions and services that contribute to increasing or improving services for high needs students with what Loleta Union Elementary School District estimates it has spent on actions and services that contribute to increasing or improving services for high needs students in the current year.

The text description of the above chart is as follows: In 2024-25, Loleta Union Elementary School District's LCAP budgeted \$391,503 for planned actions to increase or improve services for high needs students. Loleta Union Elementary School District actually spent \$384,809 for actions to increase or improve services for high needs students in 2024-25.

The difference between the budgeted and actual expenditures of \$6,694 had the following impact on Loleta Union Elementary School District's ability to increase or improve services for high needs students:

The actual cost of services or materials was lower than originally budgeted, resulting in unspent funds. These unspent funds did not have an impact on services offered to high needs students.

Local Control and Accountability Plan

The instructions for completing the Local Control and Accountability Plan (LCAP) follow the template.

Local Educational Agency (LEA) Name	Contact Name and Title	Email and Phone
Loleta Union Elementary School District	Colton Johnson Superintendent/Principal	lrow@loleta.org (707) 733-5705

Plan Summary [2025-26]

General Information

A description of the LEA, its schools, and its students in grades transitional kindergarten–12, as applicable to the LEA. LEAs may also provide information about their strategic plan, vision, etc.

Loleta Union Elementary School District is a small, single-school district serving students in TK - 8. Built in the 1950s, the school is located on a bluff with a view of the Pacific Ocean in the small town of Loleta in Humboldt County. The community supports farming and ranching, a sizable “bedroom community” for parents who work in Fortuna to the south or Eureka to the north, and a large workforce for the Bear River Casino.

Student enrollment averages about 75 students over the 10 grade levels. Loleta Elementary serves two Native American tribes: the Bear River Band of the Rohnerville Rancheria and the Wiyot Tribe at Table Bluff ad about 48% of the students who attend Loleta identify as Native American. About 25% of the students are identified as English Learners, 28% receive special education services and 92% of our students are considered to be socio-economically disadvantaged. Fifty-Two percent of our students indicate Hispanic ethnicity, which can include a Native American designation. Fifteen percent of our students are White.

The school staff reflects the diversity in the community and student population, with Native American, Hispanic, and White staff members. Loleta employes 7 full time teachers, including an Education Specialist to serve students with disabilities and an English Language Development teacher to serve English Learners. All of the school's classes are combination classes, meaning that each general education teacher serves students in two grade levels in the same classroom. Special Education support services are typically provided in a pull-out model where students go to a separate classroom for academic support. The district contracts with the County Office of Education and SELPA to for more intensive special education services. English Language Development services are provided in designated and integrated

modes. A variety of classified staff personnel, such as special education aides, bilingual aides and instructional aides provide additional support to the students in the classrooms.

As a Community School, Loleta works in partnership with our on-site Loleta Community Resource Center (LCRC) to position the school as a hub for a variety of services for students, families, and community members. The LCRC is operated by St. Joseph/Providence Health, a local health-care system. Loleta's Community School initiative includes partnerships with the two local tribes, as well as with other community-based organizations such as Two Feathers Native American Family Services, the Department of Public Health, Arcata Playhouse, Friends of the Van Duzen River, and the True North Organizing Network. This multi-agency approach fosters effective family outreach, culturally-relevant support services, enjoyable community events, and enrichment activities. Members of these organizations also serve on the district's advisory committees: the Loleta Elementary School Advisory Committee, the English Language Acquisition Committee (ELAC), the Native American Parent Advisory Committee (NAPAC) and the Loleta Core Partners team. The district offers extended learning time, summer and intersession programs, school bus transportation, a full-service cafeteria that serves breakfast, two snacks, and lunch each day, and a thriving school garden that provides produce for the cafeteria, as well as pumpkin patch and a corn maze in the fall.

Reflections: Annual Performance

A reflection on annual performance based on a review of the California School Dashboard (Dashboard) and local data.

Part I: A reflection on annual performance based on a review of the 2024 California School Dashboard (Dashboard) and 2025 local data.

As a single school district, Loleta's LEA-level and school-level data are the same.

Some district successes to note include:

- 100% of certificated staff were fully credentialed and appropriately assigned;
- The average attendance rate increased by 3%;
- Chronic absenteeism decreased by 16%;
- 2024 Dashboard data shows that the suspension rate decreased by more than 7%;
- Students reporting that they felt safe at school increased to 89%;
- We are operating a robust Expanded Learning Program;
- Arts and music instruction and activities increased substantially from last year;
- The implementation of ParentSquare has increased our outreach abilities.

Areas for improvement include:

CAASPP English Language Arts Assessment

State testing data from the 2024 Dashboard shows that on average, Loleta students in grades 3-8 scored 148.7 points below standard (pbs) on the CAASPP English Language Arts assessment. Specific student groups performed as follows:

Low Income = 122.9 pbs
American Indian = 155 pbs
Students With Disabilities = 137 pbs
Hispanic = 115 pbs
Fewer than 11 students in the testing group, no data reported: English Learners, Homeless, Two or More Races, White

Grade-level reports for the CAASPP English Language Arts assessment shows that 11% of the students tested in grades 3 through 6 scored at the Standard Met Level and 11% of the 7th graders and 25% of the 8th graders scored at the Standard Met level. There were no students who scored at the Standard Exceeded Level.

CAASPP Mathematics Assessment

State testing data from the 2024 Dashboard shows that on average, Loleta students in grades 3-8 scored 149 points below standard on the CAASPP mathematics assessment. Specific student groups performed as follows:

Low Income = 148.4 bs
American Indian = 191 pbs
Students With Disabilities = 158.4 pbs
Hispanic = 130.7 pbs
Fewer than 11 students in the testing group, no data reported: English Learners, Homeless, Two or More Races, White

Grade-level reports for the CAASPP mathematics assessment shows that 22% of the students tested in grades 3 scored at the Standard Met Level but none scored at the Standard Exceeded level. No students tested in grades 4-8 scored at the Standard Met or Standard Exceeded levels.

Broadly speaking, of the five student groups listed, Hispanic students are performing the most strongly in both ELA and math, while American Indian students scored lowest in ELA and math. While all students would benefit from increased academic support, the student groups specifically identified by the California Department of Education for intervention based on the 2024 Dashboard include socioeconomically disadvantaged students for ELA test scores, and socioeconomically disadvantaged for chronic absenteeism.

Actions identified to address ELA test scores: Action 1.1, Action 1.2, Action 1.3, Action 1.6, Action 1.7, Action 1.8, Action 1.12, Action 1.14, Action 1.15

Actions identified to address chronic absenteeism rates: Action 2.1, Action 2.2, Action 2.3, Action 2.4, Action 3.4

California Science Test

The results of the 2024 CA Science Test (CST) for grades 5 and 8 show that 100% of 5th grade students tested scored at the Not Met or Nearly Met Standard levels. For 8th grade students, 88% scored at the Not Met or Nearly Met Standard levels and 12% scored at the Met Standard level. Survey responses from teachers for the implementation of academic standards indicate a need for professional development specific to the Next Generation Science Standards (NGSS)

The LEA has unexpended LREBG funds that will be spent during the 2025-26 school year to fund or partially fund the following Action(s):

Revised Action 2.1 Counselor: Due to budget reductions, the counselor position was reduced from 1.0 to .5 FTE for the 2025-2026 school year. The district decided to use LREBG to add back some hours to increase the position to .625 FTE. This is an allowable use of LREBG funds under EC Section 32526(c)(2)(c) Integrating evidence-based pupil supports to address other barriers to learning, and staff supports and training, such as the provision of health, counseling, or mental health services, access to school meal programs, before and after school programs, or programs to address pupil trauma and social-emotional learning, or referrals for support for family or pupil needs. The 2025-2026 school climate surveys, suspension rate and chronic absenteeism rates all confirm a need for continued school counseling support. The effectiveness of this action will be measured by the following metrics: 2.1, 2.2, 2.3, 2.4, 2.5, 2.6, and 2.9.

Part II: Lowest performing student groups reported on 2023 Dashboard

Based on data from the 2023 CA Dashboard as well as our local indicators and benchmark data, Loleta needs to improve outcomes in the areas of academic performance in Math, ELA, and Science; attendance; the implementation of state standards; suspension rate; and fostering family and community engagement. These areas of need are reflected in the Goals and Actions of this plan.

As a single school district, Loleta's LEA-level and school-level data are the same.

CAASPP English Language Arts Assessment

State testing data from the 2023 Dashboard shows that on average, Loleta students in grades 3-8 scored 119.4 points below standard (pbs) on the CAASPP English Language Arts assessment. Specific student groups performed as follows:

Low Income = 125 pbs

American Indian = 137 pbs

English Learners = 91.9 pbs

Students With Disabilities = 136 pbs

Hispanic = 114.6 pbs

Fewer than 11 students in the testing group, no data reported: Homeless, Two or More Races, White

Grade-level reports for the CAASPP English Language Arts assessment shows that 0% of the students tested in grades 3 through 6 scored at the Standard Met or Standard Exceeded Level but 25% of the 7th graders and 6% of the 8th graders scored at the Standard Met level.

CAASPP Mathematics Assessment

State testing data from the 2023 Dashboard shows that on average, Loleta students in grades 3-8 scored 157.6 points below standard on the CAASPP mathematics assessment. Specific student groups performed as follows:

Low Income = 159.2 pbs

American Indian = 157.9 pbs

English Learners = 148.3 pbs

Students With Disabilities = 166.5 pbs

Hispanic = 172.5 pbs

Fewer than 11 students in the testing group, no data reported: Homeless, Two or More Races, White

Grade-level reports for the CAASPP mathematics assessment shows that 0% of the students tested in grades 3 through 8 scored at the Standard Met or Standard Exceeded Level.

Broadly speaking, of the five student groups listed, English Learners are performing the most strongly in both ELA and math, while American Indian students scored lowest in ELA and students with disabilities scored lowest in math. While all students would benefit from increased academic support, the student groups specifically identified by the California Department of Education for intervention based on the 2023 Dashboard include socioeconomically disadvantaged students for math test scores, and socioeconomically disadvantaged, American Indian, and students with disabilities for suspension rates.

Actions identified to address math test scores: Action 1.1, Action 1.2, Action 1.3, Action 1.6, Action 1.7, Action 1.8, Action 1.12, Action 1.14, Action 1.15

Actions identified to address suspension rates: Action 2.1, Action 2.2, Action 2.3, Action 2.4, Action 3.4

California Science Test

The results of the 2023 CA Science Test (CST) for grades 5 and 8 show that 99% of students tested scored at the Not Met or Nearly Met Standard level. Survey responses for the implementation of academic standards indicate a need for professional development specific to the Next Generation Science Standards (NGSS)

Local Indicator: 2024 Survey on Implementation of Academic Standards (Priority 2)

Areas identified as Level 2 or Beginning Development Phase

Providing professional learning for teaching to the NGSS standards

Policies or programs to support staff in identifying areas where they can improve in delivering instruction aligned to NGSS

Progress implementing CTE, PE, and VPA standards

The suspension rate reported on the 2023 Dashboard was 8.7%. For comparison, the state suspension rate for the same period was 3.5%. It is worth noting that a small student population affects the way the data looks. If a district has a student enrollment of 100 students and 4 students are suspended for at least one day over the course of the school year, the district's suspension rate will exceed the state rate. If you have two students in a demographic group and one is suspended, the suspension rate for that group is 50%. In looking at the student group data, it is also worth noting that groups overlap and any single student may be identified in a number of categories. In other words, one student may be identified as Hispanic, socioeconomically disadvantaged, an English Learner, and a student with disabilities. In the 2023-2024 school year the school was identified for Additional Targeted Support and Improvement (ATSI) by state for the suspension rate of students with disabilities (see below).

During the 2022-2023 school year:

Homeless = 21.4% of students identified as homeless were suspended for at least one day.

Two or More Races = 23.1% of students identified as being of two or more races were suspended for at least one day.

White = 7.1% of students identified as White were suspended for at least one day.

American Indian = 8.5% of students identified as American Indian were suspended for at least one day.

SED = 9.6% of students identified as socioeconomically disadvantaged were suspended for at least one day.

SWD = 14% of students with disabilities were suspended for at least one day.
EL = 4.3% of English Learners were suspended for at least one day.

Local Indicators on the Dashboard shows Not Met for Two or More Years for Basics: Teachers, Instructional Materials, Facilities. This is because the district failed to validate data from the 2021-2022 school year with the state. Data for the 2022-2023 and 2023-2024 school years were appropriately submitted and certified.

Chronic Absenteeism; As of March 27, 2024 32% of students were considered Chronically Absent, meaning they have missed more than 10% of school days.

An area of strength that the district will continue to invest in is the performance of our English Learners. As noted above, our ELs are performing the most strongly in both ELA and math, have the lowest suspension rate of identified student groups and had a high (24%) reclassification rate in 2023. The number of ELs who are chronically absent is proportionate to the overall population, with about 25% of chronically absent students identified as ELs.

Reflections: Technical Assistance

As applicable, a summary of the work underway as part of technical assistance.

Based on the 2024 Dashboard data, Loleta School District is eligible for technical assistance from the Humboldt County Office of Education (HCOE) through the Differentiated Assistance (DA) process. The district has one eligible student group (socioeconomically disadvantaged students) identified in the areas of Chronic Absenteeism and Academics, specifically student performance on the CAASPP ELA and math assessments. The district has chosen to focus on student state test performance for the DA process because Chronic Absenteeism is already a focus of work for under the community school initiative. District teachers have worked with the HCOE school support team to identify one common assessment tool (IXL) to use across all grade levels to better measure academic progress to provide greater opportunities for remediation where necessary and acceleration where possible. The team also worked to create a benchmark assessment calendar to ensure that students will be routinely and reliably assessed in a way that yields actionable data. During the 2024-2025 school year, the team will implement and monitor actions to ensure they are having the desired impact.

Actions identified to address test scores: Action 1.1, Action 1.2, Action 1.3, Action 1.6, Action 1.7, Action 1.8, Action 1.12, Action 1.14, Action 1.15

Actions identified to address chronic absenteeism rates: Action 2.1, Action 2.3, Action 2.4, Action 3.4

Comprehensive Support and Improvement

An LEA with a school or schools eligible for comprehensive support and improvement must respond to the following prompts.

Schools Identified

A list of the schools in the LEA that are eligible for comprehensive support and improvement.

N/A

Support for Identified Schools

A description of how the LEA has or will support its eligible schools in developing comprehensive support and improvement plans.

N/A

Monitoring and Evaluating Effectiveness

A description of how the LEA will monitor and evaluate the plan to support student and school improvement.

N/A

Engaging Educational Partners

A summary of the process used to engage educational partners in the development of the LCAP.

School districts and county offices of education must, at a minimum, consult with teachers, principals, administrators, other school personnel, local bargaining units, parents, and students in the development of the LCAP.

Charter schools must, at a minimum, consult with teachers, principals, administrators, other school personnel, parents, and students in the development of the LCAP.

An LEA receiving Equity Multiplier funds must also consult with educational partners at schools generating Equity Multiplier funds in the development of the LCAP, specifically, in the development of the required focus goal for each applicable school.

Educational Partner(s)	Process for Engagement
Teachers	From the Spring of 2024 through the Spring of 2025, the District used a variety of means to consult with teachers in the development of the LCAP. Teaching staff reviewed student data in monthly staff meetings and prioritized areas for improvement based on the 7 state priority areas. In the fall of 2024 the Community School team conducted a survey that gathered information in the areas of Academics and Basic Services, Expanded and Enriched Learning, and Family and Community Engagement. Teachers annually provide input regarding the implementation of state standards via the Local Indicator Priority 2 survey as well as the parental involvement and family engagement survey(Priority 3). Teachers on the school Leadership Team engaged in self-assessments, such as the Fidelity Integrity Assessment, related to the implementation of MTSS that identified areas for improvement. The Leadership team also analyzed student data such as state testing results, chronic absenteeism rates, and the results of local surveys with the specific purpose of identifying actions to include in the LCAP. Teachers who participated in the Differentiated Assistance process engaged in plans to improve the benchmark assessment process and calendar. During the 2024-2025 school year the Community School team conducted one-on-one interviews with teachers to gather data about the direction of the school, areas for improvement, and areas to celebrate.

Educational Partner(s)	Process for Engagement
Principals/Administrators	Loleta is a single school district with only one administrator, the Superintendent/Principal, who leads the LCAP development and update process.
Other School Personnel	Classified staff were engaged in the LCAP development process in much the same way and on the same timeline as teachers. Classified staff reviewed student data in monthly staff meetings and prioritized areas for improvement based on the 7 state priority areas. In the fall of 2024 the Community School team conducted a survey that gathered information in the areas of Academics and Basic Services, Expanded and Enriched Learning, and Family and Community Engagement. Classified staff provided input on the parental involvement and family engagement survey(Priority 3). Classified staff on the school Leadership Team engaged in self-assessments, such as the Fidelity Integrity Assessment, related to the implementation of MTSS that identified areas for improvement. The Leadership team also analyzed student data such as state testing results, chronic absenteeism rates, and the results of local surveys with the specific purpose of identifying actions to include in the LCAP. During the 2024-2025 school year the Community School team conducted one-on-one interviews with classified staff to gather data about the direction of the school, areas for improvement, and areas to celebrate. site.
Parents	Throughout the 2024-2025 school year, parents and families were engaged in a variety of ways. Monthly meetings of the District English Learner Advisory Committee, the Native American Parent Advisory Committee, and the Loleta Elementary School Advisory Committee were held to present and discuss student data, and gather input for the development of LCAP actions. The Community School team conducted a survey that gathered information on school climate. One on one empathy interviews were conducted by one of the district's core partners. Anecdotal data was gathered during IEP meetings, parent/teacher conferences, informal conversations, and school events such as Back to School Night and ELOP Family Nights.
Students	Students were involved in the development of the LCAP by participating in listening sessions, surveys, in-class discussions facilitated by the school counselor and/or the Community School

Educational Partner(s)	Process for Engagement
	Coordinator. Students in all grades participated in the school climate survey ELOP Family Nights, and intersession days.
Community Partners	Loleta enjoys robust community partnerships with a variety of agencies and organizations. Throughout the 2024-2025 the Community School team met monthly with the staff of the Loleta Community Resource Center, operated by Providence Health. Community partners including tribal representatives participated in the surveys and listening sessions. Anecdotal data was gathered during community events and informal conversations. Monthly "core partners" meetings were held via Zoom and involved representatives of the two local tribes, True North Organizing Network, and Two Feathers Native American Family Services.

A description of how the adopted LCAP was influenced by the feedback provided by educational partners.

Input from educational partners fell broadly into the areas of Academics and Basic Services, Expanded and Enriched Learning, and Family and Community Engagement, which helped shape the three LCAP goals.

Academics and Basic Services

District staff ranked state test scores as their second most important area for schoolwide improvement and the state of the facilities as number five (out of 20 areas). Families and community members ranked basic services (teachers, facilities, and textbooks) as their second most important area after parent engagement. Some student feedback reflected the belief that students should be performing better academically and needed more support. The actions in Goal 1 are related to certificated and classified staff, instructional materials, academic support, staff professional development for academic subjects, and staff support for students with disabilities and unduplicated pupils.

Expanded and Enriched Learning

District staff ranked student engagement as their most important area for schoolwide improvement and parents ranked it third. Staff responses on the California School Staff Survey showed that student behavior, peer relationships and mental health were areas of concern and student feedback indicated that they wanted more enrichment activities. The actions in Goal 2 are related to student mental health and behavioral support, enrichment activities both during the school day and in the after school/summer program, and staff professional development related to school climate.

Family and Community Engagement

Families and community members ranked Family Engagement as their number one priority area. Survey results, conversations, and informal feedback all indicate a need for the school to improve in making the campus a welcoming place for families, develop better communication systems to keep families informed and encourage participation in shared decision making opportunities. The actions in Goal 3 relate to the

community school initiative, the investment in stronger communication systems, and the means to foster greater parent engagement in school activities.

Goals and Actions

Goal

Goal #	Description	Type of Goal
1	With an equity lens, Loleta will develop a robust system of integrated supports to meet students' academic and basic needs.	Broad Goal

State Priorities addressed by this goal.

Priority 1: Basic (Conditions of Learning) Priority 2: State Standards (Conditions of Learning) Priority 4: Pupil Achievement (Pupil Outcomes) Priority 8: Other Pupil Outcomes (Pupil Outcomes)

An explanation of why the LEA has developed this goal.

This goal was developed to address the state priority areas of basic services, state standards, and pupil achievement. Based on data from the 2023 CA Dashboard, as well as from our local academic progress data, Loleta needs to improve student outcomes in the areas of academic performance in Math, ELA, and Science and continue to provide services for English Learners and students with disabilities to ensure their access to the general education curriculum. District staff ranked state test scores as their second most important area for schoolwide improvement and the state of the facilities as number five (out of 20 areas). Loleta was identified by the state for Differentiated Assistance due to low math scores on the CAASPP, particularly for our socio-economically disadvantaged students, which represent more than 90% of our student population. Families and community members ranked basic services (teachers, facilities, and textbooks) as their second most important area after parent engagement. Note that many of the metrics are expressed as averages as the district enrollment is too small to yield meaningful disaggregated data. The actions to support this goal focus on academic support as well as facilities, transportation, and cafeteria services.
--

Measuring and Reporting Results

Metric #	Metric	Baseline	Year 1 Outcome	Year 2 Outcome	Target for Year 3 Outcome	Current Difference from Baseline
1.1	Average CAASPP ELA scores in grades 3-8 expressed in points above or points below standard.	2023 data: average score in grades 3-8 was 119.4 points below standard	2024 data: average score in grades 3-8 was 125 points below standard		By spring 2027, improve average CAASPP ELA scores in grades 3-8 to 60 points below standard	The points below standard score increased by 2.5 points.

Metric #	Metric	Baseline	Year 1 Outcome	Year 2 Outcome	Target for Year 3 Outcome	Current Difference from Baseline
1.2	Average CAASPP Math scores in grades 3-8 expressed in points above or points below standard.	2023 data: average score in grades 3-8 was 157.7 points below standard	2024 data: average score in grades 3-8 was 153.6 points below standard		By spring 2027 improve average CAASPP Math scores in grades 3-8 to 75 points below standard	The points below standard improved by 4.1 points.
1.3	CAASPP Science Scores for grades 5 and 8 expressed as the average percentage of students scoring in each of the performance categories	2023 data: 59% of students tested scored in the Standard Not Met performance category and 40% of students tested scored in the Standard Nearly Met performance category.	2024 data: 69% of students tested scored in the Standard Not Met performance category, 25% scored in Standard Nearly Met category and 6% scored in Standard Met		By spring 2027 increase CAASPP Science Scores for grades 5 and 8 to 50% of students scoring in the Standard Met performance category	Standard Not Met increased by 10%; Standard Nearly Met decreased by 15% and Standard Met increased by 6%

Goal Analysis [2024-25]

An analysis of how this goal was carried out in the previous year.

A description of overall implementation, including any substantive differences in planned actions and actual implementation of these actions, and any relevant challenges and successes experienced with implementation.

All of the actions supporting this goal were implemented as planned.

An explanation of material differences between Budgeted Expenditures and Estimated Actual Expenditures and/or Planned Percentages of Improved Services and Estimated Actual Percentages of Improved Services.

- 1.1 Over by \$8,297 because budgeted amount did not include cost of induction program or mentor stipends
- 1.2 Under by \$1,059 because of vacant positions or employees on unpaid leave
- 1.3 Over by \$25,854 due to a new specialized program placement and transportation, newly qualified students receiving services and increased contracted services support from HCOE and SELPLA
- 1.4 Over by \$1,609 because budgeted amount did not accurately reflect the salary and benefits of the teacher.
- 1.6 Under by \$1,164 because of difference in requested curricular materials
- 1.7 Over by \$2,500 because the district needed to spend Learning Recovery Block Grant funds.
- 1.8 Over by \$2,000 because the district needed to spend Learning Recovery Block Grant funds.
- 1.9 Over by \$11,224 because the district needed to spend Kitchen Infrastructure Grant funds.
- 1.10 Under by \$22,475 because the position was vacant for more than a month
- 1.11 Under by \$2,305 because there were fewer service and repair calls for the bus than anticipated.
- 1.12 Over by \$946 because of unbudgeted project related to computer lab
- 1.14 Over by \$5,361 because teacher salary were estimated lower at budget adoption than actual.
- 1.15 Over by \$30,583 because of classified salary increase

A description of the effectiveness or ineffectiveness of the specific actions to date in making progress toward the goal.

Contributing Actions

Action 1.4, English Language Development was effective based on metrics 1.1, 1.2, 1.3, 1.5 and 1.11.

Action 1.14, Employ certificated staff to support unduplicated pupils, was effective based on Metrics 1.1, 1.2, 1.7, and 1.8

Action 1.15, Employ classified staff to support unduplicated pupils, was effective based on metrics 2.2 and 2.3.

A description of any changes made to the planned goal, metrics, target outcomes, or actions for the coming year that resulted from reflections on prior practice.

There were no changes to the goal, metrics, target outcomes, or actions for the coming year. There was no data reported for 5th and 6th grade academic benchmark data because the teacher did not administer the assessments (IXL) to the students. However, the metric will remain in place.

A report of the Total Estimated Actual Expenditures for last year's actions may be found in the Annual Update Table. A report of the Estimated Actual Percentages of Improved Services for last year's actions may be found in the Contributing Actions Annual Update Table.

Actions

Action #	Title	Description	Total Funds	Contributing
1.1	Teachers	Recruit, hire, and retain a diverse and highly-qualified general education teaching staff.	\$386,301.43	No
1.2	Aides	Ensure that each classroom has an instructional aide.	\$78,852.99	No
1.3	Special Education	Provide in-house and contracted special education services for students with disabilities.	\$396,761.46	No
1.4	ELD	Provide designated and integrated English Language Development support for English Learners.	\$83,782.08	Yes
1.5	Assessment	Employ a testing coordinator to manage required state testing processes, training, and reporting. (Expenses in GA 1.4 for now)		No
1.6	Curriculum	Ensure that textbooks, consumables, and online content subscriptions, are current, standards-aligned and sufficient in number.	\$12,058.00	No
1.7	Instructional Materials	Ensure that instructional materials and supplies are age appropriate and sufficient in number.	\$10,306.00	No
1.8	Academic Support	Provide additional academic support for all students to meet their identified areas of need.		No
1.9	Cafeteria	Provide a full-service student nutrition program that is compliant with state and federal standards.	\$118,707.95	No

Action #	Title	Description	Total Funds	Contributing
1.10	Facilities	Provide safe and clean facilities that are in good repair.	\$152,647.59	No
1.11	Transportation	Provide reliable home to school transportation during the regular school year and during intersession programs.	\$60,972.98	No
1.12	Technology	Ensure that the technology infrastructure is efficient and up to date, and equipment is updated and fully functional.	\$15,000.00	No
1.14	Certificated Staff	Employ certificated staff to support unduplicated pupils (English Learners, socio-economically disadvantaged and foster youth).	\$48,192.99	Yes
1.15	Classified Staff	Employ classified staff to support unduplicated pupils (English Learners, socio-economically disadvantaged and foster youth).	\$115,447.18	Yes

Goals and Actions

Goal

Goal #	Description	Type of Goal
2	Foster positive connections to school by providing expanded and enriched learning opportunities, social-emotional learning, and behavioral support services.	Broad Goal

State Priorities addressed by this goal.

Priority 5: Pupil Engagement (Engagement)
Priority 6: School Climate (Engagement)
Priority 7: Course Access (Conditions of Learning)
Priority 8: Other Pupil Outcomes (Pupil Outcomes)

An explanation of why the LEA has developed this goal.

The District has developed this goal to address the state priority areas of Pupil Engagement, School Climate and Course Access. During the Spring 2024 LCAP development sessions, school staff ranked Pupil Engagement as their number one priority area, based in particular on the student chronic absenteeism rate. School climate survey data shows that student perceptions of safety and connection to school are strong but could be improved. In addition, Loleta has been identified by the state for Differentiated Assistance due to the suspension rate of Native American students, students with disabilities, and students who are socio-economically disadvantaged. The metric measuring the percentage of students seeking counseling support aims to reduce that number through stronger Tier 1 interventions, direct instruction in pro-social conduct, and referral to outside agencies as needed. This goal includes actions intended to foster a more positive school climate through integrated behavioral and mental health support services, an engaging and relevant course of study, and expanded and enriched learning time.
--

Measuring and Reporting Results

Metric #	Metric	Baseline	Year 1 Outcome	Year 2 Outcome	Target for Year 3 Outcome	Current Difference from Baseline
2.1	Average Attendance Rate: End of Year attendance totals as measured by the student information system's YTD	2024 End of Year Data: 88% average attendance rate as measured by the YTD Attendance Totals Report.	2025 End of Year Data: 91% average attendance rate as measured by the YTD Attendance Totals Report.		Increase the end of year average attendance rate to 93% as measured by the student information system's YTD	2025 End of Year data (5/6/2025) shows an increase of 3% to a 91% average attendance rate

Maintained 0% expulsion rate.
2.6	School Climate Survey Data: The percentage of students reporting high levels of safety and school connectedness	2024 Data: Only 12 students participated in the CHKS with 43% of that group reporting that they felt connected to school and 17% reporting that the school has an anti-bullying climate. On a separate local survey, 80% of students surveyed reported that they felt safe at school 78.5% of students surveyed reported a sense of belonging to the school 94% of students surveyed were able to identify a caring adult at school	2025 Data (local survey) 97% of students surveyed in grades TK-8 reported that they felt supported by their teachers. 89.5% of student surveyed in grades TK-8 reported that they felt safe at school. 85% of students surveyed in grades TK-8 reported that teachers encourage them to be involved in school.		Increase the rate of students reporting feeling safe and connected to school to 90% as measured by a school climate survey.	The percentage of students who reported feeling safe at school increased from 80% to 89.5%. The percentage of students who could identify a caring adult and/or felt supported by their teachers increased from 94% to 97%.

Metric #	Metric	Baseline	Year 1 Outcome	Year 2 Outcome	Target for Year 3 Outcome	Current Difference from Baseline
2.7	Expanded Learning Hours: Number of expanded learning daily program hours as measured by the program calendar and schedule.	The District offered 210 days of expanded learning programming during the 2023-2024 school year.	The District offered 210 days of expanded learning programming during the 2024-2025 school year for 9 hours per day.		Offer expanded learning programming for 9 hours a day for at least 210 days annually (180 school days and 30 intersession days) as measured by the program calendar and schedule.	Maintained expected program offerings.
2.8	Number of hours of art and music instruction per week provided during the instructional day	There were 0 hours of regularly-scheduled arts and music instruction during the 2023-2024 school year.	At least 225 hours of arts and music instruction were provided during the school day in the 2024-2025 school year, averaging 6 hours per week.		Provide at least 5 hours per week of art and music instruction across all grade levels during the instructional day.	There was a 200% increase in arts and music instruction from the 23-24 school year to the 24-25 school year.
2.9	Percent of students engaging in in-house counseling support services as measured by parent permission slips	2023-2024 Data: 38% of students engaged in support services with the school counselor	2024-2025 Data: 32% of students engaged in support services with the school counselor.		Reduce percentage of students seeking counseling support to 25%.	There was a 6% reduction in the percentage of students seeking counseling support.
2.10	MTSS implementation as measured by the Schoolwide Implementation Tool (SIT) Scores.	Fall 2023 Data: Vision for Readiness: Level 1, Installing Identity: Level 1, Installing	Fall 2024 Data: Vision for Readiness: Level 1, Installing		Increase self-reported ranking in each area to Level 3, Sustaining, as measured by the Schoolwide	No change in ranking for each area.

Metric #	Metric	Baseline	Year 1 Outcome	Year 2 Outcome	Target for Year 3 Outcome	Current Difference from Baseline
		Approaches to Learning: Level 1, Installing Structures: Level 1, Installing	Identity: Level 1, Installing Approaches to Learning: Level 1, Installing Structures: Level 1, Installing		Implementation Tool (SIT)	
2.11	Pupil Access to a Broad Course of Study	All pupils, including unduplicated and those with exceptional needs, are enrolled in a broad course of study as defined in Ed Code 51220 (2023-2024 Local data)	All pupils, including unduplicated and those with exceptional needs, are enrolled in a broad course of study as defined in Ed Code 5122		All students have access to a broad course of study	No change in level of access.

Goal Analysis [2024-25]

An analysis of how this goal was carried out in the previous year.

A description of overall implementation, including any substantive differences in planned actions and actual implementation of these actions, and any relevant challenges and successes experienced with implementation.

Action 2.2 was not implemented because that position was vacated and not subsequently filled in the 2024-2025 school year. All other actions were implemented as planned.

An explanation of material differences between Budgeted Expenditures and Estimated Actual Expenditures and/or Planned Percentages of Improved Services and Estimated Actual Percentages of Improved Services.

2.2 Under by \$43,657 because the position was not filled in the 24 25 school year.
2.5 Over by \$33,080 because the district needed to spend ELOP grant funds by 6/30/2025.

2.6 Under by \$6,063 because the arts instruction programs were individual contracts. Will be spent by the end of the year.
2.7 Over by \$5,597 because the budgeted amount did not include employee benefits.

A description of the effectiveness or ineffectiveness of the specific actions to date in making progress toward the goal.

Action 2.1 Counselor was effective based on metrics 2.1, 2.2, 2.4, 2.6, and 2.9.
Action 2.2 Student Support was not effective because the staff position associated with this action was not filled due to a funding shortfall.

A description of any changes made to the planned goal, metrics, target outcomes, or actions for the coming year that resulted from reflections on prior practice.

Based on favorable student and staff responses on the 2024-2025 school climate survey, and the requirement to adhere to the Phone-Free School Act of 2024, the district added a new action, 2.8, focused on supporting student safety and success by limiting cell phone access during the school day. The implementation of this action will be funded by unspent Learning Recovery Emergency Block Grant (LREBG) dollars.

Action 2.1 has been changed to reflect a reduction in the counselor position's hours (from 1.0 to .625 FTE) and the use of unspent LREBG funds to help fund the position for the 2025-2026 school year.

Action 2.2 has been discontinued due to a lack of funding for the position. Comparable services (wellness coach) are being provided by HCOE at no cost to the district through the California Youth Behavioral Health Initiative. Additional student and family support is provided by community partners such as Two Feathers Native American Family Services at no cost to the district.

A report of the Total Estimated Actual Expenditures for last year’s actions may be found in the Annual Update Table. A report of the Estimated Actual Percentages of Improved Services for last year’s actions may be found in the Contributing Actions Annual Update Table.

Actions

Action #	Title	Description	Total Funds	Contributing
2.1	Counselor	Employ a school counselor to provide behavioral and mental health support services for students. A recent needs assessment supports providing evidence-based intervention services to address student wellness needs. Progress will be monitored using metric 2.2 Chronic	\$111,537.15	Yes

Action #	Title	Description	Total Funds	Contributing
		Absenteeism Rate, 2.4 Pupil Suspension Rate, and 2.0 Rate of Counseling Support Services. This action is funded in part with LREBG funds		
2.2	Student Support	Action discontinued for 2025-26 school year: Maintain staffing to provide student and family support services.		
2.3	Incentives	Offer incentives, awards, and acknowledgments to recognize student progress and achievement.		No
2.4	Professional Development	Provide staff professional development related to social-emotional learning, positive behavioral strategies, and other school climate related topics.		No
2.5	Expanded Learning	Provide before school, after school, intersession, and summer school programming for TK-6 students.	\$251,838.00	No
2.6	Arts Instruction	Provide arts and music instruction during the regular school day.	\$41,428.00	No
2.7	Garden	Use local grant funds to employ a .5 FTE school gardener.	\$33,179.91	No
2.8	Cell Phones	Implement cell phone restrictions as required by the Phone-Free School Act of 2024. Parent and student surveys collected indicate student and staff support for safe storage of cell phones during the school day and research shows that smartphone and social media use have a negative impact on student mental health, peer relationships and academic performance. Progress will be monitored using metric 2.6 school climate survey data and metrics 1.7, 1.8 and 1.9 reflecting student academic	\$5,862.00	No

Action #	Title	Description	Total Funds	Contributing
		progress in ELA, math and science. This action is fully funded with LREBG funds.		

Goals and Actions

Goal

Goal #	Description	Type of Goal
3	Loleta will strive to build a welcoming and positive school community by fostering active family and community engagement in all aspects of operations.	Broad Goal

State Priorities addressed by this goal.

Priority 3: Parental Involvement (Engagement)
 Priority 5: Pupil Engagement (Engagement)
 Priority 6: School Climate (Engagement)

An explanation of why the LEA has developed this goal.

During the LCAP development process it became clear through anecdotal and survey data that the District needs to prioritize parent and family involvement in order to improve student outcomes. While evaluating the state priority areas, families ranked Parental Involvement as their number one area for improvement and school staff ranked it as number two. The District has developed robust community partnerships through the Community School initiative which provide additional support and enrichment for students and families.

Measuring and Reporting Results

Metric #	Metric	Baseline	Year 1 Outcome	Year 2 Outcome	Target for Year 3 Outcome	Current Difference from Baseline
3.1	Ranking on Parent Involvement and Family Engagement Survey (state priority #3)	2023-2024 Average Ranking: Building Relationships: Level 3, Initial Implementation Building Partnerships: Level 2, Beginning Development Seeking Input: Level 3, Initial Implementation	2024-2025 Average Ranking: Building Relationships: Level 3, Initial Implementation Building Partnerships: Level 3, Beginning Development		Increase average rankings in each area to Level 4, Full Implementation, as measured by responses on the state Priority 3 survey	Building Relationships: no change Building Partnerships: increase from level 2 to level 3 Seeking Input: no change

Required Descriptions

LEA-wide and Schoolwide Actions

For each action being provided to an entire LEA or school, provide an explanation of (1) the unique identified need(s) of the unduplicated student group(s) for whom the action is principally directed, (2) how the action is designed to address the identified need(s) and why it is being provided on an LEA or schoolwide basis, and (3) the metric(s) used to measure the effectiveness of the action in improving outcomes for the unduplicated student group(s).

Goal and Action #	Identified Need(s)	How the Action(s) Address Need(s) and Why it is Provided on an LEA-wide or Schoolwide Basis	Metric(s) to Monitor Effectiveness
1.14	Action: Certificated Staff Need: 2023 CA School Dashboard Data shows that low income students scored 125 points below standard (orange level) on the CAASPP ELA and 159 points below standard (red level) on the CAASPP Math test indicating a need for increased academic support. In addition, Loleta has been identified for Differentiated	As a single school district Loleta's services are provided on an LEA and schoolwide basis. With more than 90% of our students identified as socio-economically disadvantaged, any action principally directed towards supporting unduplicated pupils becomes a de facto schoolwide action. Using supplemental and concentration funds to maintain certificated staffing to support English Learners and to limit combination classes two grade levels in each classroom, especially in the primary grades, addresses the need for targeted academic	1.1, 1.2, 1.7, 1.8

Goal and Action #	Identified Need(s)	How the Action(s) Address Need(s) and Why it is Provided on an LEA-wide or Schoolwide Basis	Metric(s) to Monitor Effectiveness
	Assistance support based on the math scores for our socio-economically disadvantaged students. Scope: LEA-wide	support. LEA-wide implementation is most appropriate due to our small, single-school district and small class sizes.	
1.15	Action: Classified Staff Need: Loleta has been identified for Differentiated Assistance support based on the suspension rate for our socio-economically disadvantaged students (among other student groups). Local data also shows high rates of chronic absenteeism among our low income students. Scope: LEA-wide	As a single school district Loleta's services are provided on an LEA and schoolwide basis. Using supplemental and concentration funds to employ an additional caring adult in each classroom addresses the need for increased social emotional and behavior support to foster better connection to school. LEA-wide implementation is most appropriate due to our small, single-school district and small class sizes.	Suspension Rate Chronic Absenteeism Rate
2.1	Action: Counselor Need: Based on educational partner input and review of local survey data, we determined that the majority of Loleta's students come from a background of poverty and generational trauma. Combined with the lingering effects of the pandemic, these environmental factors pose significant challenges to student success.	As a single school district Loleta's services are provided on an LEA and schoolwide basis. It is unusual for a school with so few students to have a full time school counselor, so this is clearly and increased and improved service to support unduplicated pupils. LEA-wide implementation is most appropriate due to our small single-school district and small class sizes.	Suspension Rate Chronic Absenteeism Rate Rate of counseling support services

Goal and Action #	Identified Need(s)	How the Action(s) Address Need(s) and Why it is Provided on an LEA-wide or Schoolwide Basis	Metric(s) to Monitor Effectiveness
	Scope: LEA-wide		

Limited Actions

For each action being solely provided to one or more unduplicated student group(s), provide an explanation of (1) the unique identified need(s) of the unduplicated student group(s) being served, (2) how the action is designed to address the identified need(s), and (3) how the effectiveness of the action in improving outcomes for the unduplicated student group(s) will be measured.

Goal and Action #	Identified Need(s)	How the Action(s) are Designed to Address Need(s)	Metric(s) to Monitor Effectiveness
1.4	Action: ELD Need: Districts are required to provide appropriate services to English Learners. Scope: Limited to Unduplicated Student Group(s)	Having a fully credentialed ELD teacher, designated and integrated ELD services, and ELD-specific curriculum support EL students' progress toward English proficiency.	EL reclassification rate English Language Progress Indicator EL student scores on CAASPP

For any limited action contributing to meeting the increased or improved services requirement that is associated with a Planned Percentage of Improved Services in the Contributing Summary Table rather than an expenditure of LCFF funds, describe the methodology that was used to determine the contribution of the action towards the proportional percentage, as applicable.

N/A

Additional Concentration Grant Funding

A description of the plan for how the additional concentration grant add-on funding identified above will be used to increase the number of staff providing direct services to students at schools that have a high concentration (above 55 percent) of foster youth, English learners, and low-income students, as applicable.

The additional concentration grant add-on funding will be used to help fund the following position that provide direct support to unduplicated pupils:
School Counselor

Staff-to-student ratios by type of school and concentration of unduplicated students	Schools with a student concentration of 55 percent or less	Schools with a student concentration of greater than 55 percent
Staff-to-student ratio of classified staff providing direct services to students	N/A	N/A
Staff-to-student ratio of certificated staff providing direct services to students	N/A	N/A

Local Control and Accountability Plan Instructions

[Plan Summary](#)

[Engaging Educational Partners](#)

[Goals and Actions](#)

[Increased or Improved Services for Foster Youth, English Learners, and Low-Income Students](#)

For additional questions or technical assistance related to the completion of the Local Control and Accountability Plan (LCAP) template, please contact the local county office of education (COE), or the California Department of Education's (CDE's) Local Agency Systems Support Office, by phone at 916-319-0809 or by email at LCFF@cde.ca.gov.

Introduction and Instructions

The Local Control Funding Formula (LCFF) requires local educational agencies (LEAs) to engage their local educational partners in an annual planning process to evaluate their progress within eight state priority areas encompassing all statutory metrics (COEs have 10 state priorities). LEAs document the results of this planning process in the LCAP using the template adopted by the State Board of Education.

The LCAP development process serves three distinct, but related functions:

- **Comprehensive Strategic Planning:** The process of developing and annually updating the LCAP supports comprehensive strategic planning, particularly to address and reduce disparities in opportunities and outcomes between student groups indicated by the California School Dashboard (California Education Code [EC] Section 52064[e][1]). Strategic planning that is comprehensive connects budgetary decisions to teaching and learning performance data. LEAs should continually evaluate the hard choices they make about the use of limited resources to meet student and community needs to ensure opportunities and outcomes are improved for all students.
- **Meaningful Engagement of Educational Partners:** The LCAP development process should result in an LCAP that reflects decisions made through meaningful engagement (EC Section 52064[e][1]). Local educational partners possess valuable perspectives and insights about an LEA's programs and services. Effective strategic planning will incorporate these perspectives and insights in order to identify potential goals and actions to be included in the LCAP.
- **Accountability and Compliance:** The LCAP serves an important accountability function because the nature of some LCAP template sections require LEAs to show that they have complied with various requirements specified in the LCFF statutes and regulations, most notably:
 - Demonstrating that LEAs are increasing or improving services for foster youth, English learners, including long-term English learners, and low-income students in proportion to the amount of additional funding those students generate under LCFF (EC Section 52064[b][4-6]).
 - Establishing goals, supported by actions and related expenditures, that address the statutory priority areas and statutory metrics (EC sections 52064[b][1] and [2]).
 - **NOTE:** As specified in EC Section 62064(b)(1), the LCAP must provide a description of the annual goals, for all pupils and each subgroup of pupils identified pursuant to EC Section 52052, to be achieved for each of the state priorities. Beginning in 2023–24, EC

Section 52052 identifies long-term English learners as a separate and distinct pupil subgroup with a numerical significance at 15 students.

- Annually reviewing and updating the LCAP to reflect progress toward the goals (EC Section 52064[b][7]).
- Ensuring that all increases attributable to supplemental and concentration grant calculations, including concentration grant add-on funding and/or LCFF carryover, are reflected in the LCAP (EC sections 52064[b][6], [8], and [11]).

The LCAP template, like each LEA's final adopted LCAP, is a document, not a process. LEAs must use the template to memorialize the outcome of their LCAP development process, which must: (a) reflect comprehensive strategic planning, particularly to address and reduce disparities in opportunities and outcomes between student groups indicated by the California School Dashboard (Dashboard), (b) through meaningful engagement with educational partners that (c) meets legal requirements, as reflected in the final adopted LCAP. The sections included within the LCAP template do not and cannot reflect the full development process, just as the LCAP template itself is not intended as a tool for engaging educational partners.

If a county superintendent of schools has jurisdiction over a single school district, the county board of education and the governing board of the school district may adopt and file for review and approval a single LCAP consistent with the requirements in EC sections 52060, 52062, 52066, 52068, and 52070. The LCAP must clearly articulate to which entity's budget (school district or county superintendent of schools) all budgeted and actual expenditures are aligned.

The revised LCAP template for the 2024–25, 2025–26, and 2026–27 school years reflects statutory changes made through Senate Bill 114 (Committee on Budget and Fiscal Review), Chapter 48, Statutes of 2023 and Senate Bill 153, Chapter 38, Statutes of 2024.

At its most basic, the adopted LCAP should attempt to distill not just what the LEA is doing for students in transitional kindergarten through grade twelve (TK–12), but also allow educational partners to understand why, and whether those strategies are leading to improved opportunities and outcomes for students. LEAs are strongly encouraged to use language and a level of detail in their adopted LCAPs intended to be meaningful and accessible for the LEA's diverse educational partners and the broader public.

In developing and finalizing the LCAP for adoption, LEAs are encouraged to keep the following overarching frame at the forefront of the strategic planning and educational partner engagement functions:

Given present performance across the state priorities and on indicators in the Dashboard, how is the LEA using its budgetary resources to respond to TK–12 student and community needs, and address any performance gaps, including by meeting its obligation to increase or improve services for foster youth, English learners, and low-income students?

LEAs are encouraged to focus on a set of metrics and actions which, based on research, experience, and input gathered from educational partners, the LEA believes will have the biggest impact on behalf of its TK–12 students.

These instructions address the requirements for each section of the LCAP but may include information about effective practices when developing the LCAP and completing the LCAP document. Additionally, the beginning of each template section includes information emphasizing the purpose that section serves.

Plan Summary

Purpose

A well-developed Plan Summary section provides a meaningful context for the LCAP. This section provides information about an LEA's community as well as relevant information about student needs and performance. In order to present a meaningful context for the rest of the LCAP, the content of this section should be clearly and meaningfully related to the content included throughout each subsequent section of the LCAP.

Requirements and Instructions

General Information

A description of the LEA, its schools, and its students in grades transitional kindergarten–12, as applicable to the LEA. LEAs may also provide information about their strategic plan, vision, etc.

Briefly describe the LEA, its schools, and its students in grades TK–12, as applicable to the LEA.

- For example, information about an LEA in terms of geography, enrollment, employment, the number and size of specific schools, recent community challenges, and other such information the LEA may wish to include can enable a reader to more fully understand the LEA's LCAP.
- LEAs may also provide information about their strategic plan, vision, etc.
- As part of this response, identify all schools within the LEA receiving Equity Multiplier funding.

Reflections: Annual Performance

A reflection on annual performance based on a review of the California School Dashboard (Dashboard) and local data.

Reflect on the LEA's annual performance on the Dashboard and local data. This may include both successes and challenges identified by the LEA during the development process.

LEAs are encouraged to highlight how they are addressing the identified needs of student groups, and/or schools within the LCAP as part of this response.

As part of this response, the LEA must identify the following, which will remain unchanged during the three-year LCAP cycle:

- Any school within the LEA that received the lowest performance level on one or more state indicators on the 2023 Dashboard;
- Any student group within the LEA that received the lowest performance level on one or more state indicators on the 2023 Dashboard; and/or
- Any student group within a school within the LEA that received the lowest performance level on one or more state indicators on the 2023 Dashboard.

EC Section 52064.4 requires that an LEA that has unexpended Learning Recovery Emergency Block Grant (LREBG) funds must include one or more actions funded with LREBG funds within the 2025-26, 2026-27 and 2027-28 LCAPs, as applicable to the LEA. To implement the requirements of *EC* Section 52064.4, all LEAs must do the following:

- For the 2025–26, 2026–27, and 2027–28 LCAP years, identify whether or not the LEA has unexpended LREBG funds for the applicable LCAP year.
 - If the LEA has unexpended LREBG funds the LEA must provide the following:
 - The goal and action number for each action that will be funded, either in whole or in part, with LREBG funds; and
 - An explanation of the rationale for selecting each action funded with LREBG funds. This explanation must include:
 - An explanation of how the action is aligned with the allowable uses of funds identified in [EC Section 32526\(c\)\(2\)](#); and
 - An explanation of how the action is expected to address the area(s) of need of students and schools identified in the needs assessment required by [EC Section 32526\(d\)](#).
 - For information related to the allowable uses of funds and the required needs assessment, please see the Program Information tab on the [LREBG Program Information](#) web page.
 - Actions may be grouped together for purposes of these explanations.
 - The LEA may provide these explanations as part of the action description rather than as part of the Reflections: Annual Performance.
 - If the LEA does not have unexpended LREBG funds, the LEA is not required to conduct the needs assessment required by *EC* Section 32526(d), to provide the information identified above or to include actions funded with LREBG funds within the 2025-26, 2026-27 and 2027-28 LCAPs.

Reflections: Technical Assistance

As applicable, a summary of the work underway as part of technical assistance.

Annually identify the reason(s) the LEA is eligible for or has requested technical assistance consistent with *EC* sections 47607.3, 52071, 52071.5, 52072, or 52072.5, and provide a summary of the work underway as part of receiving technical assistance. The most common form of this technical assistance is frequently referred to as Differentiated Assistance, however this also includes LEAs that have requested technical assistance from their COE.

- If the LEA is not eligible for or receiving technical assistance, the LEA may respond to this prompt as “Not Applicable.”

Comprehensive Support and Improvement

An LEA with a school or schools identified for comprehensive support and improvement (CSI) under the Every Student Succeeds Act must respond to the following prompts:

Schools Identified

A list of the schools in the LEA that are eligible for comprehensive support and improvement.

- Identify the schools within the LEA that have been identified for CSI.

Support for Identified Schools

A description of how the LEA has or will support its eligible schools in developing comprehensive support and improvement plans.

- Describe how the LEA has or will support the identified schools in developing CSI plans that included a school-level needs assessment, evidence-based interventions, and the identification of any resource inequities to be addressed through the implementation of the CSI plan.

Monitoring and Evaluating Effectiveness

A description of how the LEA will monitor and evaluate the plan to support student and school improvement.

- Describe how the LEA will monitor and evaluate the implementation and effectiveness of the CSI plan to support student and school improvement.

Engaging Educational Partners

Purpose

Significant and purposeful engagement of parents, students, educators, and other educational partners, including those representing the student groups identified by LCFF, is critical to the development of the LCAP and the budget process. Consistent with statute, such engagement should support comprehensive strategic planning, particularly to address and reduce disparities in opportunities and outcomes between student groups indicated by the Dashboard, accountability, and improvement across the state priorities and locally identified priorities (EC Section 52064[e][1]). Engagement of educational partners is an ongoing, annual process.

This section is designed to reflect how the engagement of educational partners influenced the decisions reflected in the adopted LCAP. The goal is to allow educational partners that participated in the LCAP development process and the broader public to understand how the LEA engaged educational partners and the impact of that engagement. LEAs are encouraged to keep this goal in the forefront when completing this section.

Requirements

Requirements

School districts and COEs: [EC Section 52060\(g\)](#) and [EC Section 52066\(g\)](#) specify the educational partners that must be consulted when developing the LCAP:

- Teachers,

- Principals,
- Administrators,
- Other school personnel,
- Local bargaining units of the LEA,
- Parents, and
- Students

A school district or COE receiving Equity Multiplier funds must also consult with educational partners at schools generating Equity Multiplier funds in the development of the LCAP, specifically, in the development of the required focus goal for each applicable school.

Before adopting the LCAP, school districts and COEs must share it with the applicable committees, as identified below under Requirements and Instructions. The superintendent is required by statute to respond in writing to the comments received from these committees. School districts and COEs must also consult with the special education local plan area administrator(s) when developing the LCAP.

Charter schools: [EC Section 47606.5\(d\)](#) requires that the following educational partners be consulted with when developing the LCAP:

- Teachers,
- Principals,
- Administrators,
- Other school personnel,
- Parents, and
- Students

A charter school receiving Equity Multiplier funds must also consult with educational partners at the school generating Equity Multiplier funds in the development of the LCAP, specifically, in the development of the required focus goal for the school.

The LCAP should also be shared with, and LEAs should request input from, schoolsite-level advisory groups, as applicable (e.g., schoolsite councils, English Learner Advisory Councils, student advisory groups, etc.), to facilitate alignment between schoolsite and district-level goals. Information and resources that support effective engagement, define student consultation, and provide the requirements for advisory group composition, can be found under Resources on the [CDE's LCAP webpage](#).

Before the governing board/body of an LEA considers the adoption of the LCAP, the LEA must meet the following legal requirements:

- For school districts, see [Education Code Section 52062](#);
 - **Note:** Charter schools using the LCAP as the School Plan for Student Achievement must meet the requirements of *EC* Section 52062(a).
- For COEs, see [Education Code Section 52068](#); and
- For charter schools, see [Education Code Section 47606.5](#).

- **NOTE:** As a reminder, the superintendent of a school district or COE must respond, in writing, to comments received by the applicable committees identified in the *Education Code* sections listed above. This includes the parent advisory committee and may include the English learner parent advisory committee and, as of July 1, 2024, the student advisory committee, as applicable.

Instructions

Respond to the prompts as follows:

A summary of the process used to engage educational partners in the development of the LCAP.

School districts and county offices of education must, at a minimum, consult with teachers, principals, administrators, other school personnel, local bargaining units, parents, and students in the development of the LCAP.

Charter schools must, at a minimum, consult with teachers, principals, administrators, other school personnel, parents, and students in the development of the LCAP.

An LEA receiving Equity Multiplier funds must also consult with educational partners at schools generating Equity Multiplier funds in the development of the LCAP, specifically, in the development of the required focus goal for each applicable school.

Complete the table as follows:

Educational Partners

Identify the applicable educational partner(s) or group(s) that were engaged in the development of the LCAP.

Process for Engagement

Describe the engagement process used by the LEA to involve the identified educational partner(s) in the development of the LCAP. At a minimum, the LEA must describe how it met its obligation to consult with all statutorily required educational partners, as applicable to the type of LEA.

- A sufficient response to this prompt must include general information about the timeline of the process and meetings or other engagement strategies with educational partners. A response may also include information about an LEA's philosophical approach to engaging its educational partners.
- An LEA receiving Equity Multiplier funds must also include a summary of how it consulted with educational partners at schools generating Equity Multiplier funds in the development of the LCAP, specifically, in the development of the required focus goal for each applicable school.

A description of how the adopted LCAP was influenced by the feedback provided by educational partners.

Describe any goals, metrics, actions, or budgeted expenditures in the LCAP that were influenced by or developed in response to the educational partner feedback.

- A sufficient response to this prompt will provide educational partners and the public with clear, specific information about how the engagement process influenced the development of the LCAP. This may include a description of how the LEA prioritized requests of educational partners within the context of the budgetary resources available or otherwise prioritized areas of focus within the LCAP.
- An LEA receiving Equity Multiplier funds must include a description of how the consultation with educational partners at schools generating Equity Multiplier funds influenced the development of the adopted LCAP.
- For the purposes of this prompt, this may also include, but is not necessarily limited to:
 - Inclusion of a goal or decision to pursue a Focus Goal (as described below)
 - Inclusion of metrics other than the statutorily required metrics
 - Determination of the target outcome on one or more metrics
 - Inclusion of performance by one or more student groups in the Measuring and Reporting Results subsection
 - Inclusion of action(s) or a group of actions
 - Elimination of action(s) or group of actions
 - Changes to the level of proposed expenditures for one or more actions
 - Inclusion of action(s) as contributing to increased or improved services for unduplicated students
 - Analysis of effectiveness of the specific actions to achieve the goal
 - Analysis of material differences in expenditures
 - Analysis of changes made to a goal for the ensuing LCAP year based on the annual update process
 - Analysis of challenges or successes in the implementation of actions

Goals and Actions

Purpose

Well-developed goals will clearly communicate to educational partners what the LEA plans to accomplish, what the LEA plans to do in order to accomplish the goal, and how the LEA will know when it has accomplished the goal. A goal statement, associated metrics and expected outcomes, and the actions included in the goal must be in alignment. The explanation for why the LEA included a goal is an opportunity for LEAs to clearly communicate to educational partners and the public why, among the various strengths and areas for improvement highlighted by performance data and strategies and actions that could be pursued, the LEA decided to pursue this goal, and the related metrics, expected outcomes, actions, and expenditures.

A well-developed goal can be focused on the performance relative to a metric or metrics for all students, a specific student group(s), narrowing performance gaps, or implementing programs or strategies expected to impact outcomes. LEAs should assess the performance of their student groups when developing goals and the related actions to achieve such goals.

Requirements and Instructions

LEAs should prioritize the goals, specific actions, and related expenditures included within the LCAP within one or more state priorities. LEAs must consider performance on the state and local indicators, including their locally collected and reported data for the local indicators that are included in the Dashboard, in determining whether and how to prioritize its goals within the LCAP. As previously stated, strategic planning that

is comprehensive connects budgetary decisions to teaching and learning performance data. LEAs should continually evaluate the hard choices they make about the use of limited resources to meet student and community needs to ensure opportunities and outcomes are improved for all students, and to address and reduce disparities in opportunities and outcomes between student groups indicated by the Dashboard.

In order to support prioritization of goals, the LCAP template provides LEAs with the option of developing three different kinds of goals:

- **Focus Goal:** A Focus Goal is relatively more concentrated in scope and may focus on a fewer number of metrics to measure improvement. A Focus Goal statement will be time bound and make clear how the goal is to be measured.
 - All Equity Multiplier goals must be developed as focus goals. For additional information, see Required Focus Goal(s) for LEAs Receiving Equity Multiplier Funding below.
- **Broad Goal:** A Broad Goal is relatively less concentrated in its scope and may focus on improving performance across a wide range of metrics.
- **Maintenance of Progress Goal:** A Maintenance of Progress Goal includes actions that may be ongoing without significant changes and allows an LEA to track performance on any metrics not addressed in the other goals of the LCAP.

Requirement to Address the LCFF State Priorities

At a minimum, the LCAP must address all LCFF priorities and associated metrics articulated in *EC* sections 52060(d) and 52066(d), as applicable to the LEA. The [LCFF State Priorities Summary](#) provides a summary of *EC* sections 52060(d) and 52066(d) to aid in the development of the LCAP.

Respond to the following prompts, as applicable:

Focus Goal(s)

Description

The description provided for a Focus Goal must be specific, measurable, and time bound.

- An LEA develops a Focus Goal to address areas of need that may require or benefit from a more specific and data intensive approach.
- The Focus Goal can explicitly reference the metric(s) by which achievement of the goal will be measured and the time frame according to which the LEA expects to achieve the goal.

Type of Goal

Identify the type of goal being implemented as a Focus Goal.

State Priorities addressed by this goal.

Identify each of the state priorities that this goal is intended to address.

An explanation of why the LEA has developed this goal.

Explain why the LEA has chosen to prioritize this goal.

- An explanation must be based on Dashboard data or other locally collected data.
- LEAs must describe how the LEA identified this goal for focused attention, including relevant consultation with educational partners.
- LEAs are encouraged to promote transparency and understanding around the decision to pursue a focus goal.

Required Focus Goal(s) for LEAs Receiving Equity Multiplier Funding

Description

LEAs receiving Equity Multiplier funding must include one or more focus goals for each school generating Equity Multiplier funding. In addition to addressing the focus goal requirements described above, LEAs must adhere to the following requirements.

Focus goals for Equity Multiplier schoolsites must address the following:

- (A) All student groups that have the lowest performance level on one or more state indicators on the Dashboard, and
- (B) Any underlying issues in the credentialing, subject matter preparation, and retention of the school’s educators, if applicable.
- Focus Goals for each and every Equity Multiplier schoolsite must identify specific metrics for each identified student group, as applicable.
- An LEA may create a single goal for multiple Equity Multiplier schoolsites if those schoolsites have the same student group(s) performing at the lowest performance level on one or more state indicators on the Dashboard or, experience similar issues in the credentialing, subject matter preparation, and retention of the school’s educators.
 - When creating a single goal for multiple Equity Multiplier schoolsites, the goal must identify the student groups and the performance levels on the Dashboard that the Focus Goal is addressing; or,
 - The common issues the schoolsites are experiencing in credentialing, subject matter preparation, and retention of the school’s educators, if applicable.

Type of Goal

Identify the type of goal being implemented as an Equity Multiplier Focus Goal.

State Priorities addressed by this goal.

Identify each of the state priorities that this goal is intended to address.

An explanation of why the LEA has developed this goal.

Explain why the LEA has chosen to prioritize this goal.

- An explanation must be based on Dashboard data or other locally collected data.
- LEAs must describe how the LEA identified this goal for focused attention, including relevant consultation with educational partners.
- LEAs are encouraged to promote transparency and understanding around the decision to pursue a focus goal.
- In addition to this information, the LEA must also identify:
 - The school or schools to which the goal applies

LEAs are encouraged to approach an Equity Multiplier goal from a wholistic standpoint, considering how the goal might maximize student outcomes through the use of LCFF and other funding in addition to Equity Multiplier funds.

- Equity Multiplier funds must be used to supplement, not supplant, funding provided to Equity Multiplier schoolsites for purposes of the LCFF, the Expanded Learning Opportunities Program (ELO-P), the Literacy Coaches and Reading Specialists (LCRS) Grant Program, and/or the California Community Schools Partnership Program (CCSPP).
- This means that Equity Multiplier funds must not be used to replace funding that an Equity Multiplier schoolsite would otherwise receive to implement LEA-wide actions identified in the LCAP or that an Equity Multiplier schoolsite would otherwise receive to implement provisions of the ELO-P, the LCRS, and/or the CCSPP.

Note: [EC Section 42238.024\(b\)\(1\)](#) requires that Equity Multiplier funds be used for the provision of evidence-based services and supports for students. Evidence-based services and supports are based on objective evidence that has informed the design of the service or support and/or guides the modification of those services and supports. Evidence-based supports and strategies are most commonly based on educational research and/or metrics of LEA, school, and/or student performance.

Broad Goal

Description

Describe what the LEA plans to achieve through the actions included in the goal.

- The description of a broad goal will be clearly aligned with the expected measurable outcomes included for the goal.

- The goal description organizes the actions and expected outcomes in a cohesive and consistent manner.
- A goal description is specific enough to be measurable in either quantitative or qualitative terms. A broad goal is not as specific as a focus goal. While it is specific enough to be measurable, there are many different metrics for measuring progress toward the goal.

Type of Goal

Identify the type of goal being implemented as a Broad Goal.

State Priorities addressed by this goal.

Identify each of the state priorities that this goal is intended to address.

An explanation of why the LEA has developed this goal.

Explain why the LEA developed this goal and how the actions and metrics grouped together will help achieve the goal.

Maintenance of Progress Goal

Description

Describe how the LEA intends to maintain the progress made in the LCFF State Priorities not addressed by the other goals in the LCAP.

- Use this type of goal to address the state priorities and applicable metrics not addressed within the other goals in the LCAP.
- The state priorities and metrics to be addressed in this section are those for which the LEA, in consultation with educational partners, has determined to maintain actions and monitor progress while focusing implementation efforts on the actions covered by other goals in the LCAP.

Type of Goal

Identify the type of goal being implemented as a Maintenance of Progress Goal.

State Priorities addressed by this goal.

Identify each of the state priorities that this goal is intended to address.

An explanation of why the LEA has developed this goal.

Explain how the actions will sustain the progress exemplified by the related metrics.

Measuring and Reporting Results:

For each LCAP year, identify the metric(s) that the LEA will use to track progress toward the expected outcomes.

- LEAs must identify metrics for specific student groups, as appropriate, including expected outcomes that address and reduce disparities in outcomes between student groups.
- The metrics may be quantitative or qualitative; but at minimum, an LEA’s LCAP must include goals that are measured using all of the applicable metrics for the related state priorities, in each LCAP year, as applicable to the type of LEA.
- To the extent a state priority does not specify one or more metrics (e.g., implementation of state academic content and performance standards), the LEA must identify a metric to use within the LCAP. For these state priorities, LEAs are encouraged to use metrics based on or reported through the relevant local indicator self-reflection tools within the Dashboard.
- **Required metrics for LEA-wide actions:** For each action identified as 1) contributing towards the requirement to increase or improve services for foster youth, English learners, including long-term English learners, and low-income students and 2) being provided on an LEA-wide basis, the LEA must identify one or more metrics to monitor the effectiveness of the action and its budgeted expenditures.
 - These required metrics may be identified within the action description or the first prompt in the increased or improved services section, however the description must clearly identify the metric(s) being used to monitor the effectiveness of the action and the action(s) that the metric(s) apply to.
- **Required metrics for Equity Multiplier goals:** For each Equity Multiplier goal, the LEA must identify:
 - The specific metrics for each identified student group at each specific schoolsite, as applicable, to measure the progress toward the goal, and/or
 - The specific metrics used to measure progress in meeting the goal related to credentialing, subject matter preparation, or educator retention at each specific schoolsite.
- **Required metrics for actions supported by LREBG funds:** To implement the requirements of *EC* Section 52064.4, LEAs with unexpended LREBG funds must include at least one metric to monitor the impact of each action funded with LREBG funds included in the goal.
 - The metrics being used to monitor the impact of each action funded with LREBG funds are not required to be new metrics; they may be metrics that are already being used to measure progress towards goals and actions included in the LCAP.

Complete the table as follows:

Metric #
• Enter the metric number.
Metric

- Identify the standard of measure being used to determine progress towards the goal and/or to measure the effectiveness of one or more actions associated with the goal.

Baseline

- Enter the baseline when completing the LCAP for 2024–25.
 - Use the most recent data associated with the metric available at the time of adoption of the LCAP for the first year of the three-year plan. LEAs may use data as reported on the 2023 Dashboard for the baseline of a metric only if that data represents the most recent available data (e.g., high school graduation rate).
 - Using the most recent data available may involve reviewing data the LEA is preparing for submission to the California Longitudinal Pupil Achievement Data System (CALPADS) or data that the LEA has recently submitted to CALPADS.
 - Indicate the school year to which the baseline data applies.
 - The baseline data must remain unchanged throughout the three-year LCAP.
 - This requirement is not intended to prevent LEAs from revising the baseline data if it is necessary to do so. For example, if an LEA identifies that its data collection practices for a particular metric are leading to inaccurate data and revises its practice to obtain accurate data, it would also be appropriate for the LEA to revise the baseline data to align with the more accurate data process and report its results using the accurate data.
 - If an LEA chooses to revise its baseline data, then, at a minimum, it must clearly identify the change as part of its response to the description of changes prompt in the Goal Analysis for the goal. LEAs are also strongly encouraged to involve their educational partners in the decision of whether or not to revise a baseline and to communicate the proposed change to their educational partners.
 - Note for Charter Schools: Charter schools developing a one- or two-year LCAP may identify a new baseline each year, as applicable.

Year 1 Outcome

- When completing the LCAP for 2025–26, enter the most recent data available. Indicate the school year to which the data applies.
 - Note for Charter Schools: Charter schools developing a one-year LCAP may provide the Year 1 Outcome when completing the LCAP for both 2025–26 and 2026–27 or may provide the Year 1 Outcome for 2025–26 and provide the Year 2 Outcome for 2026–27.

Year 2 Outcome

- When completing the LCAP for 2026–27, enter the most recent data available. Indicate the school year to which the data applies.

- Note for Charter Schools: Charter schools developing a one-year LCAP may identify the Year 2 Outcome as not applicable when completing the LCAP for 2026–27 or may provide the Year 2 Outcome for 2026–27.

Target for Year 3 Outcome

- When completing the first year of the LCAP, enter the target outcome for the relevant metric the LEA expects to achieve by the end of the three-year LCAP cycle.
 - Note for Charter Schools: Charter schools developing a one- or two-year LCAP may identify a Target for Year 1 or Target for Year 2, as applicable.

Current Difference from Baseline

- When completing the LCAP for 2025–26 and 2026–27, enter the current difference between the baseline and the yearly outcome, as applicable.
 - Note for Charter Schools: Charter schools developing a one- or two-year LCAP will identify the current difference between the baseline and the yearly outcome for Year 1 and/or the current difference between the baseline and the yearly outcome for Year 2, as applicable.

Timeline for school districts and COEs for completing the “**Measuring and Reporting Results**” part of the Goal.

Metric	Baseline	Year 1 Outcome	Year 2 Outcome	Target for Year 3 Outcome	Current Difference from Baseline
Enter information in this box when completing the LCAP for 2024–25 or when adding a new metric.	Enter information in this box when completing the LCAP for 2024–25 or when adding a new metric.	Enter information in this box when completing the LCAP for 2025–26 . Leave blank until then.	Enter information in this box when completing the LCAP for 2026–27 . Leave blank until then.	Enter information in this box when completing the LCAP for 2024–25 or when adding a new metric.	Enter information in this box when completing the LCAP for 2025–26 and 2026–27 . Leave blank until then.

Goal Analysis:

Enter the LCAP Year.

Using actual annual measurable outcome data, including data from the Dashboard, analyze whether the planned actions were effective towards achieving the goal. “Effective” means the degree to which the planned actions were successful in producing the target result. Respond to the prompts as instructed.

Note: When completing the 2024–25 LCAP, use the 2023–24 Local Control and Accountability Plan Annual Update template to complete the Goal Analysis and identify the Goal Analysis prompts in the 2024–25 LCAP as “Not Applicable.”

A description of overall implementation, including any substantive differences in planned actions and actual implementation of these actions, and any relevant challenges and successes experienced with implementation.

- Describe the overall implementation of the actions to achieve the articulated goal, including relevant challenges and successes experienced with implementation.
 - Include a discussion of relevant challenges and successes experienced with the implementation process.
 - This discussion must include any instance where the LEA did not implement a planned action or implemented a planned action in a manner that differs substantively from how it was described in the adopted LCAP.

An explanation of material differences between Budgeted Expenditures and Estimated Actual Expenditures and/or Planned Percentages of Improved Services and Estimated Actual Percentages of Improved Services.

- Explain material differences between Budgeted Expenditures and Estimated Actual Expenditures and between the Planned Percentages of Improved Services and Estimated Actual Percentages of Improved Services, as applicable. Minor variances in expenditures or percentages do not need to be addressed, and a dollar-for-dollar accounting is not required.

A description of the effectiveness or ineffectiveness of the specific actions to date in making progress toward the goal.

- Describe the effectiveness or ineffectiveness of the specific actions to date in making progress toward the goal. “Effectiveness” means the degree to which the actions were successful in producing the target result and “ineffectiveness” means that the actions did not produce any significant or targeted result.
 - In some cases, not all actions in a goal will be intended to improve performance on all of the metrics associated with the goal.
 - When responding to this prompt, LEAs may assess the effectiveness of a single action or group of actions within the goal in the context of performance on a single metric or group of specific metrics within the goal that are applicable to the action(s). Grouping actions with metrics will allow for more robust analysis of whether the strategy the LEA is using to impact a specified set of metrics is working and increase transparency for educational partners. LEAs are encouraged to use such an approach when goals include multiple actions and metrics that are not closely associated.
 - Beginning with the development of the 2024–25 LCAP, the LEA must change actions that have not proven effective over a three-year period.

A description of any changes made to the planned goal, metrics, target outcomes, or actions for the coming year that resulted from reflections on prior practice.

- Describe any changes made to this goal, expected outcomes, metrics, or actions to achieve this goal as a result of this analysis and analysis of the data provided in the Dashboard or other local data, as applicable.
 - As noted above, beginning with the development of the 2024–25 LCAP, the LEA must change actions that have not proven effective over a three-year period. For actions that have been identified as ineffective, the LEA must identify the ineffective action and must include a description of the following:

- The reasons for the ineffectiveness, and
- How changes to the action will result in a new or strengthened approach.

Actions:

Complete the table as follows. Add additional rows as necessary.

Action

- Enter the action number.

Title

- Provide a short title for the action. This title will also appear in the action tables.

Description

- Provide a brief description of the action.
 - For actions that contribute to meeting the increased or improved services requirement, the LEA may include an explanation of how each action is principally directed towards and effective in meeting the LEA's goals for unduplicated students, as described in the instructions for the Increased or Improved Services for Foster Youth, English Learners, and Low-Income Students section.
 - As previously noted, for each action identified as 1) contributing towards the requirement to increase or improve services for foster youth, English learners, including long-term English learners, and low-income students and 2) being provided on an LEA-wide basis, the LEA must identify one or more metrics to monitor the effectiveness of the action and its budgeted expenditures.
 - These required metrics may be identified within the action description or the first prompt in the increased or improved services section; however, the description must clearly identify the metric(s) being used to monitor the effectiveness of the action and the action(s) that the metric(s) apply to.

Total Funds

- Enter the total amount of expenditures associated with this action. Budgeted expenditures from specific fund sources will be provided in the action tables.

Contributing

- Indicate whether the action contributes to meeting the increased or improved services requirement as described in the Increased or Improved Services section using a “Y” for Yes or an “N” for No.
 - **Note:** for each such contributing action, the LEA will need to provide additional information in the Increased or Improved Services section to address the requirements in *California Code of Regulations*, Title 5 [5 CCR] Section 15496 in the Increased or Improved Services section of the LCAP.

Actions for Foster Youth: School districts, COEs, and charter schools that have a numerically significant foster youth student subgroup are encouraged to include specific actions in the LCAP designed to meet needs specific to foster youth students.

Required Actions

For English Learners and Long-Term English Learners

- LEAs with 30 or more English learners and/or 15 or more long-term English learners must include specific actions in the LCAP related to, at a minimum:
 - Language acquisition programs, as defined in *EC* Section 306, provided to students, and
 - Professional development for teachers.
 - If an LEA has both 30 or more English learners and 15 or more long-term English learners, the LEA must include actions for both English learners and long-term English learners.

For Technical Assistance

- LEAs eligible for technical assistance pursuant to *EC* sections 47607.3, 52071, 52071.5, 52072, or 52072.5, must include specific actions within the LCAP related to its implementation of the work underway as part of technical assistance. The most common form of this technical assistance is frequently referred to as Differentiated Assistance.

For Lowest Performing Dashboard Indicators

- LEAs that have Red Dashboard indicators for (1) a school within the LEA, (2) a student group within the LEA, and/or (3) a student group within any school within the LEA must include one or more specific actions within the LCAP:
 - The specific action(s) must be directed towards the identified student group(s) and/or school(s) and must address the identified state indicator(s) for which the student group or school received the lowest performance level on the 2023 Dashboard. Each student group and/or school that receives the lowest performance level on the 2023 Dashboard must be addressed by one or more actions.
 - These required actions will be effective for the three-year LCAP cycle.

For LEAs With Unexpended LREBG Funds

- To implement the requirements of *EC* Section 52064.4, LEAs with unexpended LREBG funds must include one or more actions supported with LREBG funds within the 2025–26, 2026–27, and 2027–28 LCAPs, as applicable to the LEA. Actions funded with LREBG funds must remain in the LCAP until the LEA has expended the remainder of its LREBG funds, after which time the actions may be removed from the LCAP.
 - Prior to identifying the actions included in the LCAP the LEA is required to conduct a needs assessment pursuant to [EC Section 32526\(d\)](#). For information related to the required needs assessment please see the Program Information tab on the [LREBG](#)

[Program Information](#) web page. Additional information about the needs assessment and evidence-based resources for the LREBG may be found on the [California Statewide System of Support LREBG Resources](#) web page. The required LREBG needs assessment may be part of the LEAs regular needs assessment for the LCAP if it meets the requirements of *EC* Section 32526(d).

- School districts receiving technical assistance and COEs providing technical assistance are encouraged to use the technical assistance process to support the school district in conducting the required needs assessment, the selection of actions funded by the LREBG and/or the evaluation of implementation of the actions required as part of the LCAP annual update process.
- As a reminder, LREBG funds must be used to implement one or more of the purposes articulated in [EC Section 32526\(c\)\(2\)](#).
- LEAs with unexpended LREBG funds must include one or more actions supported by LREBG funds within the LCAP. For each action supported by LREBG funding the action description must:
 - Identify the action as an LREBG action;
 - Include an explanation of how research supports the selected action;
 - Identify the metric(s) being used to monitor the impact of the action; and
 - Identify the amount of LREBG funds being used to support the action.

Increased or Improved Services for Foster Youth, English Learners, and Low-Income Students

Purpose

A well-written Increased or Improved Services section provides educational partners with a comprehensive description, within a single dedicated section, of how an LEA plans to increase or improve services for its unduplicated students as defined in *EC* Section 42238.02 in grades TK–12 as compared to all students in grades TK–12, as applicable, and how LEA-wide or schoolwide actions identified for this purpose meet regulatory requirements. Descriptions provided should include sufficient detail yet be sufficiently succinct to promote a broader understanding of educational partners to facilitate their ability to provide input. An LEA’s description in this section must align with the actions included in the Goals and Actions section as contributing.

Please Note: For the purpose of meeting the Increased or Improved Services requirement and consistent with *EC* Section 42238.02, long-term English learners are included in the English learner student group.

Statutory Requirements

An LEA is required to demonstrate in its LCAP how it is increasing or improving services for its students who are foster youth, English learners, and/or low-income, collectively referred to as unduplicated students, as compared to the services provided to all students in proportion to the increase in funding it receives based on the number and concentration of unduplicated students in the LEA (*EC* Section 42238.07[a][1], *EC*

Section 52064[b][8][B]; 5 CCR Section 15496[a]). This proportionality percentage is also known as the “minimum proportionality percentage” or “MPP.” The manner in which an LEA demonstrates it is meeting its MPP is two-fold: (1) through the expenditure of LCFF funds or through the identification of a Planned Percentage of Improved Services as documented in the Contributing Actions Table, and (2) through the explanations provided in the Increased or Improved Services for Foster Youth, English Learners, and Low-Income Students section.

To improve services means to grow services in quality and to increase services means to grow services in quantity. Services are increased or improved by those actions in the LCAP that are identified in the Goals and Actions section as contributing to the increased or improved services requirement, whether they are provided across the entire LEA (LEA-wide action), provided to an entire school (Schoolwide action), or solely provided to one or more unduplicated student group(s) (Limited action).

Therefore, for *any* action contributing to meet the increased or improved services requirement, the LEA must include an explanation of:

- How the action is increasing or improving services for the unduplicated student group(s) (Identified Needs and Action Design), and
- How the action meets the LEA's goals for its unduplicated pupils in the state and any local priority areas (Measurement of Effectiveness).

LEA-wide and Schoolwide Actions

In addition to the above required explanations, LEAs must provide a justification for why an LEA-wide or Schoolwide action is being provided to all students and how the action is intended to improve outcomes for unduplicated student group(s) as compared to all students.

- Conclusory statements that a service will help achieve an expected outcome for the goal, without an explicit connection or further explanation as to how, are not sufficient.
- Further, simply stating that an LEA has a high enrollment percentage of a specific student group or groups does not meet the increased or improved services standard because enrolling students is not the same as serving students.

For School Districts Only

Actions provided on an **LEA-wide** basis at **school districts with an unduplicated pupil percentage of less than 55 percent** must also include a description of how the actions are the most effective use of the funds to meet the district's goals for its unduplicated pupils in the state and any local priority areas. The description must provide the basis for this determination, including any alternatives considered, supporting research, experience, or educational theory.

Actions provided on a **Schoolwide** basis for **schools with less than 40 percent enrollment of unduplicated pupils** must also include a description of how these actions are the most effective use of the funds to meet the district's goals for its unduplicated pupils in the state and any local priority areas. The description must provide the basis for this determination, including any alternatives considered, supporting research, experience, or educational theory.

Requirements and Instructions

Complete the tables as follows:

- Specify the amount of LCFF supplemental and concentration grant funds the LEA estimates it will receive in the coming year based on the number and concentration of foster youth, English learner, and low-income students. This amount includes the Additional 15 percent LCFF Concentration Grant.

Projected Additional 15 percent LCFF Concentration Grant

- Specify the amount of additional LCFF concentration grant add-on funding, as described in *EC* Section 42238.02, that the LEA estimates it will receive in the coming year.

Projected Percentage to Increase or Improve Services for the Coming School Year

- Specify the estimated percentage by which services for unduplicated pupils must be increased or improved as compared to the services provided to all students in the LCAP year as calculated pursuant to 5 *CCR* Section 15496(a)(7).

LCFF Carryover — Percentage

- Specify the LCFF Carryover — Percentage identified in the LCFF Carryover Table. If a carryover percentage is not identified in the LCFF Carryover Table, specify a percentage of zero (0.00%).

LCFF Carryover — Dollar

- Specify the LCFF Carryover — Dollar amount identified in the LCFF Carryover Table. If a carryover amount is not identified in the LCFF Carryover Table, specify an amount of zero (\$0).

Total Percentage to Increase or Improve Services for the Coming School Year

- Add the Projected Percentage to Increase or Improve Services for the Coming School Year and the Proportional LCFF Required Carryover Percentage and specify the percentage. This is the LEA's percentage by which services for unduplicated pupils must be increased or improved as compared to the services provided to all students in the LCAP year, as calculated pursuant to 5 *CCR* Section 15496(a)(7).

Required Descriptions:

LEA-wide and Schoolwide Actions

For each action being provided to an entire LEA or school, provide an explanation of (1) the unique identified need(s) of the unduplicated student group(s) for whom the action is principally directed, (2) how the action is designed to address the identified need(s) and why it is being provided on an LEA or schoolwide basis, and (3) the metric(s) used to measure the effectiveness of the action in improving outcomes for the unduplicated student group(s).

If the LEA has provided this required description in the Action Descriptions, state as such within the table.

Complete the table as follows:

Identified Need(s)

Provide an explanation of the unique identified need(s) of the LEA's unduplicated student group(s) for whom the action is principally directed.

An LEA demonstrates how an action is principally directed towards an unduplicated student group(s) when the LEA explains the need(s), condition(s), or circumstance(s) of the unduplicated student group(s) identified through a needs assessment and how the action addresses them. A meaningful needs assessment includes, at a minimum, analysis of applicable student achievement data and educational partner feedback.

How the Action(s) are Designed to Address Need(s) and Why it is Provided on an LEA-wide or Schoolwide Basis

Provide an explanation of how the action as designed will address the unique identified need(s) of the LEA’s unduplicated student group(s) for whom the action is principally directed and the rationale for why the action is being provided on an LEA-wide or schoolwide basis.

- As stated above, conclusory statements that a service will help achieve an expected outcome for the goal, without an explicit connection or further explanation as to how, are not sufficient.
- Further, simply stating that an LEA has a high enrollment percentage of a specific student group or groups does not meet the increased or improved services standard because enrolling students is not the same as serving students.

Metric(s) to Monitor Effectiveness

Identify the metric(s) being used to measure the progress and effectiveness of the action(s).

Note for COEs and Charter Schools: In the case of COEs and charter schools, schoolwide and LEA-wide are considered to be synonymous.

Limited Actions

For each action being solely provided to one or more unduplicated student group(s), provide an explanation of (1) the unique identified need(s) of the unduplicated student group(s) being served, (2) how the action is designed to address the identified need(s), and (3) how the effectiveness of the action in improving outcomes for the unduplicated student group(s) will be measured.

If the LEA has provided the required descriptions in the Action Descriptions, state as such.

Complete the table as follows:

Identified Need(s)

Provide an explanation of the unique need(s) of the unduplicated student group(s) being served identified through the LEA’s needs assessment. A meaningful needs assessment includes, at a minimum, analysis of applicable student achievement data and educational partner feedback.

How the Action(s) are Designed to Address Need(s)

Provide an explanation of how the action is designed to address the unique identified need(s) of the unduplicated student group(s) being served.

Metric(s) to Monitor Effectiveness

Identify the metric(s) being used to measure the progress and effectiveness of the action(s).

For any limited action contributing to meeting the increased or improved services requirement that is associated with a Planned Percentage of Improved Services in the Contributing Summary Table rather than an expenditure of LCFF funds, describe the methodology that was used to determine the contribution of the action towards the proportional percentage, as applicable.

- For each action with an identified Planned Percentage of Improved Services, identify the goal and action number and describe the methodology that was used.
- When identifying a Planned Percentage of Improved Services, the LEA must describe the methodology that it used to determine the contribution of the action towards the proportional percentage. The percentage of improved services for an action corresponds to the amount of LCFF funding that the LEA estimates it would expend to implement the action if it were funded.
- For example, an LEA determines that there is a need to analyze data to ensure that instructional aides and expanded learning providers know what targeted supports to provide to students who are foster youth. The LEA could implement this action by hiring additional staff to collect and analyze data and to coordinate supports for students, which, based on the LEA's current pay scale, the LEA estimates would cost \$165,000. Instead, the LEA chooses to utilize a portion of existing staff time to analyze data relating to students who are foster youth. This analysis will then be shared with site principals who will use the data to coordinate services provided by instructional assistants and expanded learning providers to target support to students. In this example, the LEA would divide the estimated cost of \$165,000 by the amount of LCFF Funding identified in the Total Planned Expenditures Table and then convert the quotient to a percentage. This percentage is the Planned Percentage of Improved Services for the action.

Additional Concentration Grant Funding

A description of the plan for how the additional concentration grant add-on funding identified above will be used to increase the number of staff providing direct services to students at schools that have a high concentration (above 55 percent) of foster youth, English learners, and low-income students, as applicable.

An LEA that receives the additional concentration grant add-on described in *EC* Section 42238.02 is required to demonstrate how it is using these funds to increase the number of staff who provide direct services to students at schools with an enrollment of unduplicated students that is greater than 55 percent as compared to the number of staff who provide direct services to students at schools with an enrollment of unduplicated students that is equal to or less than 55 percent. The staff who provide direct services to students must be certificated staff and/or classified staff employed by the LEA; classified staff includes custodial staff.

Provide the following descriptions, as applicable to the LEA:

- An LEA that does not receive a concentration grant or the concentration grant add-on must indicate that a response to this prompt is not applicable.

- Identify the goal and action numbers of the actions in the LCAP that the LEA is implementing to meet the requirement to increase the number of staff who provide direct services to students at schools with an enrollment of unduplicated students that is greater than 55 percent.
- An LEA that does not have comparison schools from which to describe how it is using the concentration grant add-on funds, such as a single-school LEA or an LEA that only has schools with an enrollment of unduplicated students that is greater than 55 percent, must describe how it is using the funds to increase the number of credentialed staff, classified staff, or both, including custodial staff, who provide direct services to students at selected schools and the criteria used to determine which schools require additional staffing support.
- In the event that an additional concentration grant add-on is not sufficient to increase staff providing direct services to students at a school with an enrollment of unduplicated students that is greater than 55 percent, the LEA must describe how it is using the funds to retain staff providing direct services to students at a school with an enrollment of unduplicated students that is greater than 55 percent.

Complete the table as follows:

- Provide the staff-to-student ratio of classified staff providing direct services to students with a concentration of unduplicated students that is 55 percent or less and the staff-to-student ratio of classified staff providing direct services to students at schools with a concentration of unduplicated students that is greater than 55 percent, as applicable to the LEA.
 - The LEA may group its schools by grade span (Elementary, Middle/Junior High, and High Schools), as applicable to the LEA.
 - The staff-to-student ratio must be based on the number of full-time equivalent (FTE) staff and the number of enrolled students as counted on the first Wednesday in October of each year.
- Provide the staff-to-student ratio of certificated staff providing direct services to students at schools with a concentration of unduplicated students that is 55 percent or less and the staff-to-student ratio of certificated staff providing direct services to students at schools with a concentration of unduplicated students that is greater than 55 percent, as applicable to the LEA.
 - The LEA may group its schools by grade span (Elementary, Middle/Junior High, and High Schools), as applicable to the LEA.
 - The staff-to-student ratio must be based on the number of FTE staff and the number of enrolled students as counted on the first Wednesday in October of each year.

Action Tables

Complete the Total Planned Expenditures Table for each action in the LCAP. The information entered into this table will automatically populate the other Action Tables. Information is only entered into the Total Planned Expenditures Table, the Annual Update Table, the Contributing Actions Annual Update Table, and the LCFF Carryover Table. The word “input” has been added to column headers to aid in identifying the column(s) where information will be entered. Information is not entered on the remaining Action tables.

The following tables are required to be included as part of the LCAP adopted by the local governing board or governing body:

- Table 1: Total Planned Expenditures Table (for the coming LCAP Year)
- Table 2: Contributing Actions Table (for the coming LCAP Year)
- Table 3: Annual Update Table (for the current LCAP Year)
- Table 4: Contributing Actions Annual Update Table (for the current LCAP Year)
- Table 5: LCFF Carryover Table (for the current LCAP Year)

Note: The coming LCAP Year is the year that is being planned for, while the current LCAP year is the current year of implementation. For example, when developing the 2024–25 LCAP, 2024–25 will be the coming LCAP Year and 2023–24 will be the current LCAP Year.

Total Planned Expenditures Table

In the Total Planned Expenditures Table, input the following information for each action in the LCAP for that applicable LCAP year:

- **LCAP Year:** Identify the applicable LCAP Year.
- **1. Projected LCFF Base Grant:** Provide the total amount estimated LCFF entitlement for the coming school year, excluding the supplemental and concentration grants and the add-ons for the Targeted Instructional Improvement Block Grant program, the former Home-to-School Transportation program, and the Small School District Transportation program, pursuant to 5 CCR Section 15496(a)(8). Note that the LCFF Base Grant for purposes of the LCAP also includes the Necessary Small Schools and Economic Recovery Target allowances for school districts, and County Operations Grant for COEs.

See EC sections 2574 (for COEs) and 42238.02 (for school districts and charter schools), as applicable, for LCFF entitlement calculations.
- **2. Projected LCFF Supplemental and/or Concentration Grants:** Provide the total amount of LCFF supplemental and concentration grants estimated on the basis of the number and concentration of unduplicated students for the coming school year.
- **3. Projected Percentage to Increase or Improve Services for the Coming School Year:** This percentage will not be entered; it is calculated based on the Projected LCFF Base Grant and the Projected LCFF Supplemental and/or Concentration Grants, pursuant to 5 CCR Section 15496(a)(8). This is the percentage by which services for unduplicated pupils must be increased or improved as compared to the services provided to all students in the coming LCAP year.
- **LCFF Carryover — Percentage:** Specify the LCFF Carryover — Percentage identified in the LCFF Carryover Table from the prior LCAP year. If a carryover percentage is not identified in the LCFF Carryover Table, specify a percentage of zero (0.00%).
- **Total Percentage to Increase or Improve Services for the Coming School Year:** This percentage will not be entered; it is calculated based on the Projected Percentage to Increase or Improve Services for the Coming School Year and the LCFF Carryover —

Percentage. ***This is the percentage by which the LEA must increase or improve services for unduplicated pupils as compared to the services provided to all students in the coming LCAP year.***

- **Goal #:** Enter the LCAP Goal number for the action.
- **Action #:** Enter the action's number as indicated in the LCAP Goal.
- **Action Title:** Provide a title of the action.
- **Student Group(s):** Indicate the student group or groups who will be the primary beneficiary of the action by entering "All," or by entering a specific student group or groups.
- **Contributing to Increased or Improved Services?:** Type "Yes" if the action **is** included as contributing to meeting the increased or improved services requirement; OR, type "No" if the action is **not** included as contributing to meeting the increased or improved services requirement.
- If "Yes" is entered into the Contributing column, then complete the following columns:
 - **Scope:** The scope of an action may be LEA-wide (i.e., districtwide, countywide, or charterwide), schoolwide, or limited. An action that is LEA-wide in scope upgrades the entire educational program of the LEA. An action that is schoolwide in scope upgrades the entire educational program of a single school. An action that is limited in its scope is an action that serves only one or more unduplicated student groups.
 - **Unduplicated Student Group(s):** Regardless of scope, contributing actions serve one or more unduplicated student groups. Indicate one or more unduplicated student groups for whom services are being increased or improved as compared to what all students receive.
 - **Location:** Identify the location where the action will be provided. If the action is provided to all schools within the LEA, the LEA must indicate "All Schools." If the action is provided to specific schools within the LEA or specific grade spans only, the LEA must enter "Specific Schools" or "Specific Grade Spans." Identify the individual school or a subset of schools or grade spans (e.g., all high schools or grades transitional kindergarten through grade five), as appropriate.
- **Time Span:** Enter "ongoing" if the action will be implemented for an indeterminate period of time. Otherwise, indicate the span of time for which the action will be implemented. For example, an LEA might enter "1 Year," or "2 Years," or "6 Months."
- **Total Personnel:** Enter the total amount of personnel expenditures utilized to implement this action.
- **Total Non-Personnel:** This amount will be automatically calculated based on information provided in the Total Personnel column and the Total Funds column.

- **LCFF Funds:** Enter the total amount of LCFF funds utilized to implement this action, if any. LCFF funds include all funds that make up an LEA's total LCFF target (i.e., base grant, grade span adjustment, supplemental grant, concentration grant, Targeted Instructional Improvement Block Grant, and Home-To-School Transportation).
 - **Note:** For an action to contribute towards meeting the increased or improved services requirement, it must include some measure of LCFF funding. The action may also include funding from other sources, however the extent to which an action contributes to meeting the increased or improved services requirement is based on the LCFF funding being used to implement the action.
- **Other State Funds:** Enter the total amount of Other State Funds utilized to implement this action, if any.
 - **Note:** Equity Multiplier funds must be included in the "Other State Funds" category, not in the "LCFF Funds" category. As a reminder, Equity Multiplier funds must be used to supplement, not supplant, funding provided to Equity Multiplier schoolsites for purposes of the LCFF, the ELO-P, the LCRS, and/or the CCSPP. This means that Equity Multiplier funds must not be used to replace funding that an Equity Multiplier schoolsite would otherwise receive to implement LEA-wide actions identified in the LEA's LCAP or that an Equity Multiplier schoolsite would otherwise receive to implement provisions of the ELO-P, the LCRS, and/or the CCSPP.
- **Local Funds:** Enter the total amount of Local Funds utilized to implement this action, if any.
- **Federal Funds:** Enter the total amount of Federal Funds utilized to implement this action, if any.
- **Total Funds:** This amount is automatically calculated based on amounts entered in the previous four columns.
- **Planned Percentage of Improved Services:** For any action identified as contributing, being provided on a Limited basis to unduplicated students, and that does not have funding associated with the action, enter the planned quality improvement anticipated for the action as a percentage rounded to the nearest hundredth (0.00%). A limited action is an action that only serves foster youth, English learners, and/or low-income students.
 - As noted in the instructions for the Increased or Improved Services section, when identifying a Planned Percentage of Improved Services, the LEA must describe the methodology that it used to determine the contribution of the action towards the proportional percentage. The percentage of improved services for an action corresponds to the amount of LCFF funding that the LEA estimates it would expend to implement the action if it were funded.

For example, an LEA determines that there is a need to analyze data to ensure that instructional aides and expanded learning providers know what targeted supports to provide to students who are foster youth. The LEA could implement this action by hiring additional staff to collect and analyze data and to coordinate supports for students, which, based on the LEA's current pay scale, the LEA estimates would cost \$165,000. Instead, the LEA chooses to utilize a portion of existing staff time to analyze data relating to students who are foster youth. This analysis will then be shared with site principals who will use the data to coordinate services provided by instructional assistants and expanded learning providers to target support to students. In this example, the LEA would divide the estimated cost of \$165,000 by the amount of LCFF Funding identified in the Data Entry Table and then convert the quotient to a percentage. This percentage is the Planned Percentage of Improved Services for the action.

Contributing Actions Table

As noted above, information will not be entered in the Contributing Actions Table; however, the ‘Contributing to Increased or Improved Services?’ column will need to be checked to ensure that only actions with a “Yes” are displaying. If actions with a “No” are displayed or if actions that are contributing are not displaying in the column, use the drop-down menu in the column header to filter only the “Yes” responses.

Annual Update Table

In the Annual Update Table, provide the following information for each action in the LCAP for the relevant LCAP year:

- **Estimated Actual Expenditures:** Enter the total estimated actual expenditures to implement this action, if any.

Contributing Actions Annual Update Table

In the Contributing Actions Annual Update Table, check the ‘Contributing to Increased or Improved Services?’ column to ensure that only actions with a “Yes” are displaying. If actions with a “No” are displayed or if actions that are contributing are not displaying in the column, use the drop-down menu in the column header to filter only the “Yes” responses. Provide the following information for each contributing action in the LCAP for the relevant LCAP year:

- **6. Estimated Actual LCFF Supplemental and/or Concentration Grants:** Provide the total amount of LCFF supplemental and concentration grants estimated based on the number and concentration of unduplicated students in the current school year.
- **Estimated Actual Expenditures for Contributing Actions:** Enter the total estimated actual expenditure of LCFF funds used to implement this action, if any.
- **Estimated Actual Percentage of Improved Services:** For any action identified as contributing, being provided on a Limited basis only to unduplicated students, and that does not have funding associated with the action, enter the total estimated actual quality improvement anticipated for the action as a percentage rounded to the nearest hundredth (0.00%).
 - Building on the example provided above for calculating the Planned Percentage of Improved Services, the LEA in the example implements the action. As part of the annual update process, the LEA reviews implementation and student outcome data and determines that the action was implemented with fidelity and that outcomes for foster youth students improved. The LEA reviews the original estimated cost for the action and determines that had it hired additional staff to collect and analyze data and to coordinate supports for students that estimated actual cost would have been \$169,500 due to a cost of living adjustment. The LEA would divide the estimated actual cost of \$169,500 by the amount of LCFF Funding identified in the Data Entry Table and then convert the quotient to a percentage. This percentage is the Estimated Actual Percentage of Improved Services for the action.

LCFF Carryover Table

- **9. Estimated Actual LCFF Base Grant:** Provide the total amount of estimated LCFF Target Entitlement for the current school year, excluding the supplemental and concentration grants and the add-ons for the Targeted Instructional Improvement Block Grant program,

the former Home-to-School Transportation program, and the Small School District Transportation program, pursuant to 5 CCR Section 15496(a)(8). Note that the LCFF Base Grant for purposes of the LCAP also includes the Necessary Small Schools and Economic Recovery Target allowances for school districts, and County Operations Grant for COEs. See EC sections 2574 (for COEs) and 42238.02 (for school districts and charter schools), as applicable, for LCFF entitlement calculations.

- **10. Total Percentage to Increase or Improve Services for the Current School Year:** This percentage will not be entered. The percentage is calculated based on the amounts of the Estimated Actual LCFF Base Grant (9) and the Estimated Actual LCFF Supplemental and/or Concentration Grants (6), pursuant to 5 CCR Section 15496(a)(8), plus the LCFF Carryover – Percentage from the prior year. This is the percentage by which services for unduplicated pupils must be increased or improved as compared to the services provided to all students in the current LCAP year.

Calculations in the Action Tables

To reduce the duplication of effort of LEAs, the Action Tables include functionality such as pre-population of fields and cells based on the information provided in the Data Entry Table, the Annual Update Summary Table, and the Contributing Actions Table. For transparency, the functionality and calculations used are provided below.

Contributing Actions Table

- **4. Total Planned Contributing Expenditures (LCFF Funds)**
 - This amount is the total of the Planned Expenditures for Contributing Actions (LCFF Funds) column.
- **5. Total Planned Percentage of Improved Services**
 - This percentage is the total of the Planned Percentage of Improved Services column.
- **Planned Percentage to Increase or Improve Services for the coming school year (4 divided by 1, plus 5)**
 - This percentage is calculated by dividing the Total Planned Contributing Expenditures (4) by the Projected LCFF Base Grant (1), converting the quotient to a percentage, and adding it to the Total Planned Percentage of Improved Services (5).

Contributing Actions Annual Update Table

Pursuant to EC Section 42238.07(c)(2), if the Total Planned Contributing Expenditures (4) is less than the Estimated Actual LCFF Supplemental and Concentration Grants (6), the LEA is required to calculate the difference between the Total Planned Percentage of Improved Services (5) and the Total Estimated Actual Percentage of Improved Services (7). If the Total Planned Contributing Expenditures (4) is equal to or greater than the Estimated Actual LCFF Supplemental and Concentration Grants (6), the Difference Between Planned and Estimated Actual Percentage of Improved Services will display “Not Required.”

- **6. Estimated Actual LCFF Supplemental and Concentration Grants**

- This is the total amount of LCFF supplemental and concentration grants the LEA estimates it will actually receive based on the number and concentration of unduplicated students in the current school year.
- **4. Total Planned Contributing Expenditures (LCFF Funds)**
 - This amount is the total of the Last Year's Planned Expenditures for Contributing Actions (LCFF Funds).
- **7. Total Estimated Actual Expenditures for Contributing Actions**
 - This amount is the total of the Estimated Actual Expenditures for Contributing Actions (LCFF Funds).
- **Difference Between Planned and Estimated Actual Expenditures for Contributing Actions (Subtract 7 from 4)**
 - This amount is the Total Estimated Actual Expenditures for Contributing Actions (7) subtracted from the Total Planned Contributing Expenditures (4).
- **5. Total Planned Percentage of Improved Services (%)**
 - This amount is the total of the Planned Percentage of Improved Services column.
- **8. Total Estimated Actual Percentage of Improved Services (%)**
 - This amount is the total of the Estimated Actual Percentage of Improved Services column.
- **Difference Between Planned and Estimated Actual Percentage of Improved Services (Subtract 5 from 8)**
 - This amount is the Total Planned Percentage of Improved Services (5) subtracted from the Total Estimated Actual Percentage of Improved Services (8).

LCFF Carryover Table

- **10. Total Percentage to Increase or Improve Services for the Current School Year (6 divided by 9 plus Carryover %)**
 - This percentage is the Estimated Actual LCFF Supplemental and/or Concentration Grants (6) divided by the Estimated Actual LCFF Base Grant (9) plus the LCFF Carryover – Percentage from the prior year.
- **11. Estimated Actual Percentage of Increased or Improved Services (7 divided by 9, plus 8)**
 - This percentage is the Total Estimated Actual Expenditures for Contributing Actions (7) divided by the LCFF Funding (9), then converting the quotient to a percentage and adding the Total Estimated Actual Percentage of Improved Services (8).
- **12. LCFF Carryover — Dollar Amount LCFF Carryover (Subtract 11 from 10 and multiply by 9)**

- If the Estimated Actual Percentage of Increased or Improved Services (11) is less than the Estimated Actual Percentage to Increase or Improve Services (10), the LEA is required to carry over LCFF funds.

The amount of LCFF funds is calculated by subtracting the Estimated Actual Percentage to Increase or Improve Services (11) from the Estimated Actual Percentage of Increased or Improved Services (10) and then multiplying by the Estimated Actual LCFF Base Grant (9). This amount is the amount of LCFF funds that is required to be carried over to the coming year.

- **13. LCFF Carryover — Percentage (12 divided by 9)**

- This percentage is the unmet portion of the Percentage to Increase or Improve Services that the LEA must carry over into the coming LCAP year. The percentage is calculated by dividing the LCFF Carryover (12) by the LCFF Funding (9).

California Department of Education
November 2024
