What are the benefits Students can gain from the Covid-19 vaccine?

No need to quarantine!
If you are exposed to Covid, you won’t have to spend time away from sports, extracurriculars, and school unless you have symptoms.

Get Some Fresh Air
Vaccinated friends can be together outside without masks or social distancing.

Be a Hero
Protect your parents, grandparents, and siblings.

Sports & Clubs
Easily participate in sports and clubs with fewer restrictions.

Hug Your Family & Friends
You can be with family and friends without having to worry about making them sick.

Return to Normal
Getting the vaccine is a BIG step toward returning to many of our pre-Covid freedoms.

“I got vaccinated because it is a safe way to protect myself, family, and community while also keeping schools and businesses open and on the road to full recovery,” said Dr. Chris Hartley, Humboldt County Superintendent of Schools.
