## TIPS FOR TALKING WITH REPRESENTATIVES

### A few good questions to ask:

#### College Reps

- What is the school known for?
- Ask about class size & student to teacher ratio.
- How many classes have 500+ students?
- What percentage graduate in four years?
- Is the SAT/ACT required for admittance to your school?
- What is the average GPA and SAT/ACT test scores?
- Ask how much the total cost of college is for one year.
- What type of scholarships are offered and what are the requirements to attain them?
- Ask about dorm rooms if you plan to stay on campus
- How safe is the campus and its surrounding neighborhoods?
- Do they offer academic support, i.e. EOP, tutoring, services for foster youth, etc.?
- Ask about athletics, if interested.
- Ask about activities on campus during weekends.
- What are their deadlines?
- Do they require a deposit with "intent to attend"?
- Is the school "impacted"? If so, which majors? ("Impacted" means when more applications are received in the initial filing period from eligible applicants than can be accommodated.)
- What different kinds of job opportunities are available to graduates
- Does the program assist students with finding jobs after graduation?

#### Business/Career Reps

- What kind of special training is required for this field?
- In general, how long does it take to get a certificate or other qualification?
- What kind of job opportunities are they offering?
- What are the minimum requirements for a starting position at the business?
- What opportunities are there for upward mobility?

**You may have only a few minutes to speak with each rep. Make it count!**
