New Statewide & County Closures

Effective immediately, California closes some indoor business operations statewide and additional indoor operations in counties on Monitoring List for 3 consecutive days.

Statewide indoor closures include restaurants, bars and breweries, wineries & tasting rooms, movie theaters, family entertainment centers, zoos and museums, and cardrooms. County indoor closures include fitness centers, places of worship, indoor protests, offices for non-critical infrastructure sectors, personal care services, hair salons and barbershops, and malls. County closures apply to counties that have been on the County Monitoring List for 3 consecutive days. [Learn more.](#)

July 14, 2020 – Two New Cases Reported Today

Humboldt County's COVID-19 case count rose to 167 after two additional cases were reported today.

Thirty-four county residents have tested positive since July 1. Humboldt County Health Officer Dr. Teresa Frankovich attributed these recent cases, in part, to family and community gatherings.

“While it may be tempting to think we can make exceptions and attend a celebration or get together with friends, the best way to protect each other is to avoid gathering with those who live outside of our household and to use safety precautions when we’re at work or out and about in general,” Dr. Frankovich said. “Adhering to these safety measures will give our community its best chance to navigate this pandemic as successfully as possible.”

The following information is based on the most recent data available for all confirmed cases:

[Humboldt County Dashboard for today](#)
