

# What digital inequities have you noticed being interrupted at your school site?

<b>Interruptions:</b> Please discuss and document your thoughts in the table below.
Examples of Digital Interruptions
My daughter spilled water on my laptop
ECS is working to provide chromebooks to every student
Able to provide Chromebooks, routers for all families, and grants procured to help families to pay for internet
Teachers driving to homes to help students log on or learn a platform
Able to be 1:1 with chromebooks
Students are offered loaner computers
Students are sharing devices with siblings
Glen Paul has provided devices for families, internet connectivity has been a challenge. A birds eyes view into student's homes. This has provided a new perspective. Awareness of appropriateness. Recognizing how different homes are. Acknowledging what. Some companies have stepped up
Our district has provided hot spots
Arts integration lesson on Zoom
Hotspots are rolling out
Satellite Internet pilot
Home devices don't work well often and a variety of devices makes it difficult on teachers
Materials also provided in printed form, mutual communication with families and what they need
Working on hotspots or other service but not able to
The inconsistencies of wifi are huge
