Elementary Educators: Communicating with Families of English Learners During Distance Learning (June 3, 2020, at 4 p.m.)

This webinar is presented by the California Teachers Association (CTA), with the Region 15 Comprehensive Center Network and the CDE. Maintaining regular communication with families of elementary students is critical in this time of distance learning.

Elementary students need family support to be successful with home-based learning and many families need guidance on how to best support their children at home. In this webinar, participants will learn how educators can communicate regularly with families of young English learners to increase student success.

The following topics will be addressed in this session:

- The need for home-school connections during distance learning
- Challenges for home-school communication and learning support
- Ideas and resources that aid in communicating with families and caregivers of English learners
- Recommendations and activities for families and caregivers of young English learners

LOCAL:**June 2, 2020 - One New Case Confirmed Today; Fourth Death**

The individual who died was an elderly resident of Alder Bay Assisted Living and was diagnosed with COVID-19 early in the facility's outbreak. Another round of testing was completed today at the facility, and there are no new positive cases in staff or residents. Ten days have passed since the last new positive case at Alder Bay. [Read more](#)

The following information is based on the most recent data available for all confirmed cases:

- Contact to a Known Case: 59 (no chg)
- Travel-Acquired: 24 (no chg)
- Community Transmission: 17 (no chg)
- Under Investigation: 3 (+1)

Daily COVID-19 case report for June 2

- Total number of positive cases: 103 (+1)
- Total number of recovered cases: 82 (+6)
- Total number of hospitalizations: 13 (no chg)
- Total number of deaths: 4 (+1)

Number of tests run since last report

- **Public Health Laboratory: 124**
- **OptumServe public testing site: 115**

Total tests run to date

- **Public Health Laboratory: 3,163**
- **OptumServe public testing site: 2,608**

Public Health Laboratory testing Information

- **Supply capacity: Approximately 1,900 tests**
- **Testing capacity: 65 samples per day**
- **Turnaround time: 48 to 72 hours**

** In an effort to become more precise with data reporting, some changes have to be made to daily lab result numbers. Over time, information from commercial laboratories and other sources has become increasingly unreliable as more testing devices and methodologies have come online. Going forward, the Joint Information Center will report only data from the Humboldt County Public Health Laboratory and the OptumServe public test

site in Eureka. This represents the vast majority of tests conducted in Humboldt County at this time.
