Week of the Young Child

April 11-17

Shelter in Place Version

A community celebration of young children and those who care for them

Artsy Thursday

is for full open-ended art and expression! Allow children to get messy and create something beautiful. Draw with chalk on the sidewalk, paint with water on a fence, add a few drops of food coloring to shaving cream and let them draw with their fingers.

Scavenger Hunt Idea

Walk through your neighborhood and look for shapes (diamonds, triangles, circles, squares, things with stripes, polkadots).
