

Your responses are safe with us.

Your responses to the 2020 Census are safe, secure, and protected by federal law. Your answers can only be used to produce statistics. These statistics are used to determine each state's representation in Congress and to inform the allocation of more than \$675 billion in federal funding annually. Local leaders may use these statistics to make decisions about programs and services for their community.

No matter how you respond—online, by phone, or by mail—your responses are important and confidential. **Your responses cannot be used against you in any way.**

We are committed to confidentiality.

All Census Bureau staff take a lifetime oath to protect your personal information, and any violation comes with a penalty of up to \$250,000 and/or up to 5 years in prison.

Through the Census Bureau's strong precautions, cybersecurity programs, and data encryption, your online responses are safe from hacking and other cyberthreats.

By law, your responses and personal information cannot be shared with law enforcement agencies — not the FBI, ICE, or even local police.
